# RAILROAD SHARE LIST, including Mileage, Rolling Stock, Debts, Income, Dividends, &c., &c.

A figure occurring in the column-headed "Rolling Stock" signifies that the cost thereof is included, in that headed "Railroad." A *dash* (—) across the column signifies "nil," and running *dots* (.....) signify "not ascertained." Land Grant Railroads are printed in "*Italics*." State-aid Railroads are distinguished by a "§."

# RAILROAD SHARE LIST, including Mileage, Rolling Stock, Debts, Income, Dividends, &c., &c.

An asterisk (*) occurring in the column headed "Rolling Stock" signifies that the cost thereof is included, in that headed "Railroad." A dash (—) across the column signifies "nil," and running *dots* (.....) signify "not ascertained."
Land Grant Railroads are printed in "*Italics*." State-aid Railroads are distinguished by a "†."

## American Railroad Journal

**Saturday, February 3, 1877.**

### Financial and Commercial Affairs.

Increasing ease has been the characteristic of the money market throughout the week. Legal tender and national bank notes have been accumulating at this point, through the liberal receipts from the interior; and the City banks have found it more difficult to place their surplus currency reserves advantageously in the loan or discount forms of investment at even the declining rates. Call loans were quoted at the close down to 3@5; very choice to prime mercantile credits at 6½@6 per cent per annum. On the basis of these figures the inquiry for accommodation from all sources was comparatively tame, notably so for legitimate business purposes. The restricted movements in produce and merchandise checked the demand from the commercial class of borrowers. Foreign advices were of a favorable tenor as to the financial position abroad, reflecting, in good part, the calmer political feeling. The City bank averages, last week, were handsomely augmented in the line of deposits and legal tender reserve, though the specie item was reduced moderately. The loan and discount average was enlarged, and the item of circulation also increased slightly. The City bank deposits show a gain of $3,282,800, and the legal tender reserve a gain of $2,122,400. The specie average was diminished $787,900. The loan and discount item was expanded $744,200. The circulation was contracted $4,000.

The City banks reported their average of gold last week at $40,187,000, as against $22,481,700 same date last year; and their greenback average at $12,251,200, as against $48,180,900 on Jan. 29

1876. There deposits stood at $230,625,300, against $220,023,900 same time in 1876. The loan item was $253,156,100 against $262,207,000 a year ago.

The City bank net reserve of specie and legal tender notes now shows an excess over the legal requirement of reserve to liabilities of $24,781,800, as against $24,268,000, the preceding week. The City bank exchanges in currency reached $421,314,349 or a daily average of $70,219,058.

The income of the Government from internal revenues last week was about two millions; and from Customs, about 2¾ millions.

The aggregate of the outstanding U. S. currency of all denominations, January 31st, was $390,887,308. The outstanding amount of legal tender notes is $365,050,235. The National bank circulation is now $322,138,390, including $2,087,390 of national gold bank notes.

On Monday of this week the cash balances of the Treasury Department at Washington were: of Currency $8,626,476; special deposit of legal tenders for the redemption of certificates of deposit, $34,290,000; Coin, $87,728,757; Coin certificates, $53,508,400.

The U. S. Sub-Treasury in this city closed the week with a currency balance of $42,866,092, against $41,004,588 the preceding week; and a coin board of $68,876,474 against $67,488,157 on the previous return. The Customs revenue of the port during the week was $1,845,000

National Bank notes received at the Treasury Department last week for redemption were to the amount of $5,471,000.

Favorable political and financial advices from Europe, and the much more hopeful feeling as to the political situation at home, with the increased export movement in domestic produce for the week, contributed to the depression of the Gold speculation, and the dealings of the week which were comparatively moderate in amount brought the premium down to the lowest figures made, in this connection, in fifteen years. The extremes of the price during the week have been 106¼@105⅛, closing on Wednesday at 105¼, as against 106 on Wednesday of the preceding week. The specie outflow last week was $971,491 against $1,966,090, the same week in the preceding year. The imports of specie at this port last week were $384,907, and since January 1st $1,246,720 as against $393,699 same time last year. The Customs demand for gold last week averaged $307,500 per day. Foreign Exchange has been in fair demand and quoted firm, on restricted offerings of prime bills most of the week. Bankers' sixty day bills on London closed on Wednesday at $4 83½@$4 84; sight bills on London at $4 85@$4 85½ to the £ sterling. The week's exports of Domestic Produce have been to the currency value of $5,535,160. The week's imports of Dry Goods and general merchandise were to the specie value of $5,641,431 as against $5,406,869 the corresponding week of 1876.

The week's import entries of Foreign Merchandise at New York included $1,725,168 of Dry Goods and $3,916,268 of General Merchandise.

Government Securities have been quite active, the demand for investment purposes having been on a liberal scale at the ruling prices, which fluctuated with Gold, closing firmly on Wednesday as follows:

United States currency sixes, 123@123½; do. 6s, 1881, registered, 112¾@112⅞; do. coupon, 113⅜@113½; do. 1865, registered, 108@108¼; do. coupon, 108@108¼; do. new, registered, 110@110⅛; do. coupon, 109⅞@110⅛; do. 1867 registered, 112⅞@113⅛; do. coupon, 112⅞@113; do. 1868, registered, 116@116½; do. coupon, 116@116⅛; do ten forties, registered, 113⅜@113¾; do. coupon, 113¾@114¼; do. five twenties, 1881, registered, 110⅛@110⅛; do. coupon 111⅛@111¾; do. four and one-halfs, 1891, registered, 106⅞@107⅛.

The amount of U. S. bonds held by the Treasurer of the United States, as security for the National Bank circulation, is $339,032,200.

State and Railway bonds have been moderately active, and the more substantial loans have been comparatively well supported as to prices. And in the line of Railway and Miscellaneous share property the week's business has been on a liberal scale, but at depressed and very variable prices under speculative manipulations, coal mining and carrying stocks suffering most notably, closing heavily on the general list.

General business has suffered from the adverse influences of domestic speculation, which worked decidedly against activity in the line of legitimate trade movements. Most kinds of domestic produce—notably Breadstuffs, Provisions, Naval Stores and Petroleum—were depressed and irregular at the close, with a comparatively limited home trade and export inquiry noted. Cotton was somewhat stronger in price, and the later dealings indicated more animation, largely on speculative account. Dry Goods, Boots and Shoes and Hardware attracted more attention. Foreign merchandise was quite moderately dealt in, as a rule. Rio Coffee declined materially. Sugars, raw and refined, were quoted firmer, on more liberal transactions. Metals were in more active request, especially Pig and Forge Iron, and Ingot Copper. Eglinton Pig Iron quoted here at $25 50@$26; Glengarnock $26 50@$27; Coltness $28 50; No. 1 American Pig at $20; No. 2 do. at $18@$19; Forge $18; American Rails at works $36@$40; Old Rails nominal. Wrought Scrap $26@$26 50. Ingot Copper was quoted at 19½@20 here, and to arrive, on extensive sales, reported as mainly for export. Ocean freights have been quiet and depressed throughout. The main inquiry having been from shippers of Grain, Provisions, Cotton, Seeds, Tobacco, Oil Cake and Petroleum. The rates ruling at the close were about the lowest quoted in this market in a long time. Liverpool steamer rates were for Grain 4¾d. per bushel. Provisions, Seeds, and Tallow, 35s.; Oil Cake 17s. 6d.; Leather, 60s. per ton; Cotton, compressed, ½d. per lb.; Apples, 4s. per bbl. Grain rates on charter hence for Cork and orders 5s. 3d.@5s. 6d. per quarter. Refined Petroleum for Cork and orders, 4s.@4s. 6d. per bbl.

The following quotations of sales of Railway and other securities are in addition to those given elsewhere in our columns:—

*New York.*—Cleveland and Toledo 7s, new, 106½; Quincy and Toledo 1st mort., 80; Wabash R. R. ### James River and Kanawha Canal.

A correspondent, writing from Richmond under date January 27, 1877, says the extension of the James River and Kanawha canal is engaging much of the time of the present session of the General Assembly. Last winter the Legislature decided in favor of a rail connection from Buchanan (the present terminus of the canal) to Clifton Forge, on the Chesapeake and Ohio railroad. Now there is a proposition from three of the most prominent and successful contractors in the State, (Messrs. C. R. Mason, Dennis Shanahan and W. C. N. Randolph,) to lease the canal and extend it either by water or rail, as the Legislature may determine. The canal company is committed fully to the rail extension, and will oppose the leasing under any circumstances. A large number of legislators, however, are inclined to hear the proposition with favor, as it is suspected that the canal in new hands may prove a greater success than it has in recent years.

### Valley Railroad.

At a meeting of the directors of the Valley (Va.) Railroad Co., held in Baltimore on the 24th ult., it was determined that the arrangement already made with the Baltimore and Ohio Railroad Company should be continued for the present. Under this agreement the Baltimore and Ohio Company will furnish the rolling stock and attend to the regular running of trains, under the supervision of the Valley Railroad Company. The service will be performed at rates only sufficient to repay the expenses. The track and all other departments of the road will be kept up by the Valley Railroad Company. It was considered inexpedient at the present time to fix upon any permanent arrangements, and the board adjourned until the first Wednesday in March next.

### Philadelphia and Erie Railroad.

The Philadelphia and Erie Railroad Company make the following exhibit of business for the month of December, 1876:

| | |
|---|---|
| Gross earnings | $298,292 47 |
| Gross expenses | 150,663 64 |
| Net earnings | $147,728 83 |
| Net earnings year 1876 | $1,164,533 25 |
| Net earnings year 1875 | 1,137,413 56 |
| Increase | $27,119 69 |
| Receipts from other sources | 18,360 39 |
| Total increase | $45,480 08 |

☞ The debt of the State of Georgia, as presented in the recent Message of the Governor, is $10,671,500, including $2,224,000 indorsements on the bonds of certain railroads. The sum of $100,000 principal is to be paid this year, and the interest accruing is $748,005. These amounts, added to the usual current expenses, exceed the estimated receipts $325,256, which is to be provided for by the present Legislature.

☞ The officers of the North Columbus (Ohio) Street Railway are H. M. Neil, President; Gen. Thomas, Vice President; A. H. Fritchy, Secretary; G. A. Frambes, Treasurer, and Mr. Stone, Superintendent.

Office of FISK & HATCH, 5 Nassau St.,
NEW YORK, JAN. 16TH, 1877.

The demand for Government Bonds for investment is now more general and widespread, among all classes, than at any previous period for a long time. To meet the numerous inquiries from intending investors for information on the subject, we have published, for gratuituous distribution, a new and revised edition of our "Memoranda Concerning Government Bonds," copies of which may be had upon application.

☞ Holders of the Five-Twenties recently called in, maturing April 10th, who desire to re-invest the proceeds, can receive their full value in cash, or in exchange for other Government Bonds, at our office.

### The Coal Trade.

The total tonnage for the week ending on the 20th instant, as reported by the several carrying companies, amounted to 268,483 tons, against 262,124 tons in corresponding week last year, an increase of 6339 tons. The total amount of anthracite mined for the coal year is 1,304,984 tons, against 1,311,021 for same period last year, a decrease of 6037 tons. The quantity of bituminous coal sent to market for the week was 40,501 tons, against 50,163 tons for corresponding week last year, an increase of 9662 tons. The whole bituminous tonnage from the beginning of the coal year is 142,947 tons, against 168,820 tons in corresponding time last year, a decrease of 25,448 tons. The total tonnage of all kinds of coal for the week is 308 964 tons, against 312,287 to corresponding date last year, a decrease of 3323 tons, and the total tonnage for the coal year is 1,447,931 tons, against 1,479,411 tons to same date last year, a decrease of 31,480 tons. The receipts at Perth Amboy for the week ending on the 20th instant were 25,825 tons, the shipments 11,708 tons, leaving a stock on hand of 125,462 tons. The quantity of coal and coke carried over the Pennsylvania Railroad for the last week was 34,474 tons, of which 26,414 tons were coal, and 8060 tons coke. The total carried this year is 4,784,842 tons, of which 3,880,862 were coal, and 856,421 coke. This total embraces all the coal carried over the road east and west.—Phila. Ledger, Jan. 29.

☞ The Port Dover and Lake Huron Railway, from Port Dover to Stratford, a distance of 63 miles are now opened; engine houses and other buildings erected at both those places and at Woodstock; and three locomotives, four passenger and twenty-eight other cars in use. The freight moved in 1876 amounted to 20,311 tons, and the total earnings were $38,759 50.

☞ The Dominion Telegraph Co. have finished another section of their line in Nova Scotia which completes the system from Torbay and Cape Canso to Halifax. Connection will be made with Ontario and Quebec this year.

### Railroads of Illinois.

The annual report of the Board of Railroad and Warehouse Commissioners, of Illinois, which is now in process of preparation, shows that the total length of the main line of all the railroads in the State, and those which pass through or come into the State, is 10,526 miles, of which 365 miles are double track. The total length of main lines in the State is 5005 miles; length of the branches of all these roads, 4883 miles; length of branches in Illinois, 2280 miles; total length of main lines and branches of roads in the State, and those which come into the State, 15,414 miles; total length of main lines and branches in the State, 8276 miles, which is an increase of 168 miles since the last annual report. There are fifty-two companies in the State, many of which are the result of numerous consolidations and combinations.

☞ The Bay Ridge Railroad on Long Island is rapidly nearing completion and will be in running order in a short time. It is expected that the old route, surveyed through Flatlands Neck for the Manhattan Beach Railroad Company, will be abandoned, and that their road between Greenpoint and East New York will be consolidated with the Bay Ridge Railroad. The directors have in contemplation the laying of a Coney Island track parallel with and a short distance west of Ocean avenue. The advisability of making some arrangement by which the same road used by the Brooklyn, Flatbush and Coney Island Railroad can be used is also under discussion. If this is done a double track will be laid from the junction to the terminus at Coney Island.

☞ The Baltimore City directors in the Baltimore and Ohio Railroad Company are: John F. Wiley, Robert T. Banks, B. F. Ulman, Wm. A. Boyd, Thos. O. Sellers, Wm. H. Strauss and Joseph B. Stafford.

# THE AMERICAN ELECTRIZER.

A COMPACT, CHEAP AND POWERFUL

## ELECTRIC BATTERY.

**Price Only $6.**

We, the undersigned, have examined the American Electrizer, recently introduced in the City of New York. It is, in our judgment, the most compact, convenient, and the cheapest Medical Battery ever offered, and quite as powerful as many of the more expensive Batteries. It is so simple and practical that any one can operate it, and so cheap that almost any one can afford to buy it; therefore, it meets a popular want. It will be found of great value by Physicians generally, and ought to be in every family.

HENRY C. HOUGHTON, M. D.
HENRY D. PAINE, M. D.

A LIBERAL DISCOUNT TO THE TRADE.

## VETTER & OEHMEN, 369 Bowery, bet. 4th & 5th Sts., N. Y.

## ENVELOPES.

The subscribers beg leave to inform Railroad Companies, Manufacturers, Banks, Bankers, Insurance Companies, and all others who use Envelopes that they are largely in the Envelope Manufacturing business, having Machinery for producing 1,000,000 Envelopes per day. Their Folding Machines are the best in use, gumming the seal flap and folding the Envelope at the same time, giving a fine even gumming. Their assortment embraces every style, from the cheapest to the best, including Manilla Envelopes for Railroads—at very low prices. The small Envelopes for City Railroads—printed with different denominations—such as 10, 25, 50 and 100 cents—supplied by the large quantity very cheap. Samples sent when requested.

### Illinois Central Railroad.

The report of the Directors of the Illinois Central Railroad Company for the year 1876, just issued, sets forth that the working of the property has been affected by restrictive legislation, the failure of the wheat harvest in Iowa, the serious injury to the corn crops of Illinois by the copious rains of July, and the competition of the trunk lines in extending the contest for Western business to points upon and west of the road. The gross receipts of the Iowa leased lines for the year 1876 were $1,619,277 82; operating expenses and taxes, $1,115,206 90; rentals, $625,987 56; extraordinary expenditures, $155,225 40—total, $1,896,419 95, showing a deficiency of $277,142 63. After alluding to the loss of the control of the grain trade by Chicago, the report states that the result of the operation of the Illinois line down to June 30, last, was as follows: Gross earnings, $2,680,166 77; operation expenses and tax, $1,607,808 69; showing a net of $1,072,858 08, which was $47,865 70 above that of the corresponding period of 1875. The report then continues:

"In June last, when the dividend of Aug. 1 was declared, the Directors did not anticipate the full effect of the loss of traffic in the Autumn months. Soon after the payment of the August dividend, these causes affecting our revenue developed themselves, and the absolute loss in gross earnings in Illinois during the last six months of 1876 was $501,566 59, which brought the net result for the year on the whole line down to $2,144,766 31; being $526,805 61 less than the net result for the year 1875. In the general accounts of the company, the two dividends of February and August, 1875, are charged in the year's accounts, while, in fact, the August dividend and that of February, 1877, correspond to the net result for the year 1876. This net result justified the 2 per cent. dividend declared by the board payable on Feb. 1, 1877, on the basis of the following figures:

| | |
|---|---|
| Interest on funded debt..... | $616,792 01 |
| Dividend of Aug. 1, 1876..... | 1,160,000 00 |
| Dividend of Feb. 1, 1877..... | 580,000 00 |
| | $2,356,792 01 |
| Balance to credit of income account from 1875..... | $109,023 56 |
| Net result from operations in 1876. | 2,144,776 31 |
| Receipts from Land Department... | 143,837 69 |
| | $2,397,637 56 |

The cash balance covered the dividend declared. The indebtedness of the company is confined to its funded debt of $10,662,000, upon which the interest was last year, with premium on gold, $616,792 01, being less than one-third of the net revenue."

### Keokuk and Des Moines Railroad.

The litigation in the case of the narrow gauge railroad from Summit Station, on the Keokuk and Des Moines Railroad, to Keosauqua, has come to a close by an order of the Court for the sale of the road as realty, to pay its debts, as upon executions issued upon judgments. It is to be sold as an entirety, and cannot be taken up or carried off. The purchaser must take it as it is, leave it where it is, operate it, or let it remain and rot. It is probable it will fall into the possession of parties who will operate it successfully.

☞ The Chippewa Falls and Western Railroad, extending from Chippewa Falls to Eau Claire, a distance of 12 miles, conveyed 40,640 passengers and transported 14,091,472 pounds of freight during 1876. Trains were run 19,344 miles. The total shipments to Chippewa Falls were 10,750,970 pounds, and from that place 8,340,502 pounds. The stockholders now have in contemplation the extension of the track northeastward into Taylor county.

### Washington Life Insurance Company.

The public have suffered so much by the frauds practiced through doctored annual statements gotten up by those whose interest it is to make a good showing, that such statements are now justly considered with many degrees of allowance. Nearly or quite all of the companies that have failed made a good annual showing, but subsequent bankruptcy told the truth of the unreliability of those statements. Life Insurance without security is a fraud. Its contracts continue for life; the premiums are payable during life, but the contracts are not to be fulfilled until after death; and unless companies show themselves possessed of undoubted assets, sufficient to meet their contracts, they are not worthy of public confidence. It is high time policy holders investigated this matter, and demanded disinterested experts' evidence of the solidity of the companies. We lay before our readers in this issue the annual statements, as made up by the experts of the Insurance Department of this State, of the Washington Life Insurance Company of this City showing it possessed of $5,173,278 83 available assets, and gross liabilities, including re-insurance for all its risks in force, 4½ per cent interest, New York standard, of only $4,386,685 83; leaving an officially certified and admitted surplus of $786,593. There are also over $92,000 technically inadmissible, though good, assets which would increase its surplus to nearly $900,000. The figures are the result of a recent thorough official examination made by the experts of the Insurance Department, and not by those who are interested in its practice or management, and therefore they are worthy of public confidence. The Superintendent also reports the management of the Company "able, prudent and honorable," and that "its present prosperous and solid condition is undoubtedly, to a very great extent, attributed to its superior executive management." Policy holders, who are insured in the Washington Life Insurance Company, it is but fair to say, are insured in a sound well managed Company.

☞ Los Angeles (Cal.) is to have two new lines of street railroad.

### Detroit and Milwaukee Railway.

At a meeting of the first and second mortgage bondholders of the Detroit and Milwaukee Rail way Company, recently held in Detroit, about $3,375,000 of the $4,500,000 of bonds were represented; Sir Charles Young, of London, representing the English bondholders. H. N. Walker, George Jerome and George Hendrie, of Detroit, and William Martin, of Hamilton, Ontario, were appointed a committee to settle up the business of the old organization and to inaugurate a new company under the name of the "Detroit, Grand Haven and Milwaukee Railroad." The committee is vested with power to arrange differences with other railroads and corporations, and to issue $5,000,000 in bonds, running thirty years, a portion of which are to be exchanged in settlement of present incumbrances and for the payment of the expenses of the reorganization.

### Detroit and Milwaukee Railroad.

REPORT OF THE RECEIVER.

Receipts and expenses for the year 1876, exclusive of Lake Michigan proportion.

| Receipts: | 1875. | 1876. |
|---|---|---|
| From passengers | $371,500 04 | $359,663 18 |
| Freight and live stock | 478,318 71 | 573,245 96 |
| Mails and sundries | 38,815 78 | 39,697 89 |
| Rents | 14,012 16 | 4,848 02 |
| | $902,646 69 | $977,455 05 |
| Expenses: | | |
| Maintenance and renewal of way | $251,620 35 | $269,377 03 |
| Locomotive power and repairs | 208,514 36 | 211,391 91 |
| Passenger and freight car repairs | 104,112 80 | 113,537 75 |
| Passenger transit exp. | 90,076 37 | 81,983 55 |
| Freight transit expenses. | 129,910 71 | 138,850 48 |
| General charges | 27,989 18 | 26,895 25 |
| Taxes and insurance | *56 237 51 | 43,724 83 |
| | $868,461 28 | $885,165 80 |
| Balance being net revenue for the year | $34,185 41 | $92,289 25 |
| Thus disposed of: | | |
| Interest on Detroit and Pontiac R. R. bonds | | $37,500 00 |
| Interest on Detroit River front and mechanical shop bonds | | 10,076 66 |
| Interest on short loans | | 3,807 55 |
| Total interest | | $51,384 21 |
| Expenditures for new works not to be repeated, namely, new sidings, new buildings, new bridges, filling trestle work with solid earth, enlarging Grand Rapids station and wood grounds, widening deep cuts, filling Saddlebag swamp, etc | | 28,139 44 |
| Balance carried to general account | | 12,765 60 |
| Total, as above | | $92,289 25 |

*This includes $12,585 70 of State tax for 1874. The true amount for 1875 would have been $43,651 81, and the per centage 4.83.

The sum of $25,821 06 was expended in 1876 on new works necessary to the safety and proper working of the line, namely: Grading $11,369 31; new sidings, cattle guards, and bridges, $10,980; new buildings, $3,472 34.

Tons carried in 1875, at $1,71½, per ton, 279,211. In 1876, at $1,62½ per ton, 376,284. At the rates of 1875 the freight receipts would have been $642,986 58, the gross receipts $1,047,195 67, and the working expenses 80.35 instead of 86.08.

The maintenance of way, $269,377 03, includes the proportion of steel rails chargeable to 1876, with fastenings, $68,757 20; bridges and culverts, including one iron bridge across Maple River, and fifteen culverts with heavy stone walls and covers of iron rails, in place of large decayed wooden culverts under deep embankments, $34,116 25; enlargement of station sidings, $6,876 34; 7 536 rods of new fence, and repairs to old fences, $8,915 77; buildings and wharves, $11,482 71.

By a careful examination the total charge under this head, after the line is completed with steel rails (prices of labor and interest being the same), is estimated by the chief engineer at $185,000—a reduction of $84,000.

The $211,391 91 for locomotive power, includes wages of enginemen, materials, repairs, and all other expenses pertaining to the engines. The number of traffic miles run by engines was 928,790. The cost of repairs was 4.67 c. per mile, being greatly increased by the aged and defective condition of the locomotives, no line engine having been bought since 1859, and all having been in collision and much weakened.

| | |
|---|---|
| The amount paid under head of repairs was | $43,400 00 |
| The proper sum allowable for repairs to engines in good condition is 3 cts. per mile. For 1876 this would be | 27,863 00 |
| Reduction | $15,537 00 |
| The number of miles run by cars in 1876 was 10,275,446, and the cost of car repairs was 1.10c per mile, amounting to | $113,537 75 |
| This rate was also greatly enhanced by the defective condition of the cars, upon which expensive improvements have been made, by adding Miller Platforms, and rebuilding old cars, as also by adding two new coaches, one baggage car, one composite car, one boarding car, and 29 new box cars built in receiver's shops. The proper annual charge under this head, with cars of good quality, is found by experience to be ¾ cents per mile. At that rate the above service would be performed for | 77,065 85 |
| Reduction | $36,471 90 |

In the charge for freight expenses the sum of $28,000 is included for the hire of cars at the rate of one cent per mile, all repairs being made by the lessor. These may be set down at ¾ cent per mile, which would appear in another shape as an item of expenses if the cars were owned by the company. Therefore no deduction under this head from expenses will be made in estimate of future working.

These brief notes are added under the supposition that the bondholders desire such information in detail as will enable them to estimate the value of their property, and they may be summed up thus:

Supposing the future freight traffic to be the same in quantity as in 1876, at the rates of 1875, which are about the present rates, the gross traffic would be ..... $1,047,195 67

| | | |
|---|---|---|
| and the working exp. to be | $841,440 97 | |
| Less difference as stated in— | | |
| Engineer's department | $84,000 00 | |
| Mechanical depart. (locomotives) | 15,537 00 | |
| Mechanical department (cars) | 36,471 90 | |
| | 136,008 90 | |
| Total working expenses would be 67.36 per cent of gross receipts | | 705 432 07 |
| The net revenue would be | | $341,763 60 |

This result will of course be effected by an increase or decrease gross of traffic, and by rise and fall in prices of materials. It is not supposed by the heads of departments, whose careful attention has been constantly given to economical supervision since the receivership, that a proper administration of the property can be effected at any sums less than those estimated, although by starving the line, as has heretofore unhappily been done, great apparent economy might be shown for a brief period, to be followed by extraordinary expenditures like those made by the receiver.

The efficiency of the line has already been much improved by the addition, in the autumn of 1876, of four Mogul engines of 76,600 lbs. each, purchased under order of the Court. They consume very little more fuel than the old engines, and perform 50 per cent more work, so that while the best of the latter has power to haul 20 cars (about 400 tons including cars) the former can bring over the steepest grades on the line 30 cars (600 tons), and upon a level can pull at least 40 cars. At this rate the daily increased earnings will soon pay for the locomotives.

Since the appointment of the receiver four grain elevators have been erected on the line at the expense of merchants engaged in grain traffic, namely, at Gaines, Vernon, Owosso and Fowler; and a new and enlarged elevator has also been erected at Grand Haven by individuals. These are all managed at the expense of the owners except that one at Grand Haven, which is leased to the receiver at a sliding scale per bushel for elevating and discharging grain.

By the persistent efforts of the chief engineer in assorting the old rails and placing the new ones "where they would do the most good," a rate of 31 miles per hour, including thirty stops, was maintained by the fast trains during the spring, summer and fall of the year, as against 30 miles on 68 miles, 24 miles on 77 miles, 19 miles on 31 miles, and 15 miles on 9 miles in 1875.

In the years 1873-1875 and 1876, 120 miles of steel rails and 20 miles of new iron rails were placed in the line. Of the total amount of steel rails only one and a half tons per thousand tons have been found defective.

There are now 120 miles of steel rails, 20 miles of iron rails laid in 1875, and 49 miles of old iron rails, which have been in use more than five years. Of this latter, one half must be renewed in 1877. Eighty miles of ballasting were done during the receivership, thus completing the ballasting of the line, although a considerable expenditure under this head will be required in relaying the iron portion of the line with steel.

Two hundred lineal feet of approaches, and one hundred lineal feet of the Bridge proper across the Grand River, at Grand Rapids, have been solidly filled with earth, thus diminishing the length of the bridge to six hundred feet and largely reducing the cost of maintenance. There are 82 miles of side tracks,—three miles have been added in 1876, and the remainder have been overhauled and laid with a better quality of iron rails. Besides the expenditures thus enumerated the line has been much improved at various points, the cost of which has been charged to working expenses.

In the report of the receiver for the year 1875, it was stated that the old liabilities of the company for wages, fuel, ties, stores, and balances due to other railroads, had been reduced by him $170,567 98 in that year. The remainder (not including the bonds and interest) amounting to $39,631 08 has been paid, so that the outstandings under the head of old liabilities are confined to—

| | |
|---|---|
| The amount due Cleveland Rolling Mill Co. for rails furnished in 1873, with interest to 15 April, 1875 | $207,602 68 |
| Great Western Railway of Canada, for money lent in May, 1873, to pay coupons due that month | 100,000 00 |
| Miscellaneous balances, as per ledger | 20,868 02 |

The liabilities of the receiver at 31st December, 1876, have been somewhat increased by the application of revenue to the extinction of the floating debt, as authorized by the court. They are now as follows:

Under orders of the Court:

| | | |
|---|---|---|
| For supply of fuel (and ties) for use to 1 July, 1877—loan from bank upon receiver's notes. .... .... .... | | $55,000 00 |
| For four Mogul engines, receiver's certificates .... .... .... .... .... | | 42,000 00 |
| For balance on 5,000 tons steel rails laid in 1876—receiver's certificates. | | 120,000 00 |
| | | $217,000 00 |
| For current expenses, etc.: | | |
| Wages .... .... .... .... | $43,846 85 | |
| Stores, fuel and ties, bought in December, 1876. .... | 37,218 43 | |
| Car mileage .... .... .... | 7,425 73 | |
| Insurance premium notes | 4,200 00 | |
| Sundry accounts .... .... | 9,994 87 | |
| | $102,680 38 | |
| Less: | | |
| Cash in bank, traffic balances and sundry accounts due to the receiver.. ....$48 381 24 | | |
| Bills receivable 2,100 00 | | |
| | 50,481 24 | |
| | | 52 199 14 |
| | | $269,199 14 |

DETROIT, January 24th, 1877.
C. C. TROWBRIDGE, Receiver.

### Railroads in Rhode Island.

The Railroad Commissioner of Rhode Island, in his Semi Annual Report, recently issued, under the head of "Work Proposed for the Year," says:

The Pontiac Branch Railroad Company report as follows:

"Contracts were awarded, and work of grading this road was commenced November, 1875. The road bed is nearly completed, work was discontinued waiting to arrange proper connections with connecting roads. As soon as these arrangements are completed, we hope to be able to complete the road."

The Moshassuck Valley Railroad Company report as follows:

"The road is nearly completed as far as the bleacheries of W. F. & F. C. Sayles, and they are receiving their freight on it. The road will not be built, at present, further than to the south line of the branch road, so called, that crosses at the south end of Scott's pond, 1 90 miles from the point where it intersects with the Providence and Worcester road at Wood Lawn Station. We expect before Spring, to run a passenger car over the road several times a day to connect with what are called short trains from Valley Falls to Providence."

The Rhode Island and Massachusetts Railroad Company report:

"This road is to run from Valley Falls, R. I., to Franklin, Mass, connecting at Valley Falls with the Providence and Worcester Railroad, and at Franklin with the New England Railroad Company. The distance is about fourteen miles, about half of which is in Rhode Island and the remainder in Massachusetts. We are now building that portion in Rhode Island, under a charter and amendments granted by the general assembly of this State. About one-third of the grading has been done, but the time for completion of the road will depend very much upon the severity of the weather this winter. The amount of stock subscribed is 892 shares of $100 each. We have not proposed to issue bonds at present. That portion of the road in Massachusetts is now being built by a Massachusetts Company, under their general railroad law. The road is to have iron rails. The number of stations have not yet been determined upon. There are no bridges in Rhode Island, but there will be about three hundred feet of trestle work. The estimated cost of the road is about $100,000."

The Newport Horse Railroad has not yet been commenced, and from the best information I can obtain I think they have abandoned, at least for the present, any idea of building it.

### Chicago and Lake Huron Railroad Company and the Bondholders of the Port Huron and Lake Michigan Railroad.

TO THE EDITOR OF THE RAILROAD JOURNAL:

I am sorry to have to commence this communication by announcing that I am one of the unfortunate Bondholders of the Port Huron and Lake Michigan Railroad Company. That Company, about four years since, consolidated with the Peninsular Railway Company of Michigan, Indiana and Illinois, and is therefore now a part of the road at present known as the Chicago and Lake Huron Railroad Company.

On the first day of November, 1873, the Coupons maturing on that day for six months' interest on the issue of $1,800,000 of First Mortgage Bonds of the Port Huron and Lake Michigan Railroad Company were protested for nonpayment, and none of them have since been paid, nor have *any* of the Coupons maturing since that date been paid, or provisions been made for their payment. Subsequently, that is to say, in the early part of January, 1874, at the earnest solicitation of the officers of the Company, and in common with many other Bondholders, I consented to fund the Coupon maturing Nov. 1, 1873, and the five following Coupons, from each Bond, into Certificates of Indebtedness of the Chicago and Lake Huron Railroad Company, (the new organization which had then recently swallowed up the Port Huron and Lake Michigan Railroad.) In pursuance of the arrangement thus made, I cut from each of my Bonds the six Coupons before named, amounting to $210 and surrendered them to the Union Trust Company in exchange for Certificates of Indebtedness, each for a like sum. The principal of these Certificates is payable on the first day of November, 1878, and the interest thereon is payable on the first day of November in each year as per Coupons annexed thereto.

And now for my grievances. After going without any interest on my Bonds for over three years, you can imagine my surprise and disappointment on the first day of November, 1876—the day fixed by the terms of the Funding Agreement for the resumption of interest payments on the Bonds—to find the Company either unable or unwilling to pay any of the Coupons maturing on that day. Now I submit that after inducing the Bondholders to forego the cash to which they were entitled and to take instead a simple *promise* of the Company payable in *five* years, for the six Coupons *previously* maturing, the neglect or refusal to provide the money for the payment in cash of the Coupons due and payable in November last was an outrageous breach of good faith on the part of the managers of the Company. But worse than that; the Coupons due and payable on the same day from each of the Certificates of Indebtedness, given in exchange for the Coupons surrendered, which amounted to the paltry sum of $11 55 each, were *also* dishonored. It will therefore be seen that on the first day of May next, it will be four years since the Bondholders will have received *any* interest on their Bonds.

By the terms of the Funding Scheme before mentioned the old managers of the road were permitted to remain in the full and untrammeled control and management of the railroad and all the other property of the Company; and they have continued in the control and management of the property ever since. It is true that the railroad is at present *nominally* in the hands of a Receiver; but when it is known that the person holding that position has from the inception and beginning of the enterprise, been the leading manager and head and front in its control, it will be seen that the property is *really still under the control of the old managers.* Bad however as our treatment has been in the past, it is as nothing compared with what we may expect in the future, unless we do something *at once* to protect our interests.

I have quietly but for a long time been engaged in making investigations; and I find that a "ring" has been formed between some of the old managers of the Port Huron and Lake Michigan Railroad, and a number of the Bondholders of the Peninsular Railway (the road with which the former was consolidated) to capture our property, and use it for the sole benefit of the parties to the transaction. I will explain how this is to be done. It is already known that the "gap" of about 46 miles between Flint and Lansing about which so much has been said and written the past four years, has at last been completed, and that through trains are now running from Port Huron to Chicago.

Well my investigations have brought out the fact that the "gap," the unfinished condition of which for so long a time caused great anxiety to the Bondholders—has been completed under a *new and independent organization*, known as the Chicago and North Eastern Railroad Company. I find this organization is owned *by this very "ring;" although I am satisfied that the work has been paid for so far as cash payments have been made at all, with the earnings received during the past four years from the operations of our railroad.* And now after building this "gap" with our money, this new organization or company under which it was built, is to be used as the instrument by which the "ring" expects to be able to wrest from the Bondholders the property covered by their Bonds.

The following cut from the *Chicago Tribune* of the 25th of last month lets the "cat out of the bag:"

[*Special Correspondence of the Tribune.*]

PORT HURON, Mich., Jan. 22.—While the completion of the Chicago and Lake Huron and Chicago and Northeastern Railroads as a consolidated through line between Chicago and Port Huron is a fact of sufficient import-

ance to attract considerable attention in Chicago, it is to Port Huron one of the most important events in its history. When, some forty years ago, the State of Michigan projected a line of railroad from the foot of Lake Huron, directly west to Lake Michigan, Chicago had hardly been heard of; and when, more than thirty years later, the first rail was laid on the Port Huron and Lake Michigan Railroad in this city, Chicago was not mentioned as the Western terminus of the line. The subsequent events which led to the consolidation of the Port Huron and Lake Michigan Road, then completed from Port Huron to Flint, with the Peninsular, extending from Lansing, Mich., to Valparaiso, Ind., are too well known to require review. Then there remained only the gap between Lansing and Flint to fill to make a through line between Chicago and Port Huron, granting that the Fort Wayne road may be used from Chicago to Valparaiso; and it was evident that neither road could be made profitable, or could even pay expenses, unless something could be done to make them more than local lines.

Under these circumstances the consolidation was effected, and it was thought that there would be no great difficulty in raising funds to complete the "missing link." But litigation between parties interested in the Peninsular and the managers of the consolidated line delayed matters somewhat, and, when it was thought everything had been settled, the panic came on, and not a dollar could be raised to complete the road. Subsequently there was a legal fight for the control of the road, but the Port Huron end of the line, represented by Mr. W. L. Bancroft, who had been from the first the manager, was successful, and he was finally confirmed in the Receivership by the United States Court. During this time the financial affairs of the road had been going on from bad to worse, not enough being earned to pay running expenses, and the first-mortgage bonds of the Port Huron and Lake Michigan Company, which originally sold at from 60 to 70 cents on the dollar of their par value, fell to 20 cents, and were not salable at that price, while the bonds of the Peninsular, so far as was known here, had no positive value at all. The bonds of the Port Huron end of the line were mostly owned in Eastern New York, while the Peninsular bonds had been sold in Europe.

The citizens of Port Huron felt a deep interest in the road, and would gladly have subscribed funds for its completion had it been in their power; but as the city was in debt over $100,000 on its account, and business at the lowest point of depression, nothing could be done. There were reports from time to time that arrangements had been made for the completion of the road, but none of them proved to be true. A year ago it was rumored, with some show of truth, that the Grand Trunk Company had obtained control of the road, and would complete it early in the season. The officers of the Company were reticent, however, and nothing could be learned from them until towards the middle of the summer, when Mr. Bancroft stated that arrangements had been made for its completion, and that the last rail would be laid by the 1st of December. He did not give details regarding it, however, and many were incredulous until it was known that iron was being landed on the docks here, and men were at work laying it. That work was vigorously pushed, and the last rail was laid early in December, are known to be facts, and the speculation now is, by whom has the money been furnished to complete the road, and who will control it in the future?

While not assuming to know all the details of the matter, your correspondent is in possession of some facts that have not been made public, and give the key to the situation. *It may be positively asserted that no other railroad company has furnished either money or credit to complete the Chicago and Northeastern Road, which is the name of the line from Flint to Lansing. This Company is made up of a few citizens of Flint, Lansing, Battle Creek, and Port Huron, and they alone have supplied the funds, either directly or by indorsement of the Company's paper. What their expectations are may be surmised, and it can be nothing less than the absorption of the whole line by the new company, at a very small cost. That the line will in time become a very important and valuable one there can be little doubt, and it is probable that the men who have invested their money in this latest venture will reap a rich reward.* From the above facts it will be seen that the road is at present really independent of all other lines, unless it may be the Pittsburg, Fort Wayne and Chicago, on which road its trains reach Chicago. What advantage this may be to Chicago the readers of the *Tribune* can judge, but it would seem that it might be considerable. The road connects here with the Grand Trunk, with the best river crossing between Lake Huron and Lake Erie, and also connects with the Great Western of Canada, which has a depot at Sarnia, immediately opposite the Chicago and Lake Huron depot in this city, with a crossing that has been entirely free of ice thus far the present winter, while at Detroit the crossing has been blocked for weeks past. It will also be observed that while the New York Central and Erie Roads are blocked with snow at the present time, and will not receive eastward-bound freight, the Grand Trunk is clear, and is moving all the freight offered.

In addition to the above connections, it is quite certain that the Canada Southern Road will have a line to this point within a year or two, and very likely before another winter. A branch of that road is now in operation to a point on St. Clair River, twelve miles below Port Huron, opposite St. Clair, without business enough offering to pay for the running of a single daily train. A short line from this branch to Sarnia will give the Canada Southern direct connection with the Saginaw Valley, and with Chicago over the new line, and this that company is preparing to build. With the completion of this link of the Canada Southern the Eastern railroad connections of Port Huron will be better than those of Detroit.

Besides the advantages offered to Chicago by the new road, as an independent competing line to the East, through its connection with the Grand Trunk, it is likely to bring you a considerable amount of trade from Eastern Michigan that has heretofore been monopolized by Detroit. Already Port Huron merchants are sending large orders to Chicago, and the same is no doubt true of other points on the line. By the way of Flint it also gives you a new route to the Saginaw Valley.

The road is pronounced by those who have had opportunity for examining it a very excellent one in point of directness, easy grades, etc. Between Port Huron and Flint there are not more than half a dozen curves, and none of these are sharp, while the new line from Flint to Lansing is said to be nearly straight.

The road is not yet fully supplied with rolling stock, but no trouble is anticipated in obtaining all that is needed. Several new locomotives have already arrived here this winter, one coming in to-day, and new passenger cars are running on through trains. Of freight cars there is no lack, and more through freight is offered than can be handled with present facilities. The time-table now in operation gives three through freight trains daily, one through passenger train, and a way train between Port Huron and Durand, the latter station being at the crossing of the Detroit and Milwaukee Road, which gives direct connection with Grand Haven. As soon as the road can be ballasted and put in good order throughout, in the spring, it is expected that through express trains will be put on the line, and an effort made to obtain a share of the through passenger traffic from Chicago. The Grand Trunk is now one of the best roads in the country, and gives the choice of two routes east from this point,—one by way of Toronto and Montreal, and the other by way of Buffalo, and there would seem to be no good reason why passengers should not choose this route as one of the pleasantest and most advantageous offered. The Great Western also runs three passenger trains each day to and from Suspension Bridge and this city. S.L.

Now who are the parties concerned in this scheme to capture the property of the Bondholders of the Port Huron and Lake Michigan Railway, and who are the persons to whom the duty has been assigned of carrying out the programme? Let us see. The Bondholders of the *Peninsular Railway* have agreed upon three gentlemen—Messrs. Lewis H. Meyer and Henry W. Smithers of New York and W. O. Hughart of Grand Rapids, Mich.—to act as *their* "trustees and attorneys" to represent *them* in the foreclosure, sale, purchase and reorganization of the section of road covered by *their* Bonds; as witness the following copy of an "Agreement" which the Bondholders of the Peninsular Railway have assented to:

AN AGREEMENT, made and entered into this..... day of..... 1876, *Witnesseth*, Whereas the PENINSULAR RAILWAY COMPANY, being a corporation duly organized and formed by and under the laws of the State of Michigan, heretofore duly made and executed a first mortgage, bearing date the first day of May, 1869, to the UNION TRUST COMPANY OF NEW YORK, a corporation organized by and under the laws of the State of New York, as Trustee, conveying its entire railroad, commencing at the City of Lansing, in the State of Michigan, and extending thence southwesterly to Milton, in said State, being one hundred and eight miles long, or thereabout, together with other property, real and personal, rights and franchises in said mortgage described, in order to secure the payment of the principal and interest thereon of eighteen hundred of its bonds, each of which was for the sum of one thousand dollars, payable in gold coin of the United States of America, and bearing interest at the rate of seven per centum per annum, payable semi-annually in the like gold coin, all of which bonds have heretofore been issued and negotiated for value, and are now outstanding:

AND WHEREAS, the said Peninsular Railway Company subsequently became consolidated with certain other railroad corporations, and merged into the Chicago and Lake Huron Railroad Company, which latter corporation assumed the payment of the said mortgage bonds and of the interest thereon:

AND WHEREAS, the Chicago and Lake Huron Railroad Company has become embarrassed and unable to pay the interest on the bonds secured by said mortgage, as well as on bonds secured by other mortgages upon certain portions of its roads which were assumed by it or which it created, and there remains now due and unpaid the interest which matured and became payable on the aforesaid bonds of the Peninsular Railway Company of Michigan on the first days of May and November in the years 1872, 1873, 1874 and 1875, respectively:

AND WHEREAS, bills asking among other things for the foreclosure of said mortgage, and the sale of the railroad and other property therein described, have been filed by the representatives of certain holders of said bonds and the Trustee of the mortgage, by which said bonds are secured as aforesaid,

in the Circuit Courts of the United States for the Eastern and Western Districts of Michigan:

AND WHEREAS, it is indispensable that the holders of the aforesaid bonds, and unpaid and overdue coupons thereto belonging, should unite with each other to provide the means of purchasing such railroad and property described in said mortgage at any sale or sales thereof which have become inevitable, for the purpose of protecting their own interests:

NOW, THEREFORE, this agreement, made by and between the undersigned as holders of the first mortgage bonds issued by the said Peninsular Railway Company and overdue and unpaid coupons thereunto belonging, to the amount set opposite their respective signatures hereto:—Witnesseth, that for and in consideration of the foregoing premises, and of one dollar to each of them in hand paid by the others, the receipt whereof is hereby acknowledged, and of the several covenants and agreements of each of the others as hereinafter contained, they do severally agree, one with the others, as follows:

*First.* The undersigned severally hereby state and declare, that they own and hold, or represent the owners and holders of the number and amount of the mortgage bonds and coupons hereinbefore described, set opposite their respective signatures hereto.

*Second.* The undersigned agree, that the suits for foreclosure now pending shall be prosecuted to judgment, and that decrees of sale shall be entered as soon as possible, and a sale of the mortgaged property shall take place under such decrees as soon thereafter as practicable, and at the least possible expense.

*Third.* Louis H. Meyer and Henry W. Smithers, both of the City of New York, and W. O. Hughart, of the City of Grand Rapids, Michigan, are hereby nominated, appointed and constituted the Trustees and attorneys in fact of the several parties hereto, to act for them severally, to represent their respective interests as bond or coupon holders under the provisions of this agreement, and to exercise the powers and perform the duties hereinafter specified and hereby granted to, conferred and imposed upon them.

*Fourth.* The undersigned agree, that at the time they shall affix their signatures and seals hereto respectively, or whenever required by said Trustees and attorneys, they shall and will surrender to, and lodge or deposit with some Trust Company in the City of New York, subject to the order of the said Trustees and attorneys, the bonds and coupons herein described held by them respectively, and that they shall and will duly assign the same to said Trustees and attorneys. It is further agreed, that the said Trustees and attorneys shall, as soon hereafter as practicable, designate the Trust Company with which the undersigned shall deposit the bonds and coupons as aforesaid, and in writing notify the undersigned of their selection; and the Trustees and attorneys, on receiving notice of the deposit thereof, shall and will cause such bonds to be stamped and endorsed with the following, or some similar notice, to wit:

"NOTICE.

"Held in trust for the purposes of a cer-
"tain agreement, dated the.....day of
"....., 1876, and subject to the order
"of the Trustees therein named."

Which notice shall be signed by either the duly authorized officer of the Trust Company or the Chairman of said Trustees and attorneys; but in case of unpaid and overdue coupons, the stamp and endorsement thereon of "Notice—Held in trust" shall be sufficient.

It is further agreed, that said Trustees and attorneys, within a reasonable time after the deposit of such bonds and coupons hereinafter mentioned, shall, and said Trustees and attorneys agree, to issue and deliver or cause to be issued and delivered to the party or parties so surrendering and depositing the same, a certificate or receipt, specifying the nature, description and amount of the bonds and coupons so surrendered and assigned.

*Fifth.* It is hereby agreed by all the undersigned, that said Trustees and attorneys shall be, and they are hereby authorized and empowered to purchase said railroad and other corporate property at any sale or sales thereof which shall or may be hereafter made under any decree of foreclosure of the said mortgage in said suit, or either of them, and that the said railroad and property so purchased shall be held by them, subject to the conditions and agreements, and upon the trusts herein contained, created and declared.

It is futher agreed, that said Trustees and attorneys shall purchase such railroad, property and franchises at any such sale or sales, at the lowest possible price or prices, to be determined by them in their discretion, but in no event shall the aggregate total amount bid by them for the entire railroad property in said mortgage described exceed the aggregate amount of said bonds and coupons deposited with them; and it is further agreed, that in case the said Trustees and attorneys shall be unable to purchase said property at a price within the amount hereinbefore limited, that then and in such case the said Trustees and attorneys may, as and for the holders of said bonds and coupons, collect and receive the amount to which they, as such holders, may be properly entitled, and after deducting therefrom their costs and expenses, including a reasonable counsel fee, they shall distribute the balance between the parties hereto, or their legal representatives or assigns, *pro rata*, according to the amount of the bonds and coupons by them respectively surrendered.

And that the said Trustees and attorneys, if for any reason they shall become invested with a title to the premises hereinbefore contemplated to be purchased prior to the day whereon a bondholders' meeting can be held, as hereinafter provided, shall duly operate and maintain, or cause to be operated and maintained, such railroad, for account of the parties hereto, and in operating and maintaining the same, shall not be personally liable for any act or thing done or omitted to be done by them, or by any of their agents or employees, unless for gross negligence or willful misconduct of their own.

*Sixth.* Whenever the said Trustees and attorneys shall have purchased the railroad and property hereinbefore contemplated to be purchased by them, they shall convene a meeting of the subscribers hereto, to be held in the City of New York, within a reasonable time after such purchase.

Notice of such meeting signed by said Trustees and attorneys, shall be duly given by publication thereof in one daily newspaper in the said city, and each of the cities of London and Amsterdam, once a week for at least six successive weeks next preceding such meeting, and at such meeting, or any subsequent meeting, such persons as are parties hereto shall be entitled to vote in person or by proxy in the proportion of one vote to each one hundred dollars of the par value of said bonds and overdue interest coupons surrendered and assigned by them. It is further understood, that at any such meeting of the parties hereto duly called, at which a majority in interest of the undersigned, or their assigns or legal representatives, shall be present and voting in the affirmative, it shall be competent for them to adopt such regulations as they may deem proper for their more permanent organization, and give such directions as to the sale and conveyance or other disposition of said property as a majority of them may deem proper; and all resolutions, orders or directions of any such meeting shall be faithfully executed and carried into effect by the said Trustees and attorneys, and any such resolutions, orders or directions shall have the same effect in law and equity as if the same had been duly incorporated herein; and all the undersigned covenant, promise and agree to and with each other, one with the others, to abide by the decision and determination, order or directions of such majority, and not to impede, hinder or delay in any manner whatever the execution or carrying into effect by said Trustees and attorneys or other agents, of any resolution adopted at any such meeting.

And the undersigned further hereby severally expressly covenant and agree, to and with each other and the said Trustees and attorneys, that they severally shall and will do and perform, or cause to be done and performed, each and every act or thing requisite or necessary to be done or performed by or on behalf of each party respectively, in order to carry into effect and fully execute any plan for re-organization, sale and conveyance or other disposition of the property so intended to be purchased, as a majority in interest of the parties hereto may, in meeting duly assembled, decide, order, direct or determine upon; but no subscriber hereto, or his legal representatives, shall, by the action of said subscribers, or a majority in interest of them, become liable to pay any money, unless he shall have voted therefor or consented thereto.

*Seventh.* It is further declared and agreed, that the said Trustees and attorneys, in bidding for and purchasing said railroad property and franchises, shall be deemed to act for such of the parties hereto (meaning the holders of the said first mortgage bonds and coupons of said Peninsular Railway Company of Michigan,) as shall have lodged and deposited with them the bonds and coupons held by them respectively, and that said Trustees and attorneys may use such bonds and coupons so deposited with them in the purchase of the railroad, franchise and property at any sale or sales thereof which may be made in said suits, and the said Trustees and attorneys shall have and hold the property so purchased in trust for the parties hereto until sold and conveyed or otherwise disposed of, as hereinbefore stated, and such parties shall become interested in such purchase or purchases in the proportion which the amount of bonds and coupons by them severally surrendered and deposited shall bear to the whole amount of the bonds and coupons so surrendered or deposited; but the undersigned shall not become liable for any such bid or bids, or for any such purchase or purchases, in any manner, or to any extent, beyond the distributive share of the proceeds of such sale or sales to which such party may be entitled as owner of the bonds and coupons by such party surrendered or deposited.

*Eighth.* Neither the said Trustees and attorneys, nor their successors in the trust, nor any person under them, or either of them, shall have the power or authority to do any act or thing whereby any subscriber shall become liable to pay any money, unless such subscriber shall hereafter give his written consent, nor shall they have power to sell, hypothecate, or in any manner encumber the bonds and coupons which may come into their possession, or in any manner be under their control by virtue thereof.

The said Trustees and attorneys shall have full power to declare in respect to any party to this agreement who shall fail to comply with each and all the conditions and provisions hereof to be by such party done or kept, that all rights which such defaulting party might have by virtue hereof have ceased.

The said Trustees and attorneys shall cause a true record to be kept of all their acts and doings under this agreement, which shall at

all reasonable times be open to the inspection of any subscriber or his legal representatives.

*Ninth.* It is further understood and agreed, that either or all of the Trustees and attorneys appointed may resign his or their trusts, powers, authorities or positions under this agreement at any time, and in case of any such resignation or of any vacancy caused by the death, inability or incapacity to act or otherwise of any of the Trustees and attorneys herein before named and appointed, the surviving or continuing Trustees and attorneys or Trustee and attorney shall fill such vacancy or vacancies, provided a majority in interest of the undersigned shall in writing approve such appointment, and if in any event there be no surviving Trustee and attorney, then a majority in interest of the undersigned shall appoint new Trustees and attorneys, and all the trusts, powers and authorities hereunder of the Trustee and attorney or Trustees and attorneys so dying, resigning, or becoming incapacitated, shall immediately vest in the new Trustee or Trustees and attorney or attorneys, upon his or their appointment as aforesaid.

It is further understood and agreed, that the words "Trustees and attorneys," as used in these presents, shall be construed to mean the Trustees and attorneys, whether one or more, whether original or new, and whenever a vacancy shall exist, the surviving or continuing Trustees and attorneys or Trustee and attorney.

*Tenth.* And it is mutually agreed, by and between the parties hereto, as conditions on which the said Louis H. Meyer, Henry W. Smithers and W. O. Hughart have assented to these presents, that neither of them shall be in any manner responsible for any fault or misconduct of the other or any of them; that they shall not become or be personally liable, either jointly or severally, for any debt or other obligation of what kind or nature soever which may be incurred in the ordinary course of operating and maintaining said railroad and property, and conducting the business thereof, or any part thereof, and that they, or either of them, shall not be liable for any act done or omitted by their or any of their superintendents, managers, servants or other employees or agents selected, appointed and employed by them in and about the premises, provided they shall exercise due diligence in their selection and appointments, and that they and each of them shall be entitled to just compensation for all services which they may hereafter render in their trust, to be paid out of the property in their possession, or proceeds thereof or income to be divided therefrom; and the said Trustees and attorneys, accepting these presents and consenting hereto, covenant and agree, each for himself, that they severally shall and will duly and faithfully execute and perform the powers and trusts hereby conferred, created and declared.

*Eleventh.* It is agreed by all the undersigned, that any bondholder may become a party hereto at any time prior to the three days next preceding the day of sale, and thereafter nobody shall become a party to this agreement, and entitled to its benefits, without the written consent of all the said Trustees and attorneys.

*Twelfth.* It is finally understood and agreed, that inasmuch as the parties for whom it is desired that these presents shall be signed are numerous and reside in different localities, several copies shall be made, and that all such copies shall be deemed to constitute but the one instrument, so that any party executing any such copy hereof, although his signature alone may appear thereon, shall be deemed to have executed these presents as validly, to all intents and purposes, as if such party had affixed his signature to the same instrument with all the others becoming parties hereto.

IN TESTIMONY WHEREOF, the undersigned have hereunto subscribed their names and affixed their seals, and set opposite their names the amount and number of the aforesaid bonds and coupons held by them respectively.

I learn that this Lewis H. Meyer is *one* of the parties to the scheme, to capture our road, and that *the person at present acting as Receiver of the Chicago and Lake Huron Railroad Company, is the leader of the "ring" formed for that purpose.* It may be asked, who is this Lewis H. Meyer? Perhaps the following may enlighten us:

[From the New York Sun, January 19, 1877.]

In 1855, Capt. John Graham, the owner of the steamships Ocean Bird and St. Lawrence, and one-third owner of the United States, decided to sell out, in whole or part, to the projectors of a line of ocean service between Vera Cruz, Havana, and Cadiz. He had his ships overhauled. The bills proving unexpectedly heavy, he obtained a loan of $100,000 from the banking house of Meyer & Stucken, for which he was to pay the modest bonus of $20,000 to the house and $5,000 to the person who effected the loan.

It was a four months' loan. The loan was secured by bills of sale of the vessels, given to Meyer & Stucken, and they in return gave by their attorney to Mr. Poillon, as Capt. Graham's representative, an agreement by which Capt. Graham was to have the right to repurchase the vessels at the expiration of that time, upon payment of the $125,000 and whatever expenses might have been incurred by Meyer & Stucken on account of the vessels. They did not pay over the $100,000, but acted as Capt. Graham's bankers, the vessels to remain during the four months in his hands, in order that he might carry out his plan of selling them. The entire management seems, on its face, to have been an attempt to put, in the form of a legitimate transaction, what was really a loan at usurious interest.

Capt. Graham went to Havana, and there sold the Ocean Bird. When he wished to come home on the St. Lawrence, which he had not been able to sell, and to bring with him the Spanish gentleman who had bought the Ocean Bird, the Havana agents of Meyer & Stucken, acting by instructions, prevented the St. Lawrence from leaving that port. Meyer & Stucken claimed that the bills of sale gave them such rights of ownership that they could prevent his selling the vessels, except under such conditions as they might see fit to prescribe. On his return they presented claims aggregating over $135,000—for part of which there was no vouchers to show—and demanded a cash settlement. Unless the money was forthcoming they would not permit the transaction with the Spanish gentleman to be completed.

In various ways they kept the Captain's hands tied until the expiration of the four months' grace, when they sold the Ocean Bird to the Spaniards. By means of a small execution opportunely placed upon her a day or two before they were enabled to put the purchasers in possession, Messrs. Meyer & Stucken claimed that the agreement for repurchase had been forfeited, although Capt. Graham had tendered them the amount to which he admitted himself indebted to them—$110,000. By virtue of the bills of sale given them as security, they claimed that they had become proprietors of the Ocean Bird, valued by competent parties at $220,000, the United States, worth $150,000, and Capt. Graham's interest in the St. Lawrence, worth $85,000.

In 1856 Capt. Graham brought a suit for redress against Stucken in the equity branch of the United States Court. Meyer was then in Europe. He obtained a verdict of $250,369.70. But, in the mean time, Stucken had left the country. So far as is known, he has not been seen here since.

In 1858 Meyer having come back to New York, that gentleman was made defendant in a similar suit, and a judgment for $243,205 was obtained against him; whereupon he made an assignment for the benefit of his creditors, among whom were included his own wife and Mrs. Stucken. There were no apparent assets for the satisfaction of the judgment. At that time Judge Nelson decided not only that Capt. Graham was entitled to the award of the jury, but that he was still the actual owner of the vessels and had the right to take possession of them wherever he could find them. Mr. Meyer was put under bonds not to leave the State, and Capt. Graham waited patiently for a chance to get even.

In 1860 the Ocean Bird returned here for the first time. New boilers were wanted. Capt. Graham got possession of her, but was ousted, as he claims, by a fraudulent order of court, and before he could obtain legal aid the vessel had got away. Finally he consented to compromise with Meyer by which he was to receive, in satisfaction of his judgment, $30,000 in money, $70,000 in good endorsed notes, and $28,700 in Meyer's own bond, payable in ten years, with good endorsement thereon. Taking advantage of his necessities, Meyer and his attorney forced Capt. Graham to sign a release in full. In order to satisfy claims against him held by George Law and Horace Greeley he consented to sign it.

When he gave this release he received the $30,000, but the notes and bond were never satisfactorily endorsed. He was compelled to accept a heavy discount on the former from Meyer's attorney, Mr. Southmayd. The bond has never yet been satisfied, although $12,000 has been offered for it by Meyer.

Lately, supplementary proceedings have developed the fact that Meyer is living most expensively and luxuriously, and there is reason to believe that he has property which can be reached. Hence an action has been brought against him before Judge Lawrence in the Supreme Court. It will probably use up several days. The plaintiff is represented by Messrs. Knox, Nash, and Gibson; the defendant by Messrs. Stoughton, Southmayd, Choate, and Roelker.

The antecedents of the person at present acting as Receiver of the Company, who is the leader in the scheme to deprive us of our property, is pretty well known to all of the Bondholders. The next thing to know is the manner in which this "ring" will proceed to carry out the purpose of its members. They will probably begin by attempting to capture or win over a few of the largest and most influential Bondholders of the Port Huron and Lake Michigan Railroad and by promising to let *them* come into the *inside* of the *ring*, secure their compliance with, and advocacy of, their plan and obtain their co-operation in carrying it out. This once accomplished a great point will have been gained and a long step taken towards the consummation of the scheme. We will next be asked to agree to a "plan of reorganization" which will probably require us to surrender all our Bonds, with all the past due Coupons and the Certificates of Indebtedness issued to us in exchange for Coupons already surrendered and to forego all interest for a long time hereafter, or accept a very much less rate of interest in the future; and in ex-

change for all this, we will no doubt be asked by this "ring" to take new Bonds of a new Company for a less amount than the par value of the Bonds, we now hold—we to lose all the back interest, to which we are entitled as now represented by the Certificate of Indebtedness and unpaid Coupons. And to make the bait tempting the *new* Bonds will be *part* of an issue to be secured by a mortgage to cover the entire road from Port Huron to Valparaiso, 281 miles in length. This new mortgage will be put upon the road after the present Companies shall have been wiped out by foreclosure and purchase by this "ring" and a new Company organized to take title to the property.

Now if all the Bondholders will only stand firm and reject *all* proposals looking to any sacrifice of either principal or back interest of their Bonds, or to the lessening of the security they already possess, this "ring" can be utterly routed and defeated in its purposes. Yea more; instead of their being able to use successfully the power which they *think* they possess, as the owners of the new and independent organization, under which the "gap" has just been constructed, to capture *our* property, we can turn the tables on them by simply using the power *we know we* possess as Bondholders to get title to and possession of this very "gap" of 46 miles which this "ring" now claim to own, but which I am satisfied an investigation will prove has been built almost entirely with our money and is therefore rightfully our property. It is not a very difficult task to accomplish as will appear, when all the facts are made known. I will state therefore for the information of those who have not examined the subject so closely as I have, that our mortgage as completely covers the "gap" of 46 miles just finished as it does the 66 miles long since completed. Our Bonds are therefore a first lien as complete, as binding and as legal on the whole of the "gap" of 46 miles, as they are on the 66 miles.

Now if we know our true interests we will take *immediate* steps to have our mortgage foreclosed and a decree of sale obtained which shall direct and order not only the 66 miles, *long since built*, but the "gap" of 46 miles *recently built* to be sold, and the whole 112 miles purchased by the Trustee for our account and benefit as Bondholders holding the first lien.

There is a double equity in this; for there is not a particle of doubt in my mind that whatever *ready* money was used by the "ring" in the construction of the "gap" *that* money came directly or indirectly from the earnings of our 66 miles of road. Those earnings for the past four years have largely exceeded the operating expenses of the road and not one cent of those earnings has ever been paid over to any of the Bondholders.

In closing I repeat that every Bondholder should refuse his or her assent to *any* scheme brought forward by this "ring." No proposition or plan will ever be submitted by *them* which will not if accepted result in affecting seriously the present security, which we now hold on the entire road from Port Huron to Lansing, 112 miles in distance. *Any* scheme devised by them, however nicely covered up and concealed, will seek in some way to *change* or *impair* the security we now have.

Hence I say again, the Bondholders should reject *all* propositions coming from this "ring" and insist upon a foreclosure and sale of the 112 miles of road for the benefit of the Bondholders of the Port Huron and Lake Michigan Railroad as provided in the mortgage.

The "gap" was completed just at the right time and in the right way for our interests. We now have for the first time the 112 miles of road promised us when we bought our Bonds, and our lien on the *whole* 112 miles cannot be questioned. Our Bonds are now what in the beginning they were agreed to be "a lien of only $16,000 per mile on 112 miles of completed road." If we now by any *new* agreement with the "ring" throw away this the best opportunity we have ever had to protect ourselves and get our honest rights, we shall have only ourselves to blame.

A BONDHOLDER.

### Penn Anthracite Coal Co.

The Committee on Stock List of the Stock Exchange have recommended that the stock of the Penn Anthracite Coal Company be placed upon its free list in response to the following statement made to it by the company:

Area of coal lands..1,505 acres in fee.
895 acres leased at a nominal royalty.
Total.....2,400 acres.

These lands are situated near Scranton, Penn., and adjoining those of the Delaware, Lackawanna and Western Railroad Company and the Pennsylvania Coal Company. Improvements completed: 3 breakers, 1 shaft, 2 slopes, 5 tunnels, having a capacity of 450,000 tons of coal per annum. The report of the company for the fiscal year ending Dec. 31, 1875, was as follows:

| | | |
|---|---|---|
| Real estate, including improvements and eight miles of railway connections | $2,376,662 | 44 |
| Personal property, including two locomotives, 100 head mules and horses, 300 mine cars, &c. | 101,850 | 00 |
| Bills receivable | 101,256 | 52 |
| Accounts receivable | 185,260 | 86 |
| Royalty account | 48,548 | 55 |
| New coal-breakers and improvements in process of construction. | 58,328 | 12 |
| First mortgage bonds in hands of the company | 710,000 | 00 |
| Cash in Treasurer's hands | 11,807 | 60 |
| | $6,587,714 | 09 |
| Capital stock, 20,000 shares of $100 each | $2,000,000 | 00 |
| First mortgage bonds, due 1893 | 1,000,000 | 00 |
| Accrued profits | 276,266 | 97 |
| Bills payable, floating | 114,450 | 00 |
| Time loans | 160,000 | 00 |
| Due on mining and constructions for December | 36,997 | 12 |
| Total | $3,587,714 | 09 |

The receipts from coal sales during the year ending Dec. 31, 1875, show a surplus of $145,876 92, after payment of interest, taxes, and expenses. The stock of the company is registered at the Union Trust Company, New York.

### Railroads of Texas.

Messrs. Forster, Ludlow & Co., in their Circular for February, say that their "information as to Railroads in Texas, for the past month, is very satisfactory.

The Tyler Tap Railroad is nearly completed to Pittsburgh, Camp County. The Texas Central is extending the Waco branch, and has about 300 hands at work. The Dallas and Wichita Railroad gives, now, promise of being carried forward rapidly.

The Galveston, Harrisburg and San Antonio Railroad is completed within a few miles of San Antonio, its present terminus. Col. Peirce will shortly connect his road with the Texas and New Orleans, by laying a track from Peirce Junction, seven miles south of Houston, through the suburbs of that city.

The Galveston and Santa Fe Railroad is pushed forward through some of the finest parts of the State; it will open up the rich lands between the Colorado and Brazos, and add largely to the wealth of land owners as well as to the State generally.

Smaller enterprises, such as the Henderson and Overton, the Texas Western Narrow Gauge, the San Diego and Rio Grande Railroad, and others, are progressing satisfactorily.

With the extension of Railroads, many new securities will be offered in this market. Railroad corporations will require money, cities will want credit, contractors will be anxious to sell the bonds taken for their work. The good time is at hand; the elements for an unbounded prosperity were never better—low wages, cheap raw material, abundance of money, enforced economies since 1873. Texas will have a large share of this coming prosperity; but let Northern capitalists not forget the lesson dearly paid for—let credit be refused to corporations and cities and towns which by the past have shown to be unworthy of credit. Let the bonds be let severely alone of communities that have no regard for their own honor, and let the high interest *promised* be no temptation to intending investors, for the security is surely inadequate."

☞ The gross earnings of the St. Louis, Kansas City and Northern Railway for the year 1876, were $3,143,865 98, the expenses $1,934,527 29, and the net earnings $1,209,338 69. For the year 1875 the earnings were $2,643,838 15, the expenses $2,110,550 29, and the net earnings $533,279 86—showing an increase in gross earnings of $500,032 83, with a decrease in expenses of $176,023, making the increase in net earnings $676,058 83.

☞ The Chicago, Burlington and Quincy Railroad Company's new five cent sinking fund bonds ($2,200,000,) secured by pledge of a like quantity of the St. Louis, Rock Island and Chicago Railroad's seven per cent bonds, have been awarded to Messrs. Morton, Bliss & Co. and Lee, Higginson & Co. at $875 05 per bond of $1,000. This loan is a portion of an authorized issue for $2,500 000, which leaves remaining with the company $300,000 for future sales.

## St. Louis, Vandalia and Terre Haute R. R.

PRESIDENT'S OFFICE,
PITTSBURGH, PA., January 2d, 1877.

*To the Stockholders of the St. Louis, Vandalia and Terre Haute Railroad Company:*

GENTLEMEN: Your directors beg leave, respectfully to submit herewith their report of the operations of the company during the fiscal year ending October 31st, 1876, and its financial condition at that date:

| | | |
|---|---|---|
| The earnings of your road during the year, as reported by the lessee, were | | $1,086,246 68 |
| From which should be deducted the amounts paid on account of division of earnings with Indianapolis and St. Louis R. R. Co. and other companies. | $40,646 60 | |
| Less amount received on account of division of earnings with other companies | 16,475 80 | |
| | | 24,170 80 |
| Total earnings on which rental is to be paid | | $1,062,075 88 |
| Thirty per cent of the preceding amount, being rental, is | | $318,622 77 |
| Add interest on city of Greenville bonds | | 159 60 |
| Total revenue | | $318,782 37 |

The year's charges against this sum were:

| | | |
|---|---|---|
| Interest on 1st mortgage bonds | $132,930 00 | |
| Interest on 2d mortgage bonds | 182,000 00 | |
| Taxes | 20,108 16 | |
| General expenses | 1,753 25 | |
| | | 336,791 41 |
| Leaving a deficit for the year, and advanced by the lessee, of | | $18,009 04 |
| Deficit for 1875, as then ascertained | $126,434 99 | |
| Add taxes belonging to that year, since paid, | 5,382 53 | |
| | | 131,817 52 |
| Balance to debit of income account, Nov. 1, 1874 | $93,525 89 | |
| Add taxes belonging to year ending that date since paid | 18,734 88 | |
| | | 112,260 77 |
| Total deficit, to Nov. 1, 1876 | | $262,087 33 |

Of this deficit $201,000 is composed of the interest, charged in 1874, for two years and one month on the income bonds, since exchanged for preferred stock.

The following statement will show the earnings in detail compared with last year.

| | 1876. | 1875. |
|---|---|---|
| From freights | $618,626 12 | $592,918 84 |
| " passengers | 399,788 13 | 349,078 83 |
| " express | 30,800 20 | 33,552 00 |
| " mails | 37,532 23 | 30,677 06 |
| Totals | $1,086,246 68 | $1,006,220 73 |

Of the whole amount of increase in the freight earnings $25,392 22 was in the foreign traffic, or that received from or destined to other roads, and $320 56 in the local freight business; this result having been reached in the face of a decrease in the average rate received, equal to 4.26 mills per ton per mile, or 15.48 per cent., in the case of the local tonnage, and 0.38 mills, or 3.86 per cent., in the foreign tonnage. This would indicate a comparatively large increase in the volume of the freight traffic, which increase amounted to 54,820 tons, or 17.24 per cent., in the local freight, and 25,555 tons, or 13.92 per cent., in the foreign freight, with an almost equivalent in each case in the ton mileage. The unfortunate and long continued contest between the so-called trunk lines had the effect of disturbing to a great extent both the local and through rates over your road, lowering them on the average 1.34 mills per ton per mile, equivalent on the volume of tonnage transported to $61,763 30, which amount, if realized, it is safe to assume, would by so much have increased the net earnings.

A very gratifying increase is shown in the coal tonnage. The total tons carried in 1876 were 228,860, as against 182,868 in 1875, the increase being 40,492 tons, equal to 22.14 per cent. The earnings realized from this class of traffic were, however, increased only $2,875 74, or 2.8 per cent. This disparity between the increase in the coal earnings and the augmented tonnage, was caused by undue competition for the business among the railroads entering St. Louis. It is believed the results of last year's operations in this particular will induce the companies interested to adopt a uniform rate, and abolish the pernicious system of paying rebates, which has been heretofore carried to excess. Two new mines have been opened (the total now in operation being ten), and a zinc works established during the year. The lessee reports the present coal traffic to be very much limited by the lack of cars, the mining facilities and demand for consumption being equal to double the amount of coal that the present supply of cars will move, an increase in this class of equipment is therefore recommended.

Of the increase in passenger earnings $1,666 06 was realized in the local travel, and $49,043 74 in the foreign travel, or that coming from or destined to other roads. While the local passenger earnings thus show a small increase, the number carried was comparatively largely reduced, such reduction having been 17,424, equal to 10.34 per cent. This is owing to the fact of there having been in 1875 a greater number of local fairs and conventions, to which large numbers of people were carried, for short distances, at low rates. This is further evidenced by the fact that, while the number of local passengers carried shows so much of a decrease, the mileage of this class of travel was 3.52 per cent. greater in 1876 than in 1875. In the foreign travel, also, while the earnings resulted in so large an increase, as before stated, the number carried fell off 7,095, or 8.95 per cent.; yet the mileage increased 1.12 per cent., and the average rate advanced from 1.68 cent per passenger per mile in 1875, to 2.09 cents in 1876, equal to 24.42 per cent. These results were mainly brought about by the sharp competition in 1875, between the roads leading from St. Louis to Louisville and Cincinnati, under which a large number of passengers were carried over your road at merely nominal rates. There has no doubt been a healthy and normal increase in this branch of the traffic during the past year. The line is steadily growing in public favor, and now occupies the position of the leading passenger route between Eastern cities and St. Louis.

The following statement will show the comparative expenses of the lessee during the fiscal years of the company of 1875 and 1876.

| | 1876. | 1875. |
|---|---|---|
| Conducting transp. | $245,153 52 | $250,128 38 |
| Motive power | 191 535 66 | 207 068 27 |
| Maintenance of way | 281,675 76 | 270,877 17 |
| Maintenance of cars | 72,368 73 | 59,550 17 |
| General expenses | 23,953 55 | 32,735 79 |
| Totals | $814,682 22 | $820,559 78 |

The amount of earnings absorbed by expenses was 81.54 per cent in 1875 and 75 per cent. in 1876, being a reduction on this basis of 6.54 per cent. of earnings, or 8.02 per cent. of expenses. On the basis of service performed, or miles run by trains, there was a trifling increase, the cost per mile run having been 92.4 cents in 1875, and 92.6 cents in 1876. It is proper here to say, however, that the expenses of maintenance of way, in both years, include, as stated by the lessee, amounts expended for permanent improvements to the road, such as filling up trestle bridges with earthwork, rebuilding of other bridges, additional forces, and salaries and expenses of engineers superintending such work. The amounts so expended are estimated by the lessee to have been $28,569 26 for the year ending October 31, 1875, and $33,963 92 for the year ending October 31, 1876. Continued expenditures in this direction will have to be made for several years to come, in order to bring the permanent way up to the high class standard which the leading position of the road demands. A very marked improvement has been made in its condition, which is now being continued. During the past year there were renewed, with re-rolled iron, 2,863 tons of rails, and 64,065 new cross-ties were placed in the track. The former is the equivalent of about 16 per cent., and the latter 18 per cent., of the whole length of road. During the year the lessee will adopt the use, in part, of steel rails for renewal of the track.

The result to the lessee in the operating of your road during the year, was as follows:

| | |
|---|---|
| Total expenses, as before stated | $814,682 22 |
| Percentage (70) of earnings allowed for expenses | 743,453 12 |
| Loss for 1876 | $71,229 10 |
| Loss for 1875 | 146,712 89 |
| Decrease | $75,483 79 |

The equipment owned by your company and delivered to the lessee, and the amount now on hand by the lessee, will be shown by the following statement.

| | Delivered to Lessee. | On Hand Oct. 31, 1875. | On Hand Oct. 31, 1876. |
|---|---|---|---|
| Engines | 32 | 32 | 32 |
| Passenger coaches | 14 | 13 | 13 |
| Baggage cars | 8 | 8 | 8 |
| Box freight cars | 349 | 340 | 352 |
| Stock | 117 | 116 | 120 |
| Platform | 97 | 92 | 93 |
| Coal | 231 | 223 | 228 |
| Caboose cars | 16 | 16 | 16 |
| Gravel | 50 | 49 | 49 |
| Wrecking | 2 | 1 | 2 |
| Tool | 1 | 1 | 1 |
| Totals | 917 | 891 | 914 |

It will be noticed that much improvement has been made in the condition of the equipment during the year, so that in the aggregate there are but one passenger coach and two freight cars short of the full complement. These should, and doubtless will, be replaced by the lessee during the present year. The additional cars built last year will in great part account for the increased expenses for maintenance of cars shown in the previous statement.

Your attention is invited to the Balance Sheet and Income Account of the Treasurer, and to Statements Nos. 1, 2, 3, and 4, furnished by the lessee, showing the comparative earnings; tonnage, ton mileage and revenue; passengers carried, passenger mileage and revenue; cost per ton and per passenger per mile; mileage of trains, and earnings, expenses and net earnings per train mile, for the fiscal years 1875 and 1876, appended to this report. These statements show an increased development of the traffic of the road, which, if continued as there is every indication of its being, must result, unless the rates for transportation shall materially decline below the average of the last year, in an increase in the rental receivable by your company.

No change has been made in the preferred stock or the funded debt of the company since the last report. The receipts for account of common stock have been increased $4,157 60 by the collection of installments on the same. There is still due $6,899 90 on this account. Of the floating liabilities it will be noticed there is due the Terre Haute and Indianapolis Railroad company, lessee, the sum of $97,118 92. Of this amount $91,018 17 is payable in the preferred stock of

this company; the remainder of the liabilities being payable in cash.

There have been no expenditures made during the year for additional construction and equipment. The payments appearing as additional charges on this account were in settlement of claims incurred prior to 1875.

Under the existing lease of your road the company is liable to pay all the taxes levied against its property and franchises. It is probably known to the stockholders that a portion of the property tax for the year 1873, and all the taxes on the capital stock for the years 1873, 1874 and 1875, levied in the different counties of Illinois through which the road is located, are contested on the ground of the assessments having been arbitrarily made, and also excessive in amount, and not in accordance with the law of the State. The suits will probably come before the Supreme Court of Illinois for argument in the present month of January, and a decision had shortly afterwards. The amount involved is about $50,000 00. Our counsel has much confidence in the company's final success in this matter.

Your directors deeply regret to announce the death of one of their number, in the person of Jediah F. Alexander, who died on the 26th day of August, 1876. He was for many years honorably and usefully connected with your company, both as Director and President, the road having been constructed under his administration. He was a good citizen, an intelligent business man, and a valuable member of your Board of Directors, and his loss will be greatly felt as well in the community in which he lived as by your company, whose interests he so well served for many years.

By order of the Board of Directors.

THOS. D. MESSLER, President.

INCOME ACCOUNT, October, 31st, 1876.

| | | |
|---|---|---|
| Balance November 1, 1875 | | $219,960 88 |

W. H. BARNES, Treasurer.

## Brattleboro' and Whitehall Railroad.

At a meeting of the friends of the Brattleboro' and Whitehall Railroad, held at Brattleboro', Vt., on the 1st inst., an organization was fully perfected and the following board of directors elected: Charles F. Thompson, Francis Goodhue, D. D. Dickinson, A. C. Howard, E. L. Waterman, E. J. Hawley, M. S. Colhern, D. L. Kent, Dwight Taylor, C. E. Reed, E. Temple, H. G Burleigh, W. H. Cook, R. E. O'Brien. W. H. Cook of Whitehall was elected President, and John A. Butler of Jamaica, Clerk and Treasurer. Jamaica and Townshend have already bonded for eight times their respective grand lists. Brattleboro' has raised a large sum by subscription.

☞ We notice the Western Railroad of Alabama are erecting Richle Bros. new self-adjusting Railroad Track Scales on their line at Montgomery. This firm's make of Scales are being demanded from all parts of the country.

## Statement of the Public Debt of the United States, February 1, 1877.

DEBT BEARING COIN INTEREST.

| Totals | $64,623,512 00 | $323,117 56 |

Interest paid by United States, $34,018,923 78; interest repaid by transportation of mails, &c., $7,004,553 52; balance of interest paid by United States, $27,014,370 26.

The foregoing is a correct statement of the public debt, as appears from the books and Treasurer's returns in the Department at the close of business, January 31, 1877.

LOT M. MORRILL, Secretary of the Treasury.

☞ The total coal tonnage of the Delaware, Lackawanna and Western Railroad Company for the year 1876, as furnished by the company, is 2,300,500 tons, of which 785,943 tons were shipped north and 1 514,557 tons shipped south. For the year 1875 the total tonnage was 3,327,177 tons, of which 1,181,068 tons went north and 2,146,108 tons went south. The aggregate decrease is 1,026,676 tons.

☞ The surveying party engaged in running an experimental line for the extension of the Castle Shannon and Washington (Penn.) Railroad, reached the eastern end of the Hempfield tunnel on the 22d ult. The line now being run, strikes the Hempfield extension near Clokey's, six miles east of Washington, and follows that road to the borough. The chief engineer of the party is Thomas P. Roberts, of Pittsburgh.

☞ J. R. Swan has been re-elected President and Robert S. S. Smith Treasurer of the Columbus and Xenia Railroad Company. The directors are: J. R. Swan, Robert Neil, Henry C. Noble, P. W. Huntington, R. A. Harrison, John W. Andrews, George M. Parsons, Baldwin Gwynne, Alfred Thomas, C. P. Cassidy, Henry Hanna and H. J. Jewett. The dividends of the company will be continued as hitherto—payable quarterly.

# RAILROAD SHARE LIST, including Mileage, Rolling Stock, Debts, Income, Dividends, &c., &c.

"—" occurring in the column headed "Rolling Stock" signifies that the cost thereof is included, in that headed "Railroad." A *dash* (—) across the column signifies "nil," and running *dots* (.....) signify "not ascertained." Land Grant Railroads are printed in "*Italics*." State-aid Railroads are distinguished by a "¶."

# American Railroad Journal.

**Saturday, February 10, 1877.**

### Financial and Commercial Affairs.

All through the week the tendency of the Money Market has been in the favor of the borrowing interest, the offerings of accommodation having been largely in excess of urgent business requirements, which have been very moderate for the season, notably so for mercantile purposes. Call loans were quoted at the close at 3@5, quite generally to the leading street borrowers at 3@3½, and very choice to prime mercantile credits at 4@6 per cent per annum. The City banks, as well as private lenders, have been making unusual efforts to place balances promptly and advantageously, which circumstance has tended to depress rates. The City bank averages, last week, again augmented the lines of deposits and legal tender reserve, though further reducing the specie item. The loan and discount average was also increased, and the item of circulation cut down slightly. The City bank deposits show a gain of $466,100, and the legal tender reserve of $1,053,900. The specie average was diminished $1,881,900. The loan and discount item was expanded $855,700. The circulation was contracted $67,600.

The City banks reported their average of gold last week at $38,305,100, as against $23,570,800 same date last year; and their greenback average at $43,305,100, as against $47,356,200 on Feb. 5, 1876. Their deposits stood at $231,091,700, against $229,529,100 same time in 1876. The loan item was $254,011,800 against $266,067,400 a year ago.

The City bank net reserve of specie and legal tender notes now shows an excess over the legal

requirement of reserve to liabilities of $28,837,275, as against $24,781,800, the preceding week. The City bank exchanges in currency reached $458,282,556 or a daily average of $76,380,426.

The income of the Government from internal revenues last week was about 2½ millions, and for the month of January $10,249,598; and from Customs last week about 3¼ millions.

The aggregate of the outstanding U. S. currency of all denominations, February 1, was $390,474,801. The outstanding amount of legal tender notes is $364,892,812. The National bank circulation is now $320,309,288, including $1,428,940 of national gold bank notes.

On Wednesday of this week the cash balances of the Treasury Department at Washington were: of Currency $10,546,134; special deposit of legal tenders for the redemption of certificates of deposit, $34,855,000; Coin, $89,170,192, including of Coin certificates, $55,000,200.

The U. S. Sub-Treasury in this city closed the week with a currency balance of $43,346,688, against $42,866,092 the preceding week; and a coin board of $69,120,197 against $68,876,474 on the previous return. The Customs revenue of the port during the week was $2,317,000.

The U. S. Sub Treasury receipts in January were $75,716,005 (of which $8,219,723 from customs); payments, $78,094,332, of which $210,463 of coin interest.

National Bank notes received at the Treasury Department last week for redemption were to the amount of $4,429,000.

Gold has been more active and quoted toward the close stronger. The speculative inquiry has been more confident, said to have been stimulated by the reports and rumors from Washington, as to the prospects of legislation, having in view the resumption of specie payments. The customs drain has been more extensive. The export movement light. The latest dealings indicated less firmness. The extremes of the price during the week have been 105⅛@106, closing on Wednesday at 105½, as against 105¼ on Wednesday of the preceding week. The specie outflow last week was $228,486 and since Jan. 1, $1,199,977 against $2,353,836, the same time in the preceding year. The imports of specie at this port last week were $205,912, and since January 1st $1,452,632 as against $394,411 same time last year. The Customs demand for gold last week averaged $386,167, per day. Foreign Exchange has been moderately sought after, but with limited offerings prime bills have been quoted firmer. Bankers' sixty day bills on London closed on Wednesday at $4 81½ @$4 85; sight bills on London at $4 86@$4 86½ to the £ sterling. The week's exports of Domestic Produce have been to the currency value of $6,522,846. The week's imports of Dry Goods and general merchandise were to the specie value of $6,495,787 as against $6,756,290 the corresponding week of 1876.

The week's import entries of Foreign Merchandise at New York included $2,610,416 of Dry Goods and $3,885,371 of General Merchandise.

Government securities have been more freely dealt in and quoted higher, closing very firmly on Wednesday as follows:

United States currency sixes, 128@123½; do. 6s, 1881, registered, 112⅞@113⅛; do. coupon, 113¾@114; do. 1865, registered, 108⅜@108⅝; do. coupon, 108⅜@108⅝; do. new, registered, 110@110¼; do. coupon, 110@110¼; do. 1867, registered, 112⅞@113; do. coupon, 112⅞@113; do. 1868, registered, 116½@117; do. coupon, 116½@117; do. ten-forties, registered, 110⅞@111⅛; do. coupon, 114@114¼; do. five twenties, 1881, registered, 110½@110¾; do. coupon 110½@110⅝; do. 4½ per cents, 1891, registered, 107½@107¾.

The public debt statement from Washington for Feb. 1, shows a further liquidation of $2,069,670 in January.

The amount of U. S. bonds held by the Treasurer of the United States, as security for the National Bank circulation, is $339,121,950.

The total of silver disbursements by the Treasury Department to date is reported at $27,536,189 38, of which amount $11,069,711 74 was paid in lieu of currency; for fractional currency redeemed in silver and destroyed, $16,251,372 24; for fractional currency undestroyed in hand, $215,105 40.

State and Railway bonds have been in fair demand, with the more substantial loans quoted generally firm in price. And in the line of Railway and Miscellaneous share property the week's business has been quite extensive in the speculative favorites, but at lower and variable prices, closing, however, with more firmness on the general list.

General business has been on a moderate scale in the more important articles of domestic produce with prices, as a rule, show less firmness. Cotton was exceptionally active and quoted stronger but closed rather easier. Foreign merchandise has been in comparatively slack request, and unsettled in price. Metals have been less active. Eglinton Pig Iron quoted here at $52 50@$26; Glengarnock $26 50@$27; Coltness $28 50; No. 1 American Pig at $20; No. 2 do. at $18 @$19; Forge $18; American Rails at works $36 @$40; Old Rails nominal. Wrought Scrap $26 @$26 50. Ingot Copper was quoted up 20¼@20½.

The Dry Goods trade has been quite brisk, in the line of domestic Cottons, which were, in several instances, advanced in price. Domestic woolens also attracted more attention. Ocean freights have been further depressed by increased offerings of room on berth and tonnage on charter. The inquiry for accommodation has been quite moderate and mostly from shippers of Grain, Provisions, Cotton, Seeds and Petroleum. The rates ruling at the close were about the lowest yet reached. Liverpool steamer rates were for Grain 4⅛d. per bushel. Provisions, 30s.@35s. Seeds, 30s. and Tallow, 25s.; Oil Cake 17s. 6d.; Leather, 50s. per ton; Cotton, compressed, ⅛d. per lb.; Apples, 3s. 6d.@4s. per bbl. Grain rates on charter hence for Cork and orders 4s. 9d.@5s. 6d. per quarter. Refined Petroleum for Cork and orders, 4s.@4s. 3d. per bbl. Grain by steam to Antwerp quoted as low as 3½d. per bushel. Provisions have been reported engaged on through freight account, by rail and steam, from Chicago, via Boston, Portland, and Philadelphia, chiefly Boston, for Liverpool, at the rate of 55ct. per 100lb.

The following quotations of sales of Railway and other securities are in addition to those given elsewhere in our columns:—

# Cincinnati $7\frac{3}{10}$ Per Cent.

**MUNICIPAL BONDS, DUE 1906.**

A LIMITED AMOUNT FOR SALE BY

# KUHN, LOEB & CO., 31 NASSAU ST.

**Chicago, Danville and Vincennes Railroad.**

The Illinois Division of the Chicago, Danville and Vincennes Railroad was sold at public auction on the 7th inst. by Bishop, Master in Chancery of the United States Court, under a decree of foreclosure made by Judge Drummond in December, 1876, in favor of the first bondholders. The road sold is from Dolton, Cook county, to Danville, Ill., about 108 miles and a few branches. The price paid was $1,450,000. The purchasers were Frederick W. Heidehoper, Thomas W. Shannon, and John N. Dennison, a committee appointed by the New York bondholders. The entire amount for which the road was foreclosed was $3,300,000. The entire indebtedness of the road is $7,500,000.

☞ The gross earnings of the Chicago, Milwaukee and St. Paul Railway Company for the year 1876 were $8,054,171 89 ; operating expenses $4,958,324 08 ; interest on mortgage debt $2,161,083 18 ; dividend October 5, 1876, 3½ per cent on preferred stock $429,606 90 ; added to sinking fund $53,000—total, $7,597,014 11, leaving a balance of $457,157 28.

☞ The United States Circuit Court for the Fifth Circuit and Southern District of Alabama, Hon. John Bruce presiding, has rendered a decree affirming the title of Morris Ketchum as Trustee under the first mortgage of the Mobile and Ohio Railroad Company.

☞ We invite the attention of the Bondholders of the Port Huron and Lake Michigan Railroad Company to the article on the Chicago and Lake Huron Railroad in another column.

**Sound to the Core! Its Management "Able, Prudent, and Honorable!"**

Read the following Official Certificates :

INSURANCE DEPARTMENT,
ALBANY, January 23d, 1877.

*To the Editors of the Evening Journal :*

Having caused a personal examination to be made of the condition and affairs of the Washington Life Insurance Company of New York, as of the 31st day of December, 1876, by Hon. John A. McCall, Jr., Deputy Superintendent, duly appointed by me for that purpose, and deeming it for the public interests that the result of his investigation should be published, I herewith enclose his report for publication.

Very respectfully yours, W. SMYTH,
Acting Superintendent.

ALBANY, January 23d, 1877.

*Hon. William Smyth, Acting Supt. New York Insurance Department :*

I respectfully report that in accordance with the provisions contained in your appointment No. 352, dated December 26th, 1876, and with the assistance of Messrs. Ballard, Willis and W. H. Smyth, I have completed an examination of the Washington Life Insurance Company of New York City.

The very satisfactory condition of the Company as exhibited below is attributable to the management of its affairs by able, prudent and honorable men. It gives me pleasure to state that in a minute and exacting investigation I find nothing to condemn, but, on the contrary, much to commend.

Complete schedules of mortgages, deferred premiums, and real estate investments as of December 31st, 1876, being the date of examination, have been placed on file in the department.

The following are the assets and liabilities:

ASSETS.

| | | | |
|---|---|---|---|
| Real estate | | | $159,284 80 |
| Bonds and mortgages | | | 2,384,252 79 |
| Cash in bank and office | | | 116,654 18 |
| Accrued interest on investments | | | 53,071 26 |
| Loans on policies within their value | | | 19,109 46 |
| Net uncollected and deferred premiums | | | 180,429 95 |

### The Coal Trade.

The total tonnage for the week ending on the 27th ultimo, as reported by the several carrying companies, amounted to 228,024 tons, against 322,799 tons in corresponding week last year, a decrease of 94,775 tons. The total amount of anthracite mined for the coal year is 1,548,875 tons against 1,610,471 for same period last year, a decrease of 61,595 tons. The quantity of bituminous coal sent to market for the week was 43,271 tons, against 47,720 tons for corresponding week last year, a decrease of 4449 tons. The whole bituminous tonnage from the beginning of the coal year is 186,217 tons, against 215,209 tons in corresponding time last year, a decrease of 28,992 tons. The total tonnage of all kinds of coal for the week is 271,295 tons, against 370,519 to corresponding date last year, a decrease of 99,224 tons, and the total tonnage for the coal year is 1,735,092 tons, against 1,825,680 tons to same date last year, a decrease of 90,588 tons. The receipts at Perth Amboy for the week ending on the 27th ultimo were 20,308 tons, the shipments 12,862 tons, leaving a stock on hand of 123,908 tons. The quantity of coal and coke carried over the Pennsylvania Railroad for the week ending Jan. 30 was 34,474 tons, of which 26,414 tons were coal, and 8060 tons coke. The total carried this year is 4,784,842 tons, of which 3,880,862 were coal, and 866,421 coke. This total embraces all the coal carried over the road east and west.—*Phila. Ledger, Feb.* 5.

☞ The balance of the City of Cincinnati 7.30 loan, offered by Messrs. Kuhn, Loeb & Co., is, we learn, nearly closed out. The steady decline in gold and the rapid movement of the Government funding at a difference of 1½ per cent in the yearly interest have given increased favor to all currency investments of late. Only a few of the bonds, we are informed, yet remain to be disposed of.

☞ The Cincinnati and Terre Haute Railroad, twenty-six miles of which is completed and in operation, was sold on the 31st of January under a decree of the United States Court to W. R. McKean, President of the Vandalia line, for $75,000.

# THE AMERICAN ELECTRIZER.

A COMPACT, CHEAP AND POWERFUL

## ELECTRIC BATTERY.

**Price Only $6.**

We, the undersigned, have examined the American Electrizer, recently introduced in the City of New York. It is, in our judgment, the most compact, convenient, and the cheapest Medical Battery ever offered, and quite as powerful as many of the more expensive Batteries. It is so simple and practical that any one can operate it, and so cheap that almost any one can afford to buy it; therefore, it meets a popular want. It will be found of great value by Physicians generally, and ought to be in every family.

HENRY C. HOUGHTON, M. D.
HENRY D. PAINE, M. D.

A LIBERAL DISCOUNT TO THE TRADE.

**VETTER & OEHMEN, 369 Bowery, bet. 4th & 5th Sts., N. Y.**

## ENVELOPES.

The subscribers beg leave to inform Railroad Companies, Manufacturers, Banks, Bankers, Insurance Companies, and all others who use Envelopes that they are largely in the Envelope Manufacturing business, having Machinery for producing 1,000,000 Envelopes per day. Their Folding Machines are the best in use, gumming the seal flap and folding the Envelope at the same time, giving a fine even gumming. Their assortment embraces every style, from the cheapest to the best, including Manilla Envelopes for Railroads—at very low prices. The small Envelopes for City Railroads—printed with different denominations—such as 10, 25, 50 and 100 cents—supplied by the large quantity very cheap. Samples sent when requested.

## American Railroad Journal.

New York, Saturday, February 17, 1877.

### Boston, Clinton, Fitchburg and New Bedford Railroad.

At the annual meeting of the stockholders of this company, held in South Framingham, Mass., on the 6th inst., the following gentlemen were elected directors: Nathaniel Thayer, Jr., Lymon Nichols, Nathaniel Thayer, George A. Torrey, Wm. B. Wood, of Boston; Wm. J. Rotch, Wm. W. Crapo, New Bedford; Henry N. Bigelow, Clinton; and Charles F. Crocker, Fitchburg.

From the Treasurer's statement, which was presented, it appears that the gross earnings for the four months ending September 30, 1876, were: from passengers, $178,365 79; freight, $220,416 67; mails, $4,468 29; express, $6,207 84; rents, $3,204 34—total, $402 662 93. The operating expenses and taxes during the same time were $255,409, leaving a balance of $157,253 93. From which deduct: coupon interest, $62,573 49; interest on floating debt, $40,029 18; rent of Framingham and Lowell Railroad, $12,809 77, leaving a surplus of $42,341 49; to which add accretions to sinking fund, $2,726—making the total surplus, as below, $45,067 49.

The financial condition of the company September 30, 1876, is exhibited in the annexed balance sheet:

| | | |
|---|---|---|
| Construction and equipment | | $5 807,879 07 |
| Real estate and wharf property | | 140,155 00 |
| B., C., F. & N. B. R. R. stock | | 1,275,150 00 |
| N. B. R. R. bonds not sold | | 528,000 00 |
| Framingham and Lowell ten year notes | | 36,000 00 |
| Oak Bluffs Land and Wharf stock | | 29,600 00 |
| N. B. & F. Street Railway stock | | 5,000 00 |
| Ledger balances | | 280,436 58 |
| Fuel and supplies | | 86,394 19 |
| Sinking fund | | 33,966 28 |
| Cash | | 15,480 99 |
| | | $8,238 062 06 |
| Capital stock | | $2,570,100 00 |
| Funded debt, 6 per cent bonds | | 571,600 00 |
| " " 7 " " | | 1,199,600 00 |
| " " 8 " " | | 870,000 00 |
| N. B. R. R. bonds not issued | | 528,000 00 |
| Notes payable | | 2,008,660 67 |
| Accrued interest | | 53,513 64 |
| Ledger balances | | 334,575 26 |
| Stock liability B., C. & F. stock (not exchanged) | | 57,045 00 |
| Surplus | | 45,067 49 |
| | | $8,238,062 06 |

During the months of October and November, 1876, the earnings were $196,942 98; and the expenses (including $25,051 21 for new iron and steel rails laid, and $5,337 54 for rent of leased road) were $164,623 88, leaving net income $82,-319 10.

A motion was offered and unanimously adopted approving of the action of the Board of Directors in applying to the Legislature for authority to issue $2,500,000 seven per cent preferred stock for the purpose of retiring the floating debt. In reply to an inquiry as to what was to be done with the $500,000 which was asked for in addition to the amount of the floating debt of $2,000,000, the President explained that it was not proposed to issue any more than was necessary to cancel the debt, but it was thought best to apply for an amount which would cover any contingency that might arise. The increase of the floating debt of the company was caused by the consolidated company paying for the stock of the New Bedford Company, and which the company has now on hand. The meeting then adjourned.

### Atlantic and Pacific Telegraph.

The entire system of telegraph lines and offices of the Baltimore and Ohio Railroad Company, including its various divisions and branches through to Chicago and Cincinnati, has been transferred from the Western Union to the Atlantic and Pacific Telegraph Company, giving to the latter the benefit of 140 new offices and an additional route for its Western business, with the use of over 8,-000 miles of wire, heretofore included in the Southern Division of the Western Union Telegraph Company. These lines and offices will in future constitute the Baltimore and Ohio Division of the Atlantic and Pacific Telegraph Company. The local business of the Marietta and Cincinnati Division will be included in the new arrangement on the first of May, when the contract with the Western Union Company on that division will expire. The Atlantic and Pacific Telegraph Company now has four independent routes from the seaboard west, together with numerous cross lines.

### New York Elevated Railroad.

The New York Elevated Railroad Company, acting upon the decision rendered by Chief Justice Curtis in the Supreme Court on Thursday of last week, commenced on Saturday the work of construction across the Battery from its present terminus to South Ferry. Beginning at a point opposite the end of Greenwich street, the structure describes the boundary of the park until it reaches Whitehall street. It passes between the trees standing in the park, and it will only be necessary to lop off a few overhanging branches to permit the cars to pass. The contractors in charge of the work promised to have it finished so that the company can run cars in ten days from the time the work began. Should no legal interference interrupt the work, it is expected that passengers will be carried from South Ferry to Central Park in less than two weeks.

☞ The report of the Receiver of the Erie Railway Company for December, 1876, has been filed in the County Clerk's office. From this it appears that the balance of cash on hand December 1 was $583,578 06; this amount, added to the

receipts, make a total of $2,522,261 72. The disbursements were $2,279,358 35, leaving a balance of cash on hand December 31 of $242,903 37.

### Railroads of Ohio.

The following synopsis of the forthcoming annual report of the Commissioner of Railroads and Telegraphs of Ohio is from the Ohio State Journal:

The aggregate of main line and branches in Ohio is 8,002 miles, but the earnings are confined to 7,868 miles operated. The net gain in length of main track and branches during the past year ending June 30, was 58 miles against 86½ miles the year previous.

A comparative statement is given, showing that during the past year 18,175,963 passengers were carried by rail, an increase of 982,015 over the previous year. The freight tonnage was 29,384,799, a gain of 3,598,298 tons. The gross earnings of lines operated were $63,261,140, a decrease in amount of $1,234,185.

While the gross earnings fell off over a million, the net earnings are increased $363,750, the total amount being $17,879,438, or three and thirteen-hundredths per cent.

The passenger earnings were $16,486,867, which is a decrease of $629,656; and the freight earnings $42,444,092, against $43,280,930 of last year, a falling off of earnings from this source of $786,837.

The aggregate of paid in capital stock reported by these companies is $268,283,650; of bonds outstanding $273,596,515; and of other net debt liabilities $28,914,990, or a grand total of $570,795,186. The interest paid on the funded debt of the various railroads doing business in Ohio, during the year, amounted to $9,819,202, and all other debts to $1,045,807.

Dividends amounting to $521,359 were paid on preferred stock, and $5,715,173 on general stock.

The proportion for Ohio in the above figures is as follows:

Capital stock paid in, $152,282,057.30; funded debt, $146,840,902 24; other debts, net, $18,599,272.78; total debt, $165,440,175.02. Total stock and debt, $317,722,232.32. Miles of main track laid with rail, 4,458.98; miles of double track, siding, etc, 1,302.65. Total earnings, $34,119,049.16; net earnings, $9,714,488.85. Number of employes (a reduction of 1,283) 26,433.

Of the fifty-six companies who are required to report to the Commissioner, thirty-one are operated either by the companies or a receiver, and twenty-five by lessees.

By returns forty-three companies show $182,131,217, as the cost of constructing 3,578 miles of completed main track. The amount, however, includes the grading of 385 miles additional not laid with iron. Twenty-seven companies give $28,548 686 as the cost of equiping 2,640.89 miles, and sixteen their lines being under lease or in progress, and no rolling stock, while thirteen who do not separate cost of construction from that of equipment, return $290,427,508 as the cost of these items combined of 4,038.09 miles.

This is an aggregate for road and equipment of $501,107,412, an average of $65,876 per mile, if divided upon the 7,607.59 miles of completed single main track owned by fifty-six companies.

The fifteen companies classed as railway lines, with 1,721 miles of proposed line, show an aggregate construction account of $3,830,426 expended for the grading of 348.61 miles, and the construction of bridges, tunnels, etc. The amount expended upon the lines in progress for the year ending June 30, 1876, was $1,772,040.

The seventy-one companies, including those with lines in progress, report their paid up capital stock as amounting to $270,942 187, an increase within the year of $2,434 644. The amount of mortgage bonds given is $274,208,045, and of other net debt $29,282,173, making a total of $303,490219. This shows an increase in funded debt of $4,737,412, and a decrease of $2,819,210 of other debt, caused in part from not deducting last year, as was done this, the amount of cash available to payment.

The aggregate of capital stock paid in bonds and other debt liabilities is $574,432,407, a total increase in these items of $4,352,846.

The rolling stock reported in use, compared with the year previous, shows an increase in number of 76 locomotives, 58 passenger and 1,448 freight cars, with a decrease of 20 express and baggage cars, 10 parlor and sleeping cars, and of 1,189 construction and other cars.

There were 1,920 miles of track laid with steel rail, 87,798 miles of telegraph line reported, with offices at 1,144 of the 1,750 passenger and freight stations upon the lines operated, and the number of men employed is 51,379.

The aggregate reported expenditure for the maintenance of way and structures is $11,278,336, a decrease from last year of $449 118, while the length of the line operated is increased over five per cent.

Of the lines in progress, reporting $2,658,587 capital stock paid in, nine have 11,420 Ohio stockholders. The other six failing to state the number.

The addition to length of operated line within the State for which returns were made for the past year was 46.84 miles, making a total of 4,430.60, upon which the average per mile of gross earnings was $7,700; 77 giving a total of $34,119,049, of which passenger transportation yielded 26 06 per cent., freight 67.09, mail 2.32 per cent., express service 2.07 per cent., and other sources 2.45 per cent. The result by comparison with the previous year is a total decrease of $1,135,068.44, or 3.22 per cent. The average cost per mile for operating the entire line was $5,767.88, a decrease of $505.27, or a fraction over 8 per cent. from last year. The average per mile for Ohio is $5,508 10—(257.70 less than for entire lines) a decrease in expense from last year of $65.73 per mile.

Eight lines were operated at a loss, the per cent. of expenses being on the Chicago and Central Southern 119.18; the Cincinnati, Hamilton and Indianapolis 117.94; the Cincinnati and Muskingum Valley 101.76; the Lake Huron and Collomer, a suburban passenger road 122.83; the Ohio Central (formerly Atlantic and Lake Erie, only 7.30 miles operated) 110.52; the Toledo, Canada Southern and Detroit 112.98; and the Ohio and Toledo, and the Painesville and Youngstown (narrow gauge) respectively 127.76 and 128.49. Upon other lines the per cent. of operating varied from 52 03 to 52.19 upon the Lawrence and Cleveland and Pittsburg, to 98.40 upon the Central Ohio Division of the Baltimore and Ohio.

During the year the various roads carried 18,175,963 passengers, who paid for their rides $16,486,867.77.

The companies also carried 9,348,799 tons of freight.

The report shows that $1,313,890.69 was paid within the year ending June 30, 1876, for taxes upon railroad property situated in Ohio, a fraction less than three per cent. upon the gross earnings of the lines within the State, for the same period. There was also returned or paid within the year for loss and damage of goods and baggage, $177,699; for injuries within the State to passengers, $9,024; to employes, $45,549.60; to other persons, $25,487, and for animals killed, $36,356; a total of $294,117, which is $78,794 less than the aggregate for these items the year preceding.

There are 528 reported casualties to persons during the year ending June 30. Of these ten passengers were killed and injured; 61 employes were killed and 220 injured, and of others who walked on the track, stole rides, etc., 116 were killed and 102 injured, the total killed in one year being 187 and the injured 341. From this it appears that the increase of passengers killed during the year is but two and of others one, and that 22 less employes were killed during 1876 than 1875.

There are now within the State 992 bridges, of which 772 are of wood, 120 of iron and 100 stone arch. Of this number 11 iron and one stone arch are new or have been rebuilt during the year.

The Commissioner says the reason the cost in operating is reduced is in part due to the fact that the roads are not kept up to the high standard they should be, and also the depression in business, and the sharp cutting of rates has also caused a reduction in expenses.

At the close of the report the Commissioner calls attention to the great importance of having the railroads of the country under proper supervision, and to show the magnitude of these interests he calls attention that while the taxes levied and payable for all purposes in Ohio, special and otherwise, amount to $27,952,271, or $9.30 per capita for all its inhabitants, $34,119,049 was paid for the transportation of freight and passengers within the State, a tax 22.58 per cent. greater, being $11.40 per capita.

The reports made by the telegraph companies are meager, showing the gross earnings for the past year to be $10,543,538. The gross expenses of operating was $7,100,351, and there was paid for construction of new lines, etc., $1,092,983.

Three dividends were made by the Western Union within the year aggregating 5½ per cent., or $1,858,200.

In Ohio there were 5,552 miles of poles, 14,322 of wire and 17 of sub-marine cable, with 546 offices and 786 employes. Thirteen thousand miles of wire are reported as being used partly with railway companies.

### Eastern (Mass.) Railroad.

The annual meeting of the stockholders of this Company was held in Boston on the 5th instant, for the purpose of considering the annual report of the directors. The meeting was called to order by Gen. Alfred P. Rockwell, President of the Corporation. The forty-second annual report of the directors was then read by the president. We have before published the report of the directors to the Railroad Commissioners, the same as is embraced in this report. After alluding to the act of 1876, and the action of the stockholders under it, the report says:

According to the provisions of this act, a meeting of the stockholders and of the holders of certificates of indebtedness, was held in Boston on the 21st of August, at which the nine directors of the present board were duly chosen. In administering the affairs of this corporation, the board propose faithfully to carry out the provisions of this act, in the hope and belief that the road may ultimately be extricated from its embarrassments and that a foreclosure under the mortgage may be avoided.

The work of exchanging the bonded and other unsecured indebtedness of the company into certificates of indebtedness has gone on in a very satisfactory manner.

On the 1st of February, 1877, the total amount of certificates of indebtedness issued was $11,628,097 35. There is every reason to believe that all of the unsecured debt will at an early day be converted under the general mortgage.

A question has arisen in regard to some notes of the company, for which the amount of $585,000 of the ten-year conpon notes was pledged as collateral. The queston is whether, under the act, these ten year notes pledged as collateral are convertible into certificates of indebtedness, as well as the debt for which they are pledged, or whether the creditors holding them are not put to their election; and, if they would have their debts secured under the mortgage, are not bound to give up their collateral. Suit has been brought by one creditor, and the question has been argued in the Supreme Court. A decision in that case, when rendered, will virtually settle the matter as to all creditors in the like situation.

A claim has been made, and suit brought, by the Eastern Railroad Company of New Hampshire, to test the question of the validity of the

lease of 1840, and of the supplementary agreement of 1862, under which this corporation has been in possession of and has operated the New Hampshire road ever since it was opened for travel. The suit has been transferred from the courts of New Hampshire to the United States Courts, where the rights of both parties will unquestionably be fairly considered, and where this corporation will have an opportunity to be heard before any decision is made against it. There is no reason to expect any other result than one favorable to the interests of this corporation.

A comparison of this financial report with the statement of the corresponding period of the previous year shows that—

| | | | |
|---|---|---|---|
| The gross income has decreased | $356,319 72, | i. e. 12.6 | per ct. |
| The operating expenses have decreased | $282,494 65, | " 13.6 | " |
| The net earnings have consequently decreased | $73,825 07, | " 9.7 | " |
| A further analysis shows that the earnings of the Passenger Department have decreased | $266,871 98, | " 15.1 | " |
| The expenses of the Passenger Department have decreased | $171,366 14, | " 13.3 | " |
| The net earnings of the Passenger Dement have decreased | $92,505 54, | " 2.0 | " |
| The earnings of the Freight Departm't have decreased | $84,145 39, | " 8 4 | " |
| The expenses of the Freight Departm't have decreased | $108,128 21, | " 14.1 | " |
| The net earnings of the Freight Department have increased | $23,982 82, | " 10.5 | " |
| It also appears that— | | | |
| The total number of passengers have decreased | 589,763, | " 10.9 | " |
| The number of passengers carried one mile has decreased | 5,748,055, | " 7.6 | " |
| The passenger mileage to and from other roads has decreased | 2,060,774, | " 14.6 | " |
| The number of tons of freight carried has decreased | 27,378, | " 4.1 | " |
| The number of tons carried one mile has decreased | 1,462,950, | " 4.09 | " |
| The freight mileage to and from other roads has decreased | 961,634, | " 6.99 | " |
| The miles run by passenger trains have increased | 20,137, | " 1.89 | " |
| The miles run by freight trains have increased | 8,268, | " 0.56 | " |

From the above figures it is evident that the falling off in earnings both from passengers and freight is chiefly due to the operation of the general causes which have affected all industrial and business enterprises in all parts of the country; and there is every reason to believe that, with the revival of industry and business activity at an early day, the income of the road will be restored to its normal amount. A very considerable reduction has been made in operating expenses, and the Board will make every exertion to reduce still further these expenses where it is possible to do so with due regard to the proper preservation of the property.

The property is at present generally in good condition, and has not been allowed to deteriorate during the year. In spite of the embarrassments of the company, the importance of keeping the track and rolling stock in an efficient condition has been fully recognized, and necessary repairs have been made; but no extensions of track or additions to rolling stock have under the circumstances been thought wise.

In repairs of track five miles have been relaid with new steel rails, and nine miles with re-rolled iron rails, and 56,233 new ties have been used. For the coming year it is estimated that twenty miles of new steel rails will be needed, for renewal of track now laid with iron.

It has been found necessary to replace the wooden bridge over the Saco river near North Conway, on the Portsmouth, Great Falls and Conway Railroad, by a combination bridge of approved construction, which will be completed within a month.

Insurance to the amount of $560,000—covering all the property of the company which is liable to damage by fire—has been effected on satisfactory terms.

The Legislature of Massachusetts at its last session passed an act authorizing the Railroad Commissioners to prescribe a uniform system of keeping accounts to be adopted by the railroad companies of the State. A system has accordingly been prescribed by them, which has been adopted by this company, and was put into operation on the 1st of October.

Among the requirements of the Railroad Commissioners in regard to making the annual return is one that the amount charged to construction and equipment account shall represent the actual cash value of the property. The board have accordingly thought it best to revalue the property, and to correct the books of the company to correspond with such revaluation. The profit and loss account has been charged with the difference between previous returns and the new valuation.

The report was accepted and placed on file. In response to an inquiry, it was stated that the rate of insurance upon the property was about one-half of one per cent. per annum, amounting to about $3,000 a year.

The report of the committee appointed to revise the by-laws of the corporation was presented and adopted. It provided that the annual meeting of the stockholders and holders of certificates of indebtedness for the choice of directors shall be held on the second Wednesday in December, and that special meetings shall be called on the written request of 30 stockholders. The Treasurer shall be required to give a $50,000 bond annually. No proxy shall be valid unless given six months before the meeting.

On motion it was voted that all by-laws previously adopted be repealed.

The President stated that the question of the reclamation of the property of the road which had been misappropriated or misused, in accordance with the report presented by Mr. Thomas last year, had been referred to a special committee of the directors, who had made some progress but were not yet ready to report. The meeting was then dissolved.

---

☞ A meeting of the stockholders of the Southern Maryland Railroad Company was recently held in Baltimore, at which Mr. S. S. Smoot, the President, and C. H. Winder, Secretary, were present. It was stated that Philadelphia capitalists have taken hold of the enterprise and will shortly commence work on the road, which is to be completed in four months from Point Lookout to Brandywine, sixty miles, and probably to Washington, 76 miles. The roadbed has been graded 45 miles, with cross-ties on the spot. A meeting will be held in Philadelphia, when the contracts will be awarded.

---

### Philadelphia and Erie Railroad.

At the annual meeting of the Philadelphia and Erie Railroad Company, held in Philadelphia on the 12th inst., the President of the Company, Robert Thompson, read his annual report, in which the following figures appeared:

| | |
|---|---|
| Received from freights | $2,640,884 81 |
| Received from passengers | 526,430 85 |
| Received from express, mail and miscellaneous | 185,663 51 |
| Total | $3 352,979 17 |
| Expenses | 2,188,445 92 |
| Net earnings | $1,164,533 25 |

In 1876, there were 691,560 passengers carried, against 612,402 in 1875. The amount of freight carried in 1876, was 2,517,470 tons, against 2,396,434 tons in 1875. The total receipts of the company last year were $45,480 08 greater than in 1875.

The following managers were elected: Robert Thompson, Samuel G. Lewis, Wistar Morris, Strickland Kneass, Jos. W. Gaskill, J. N. Du Barry, A. J. Derbyshire, Alexander Biddle, Samuel G. Thompson, J. Alex. Simpson.

---

### Ohio Central Railroad.

The Ohio Central Railroad, formerly the Atlantic and Lake Erie, is incorporated to run from Pomeroy, Ohio, on the Ohio River, northeasterly to Toledo, 234 miles. It is contracted from Chauncy, Athens Co., to Bucyrus, Crawford Co., 125 miles, and being pushed rapidly forward. The track is completed between Bremen, on the Cincinnati and Muskingum Valley Junction, north twenty-eight miles, to the Pittsburg, Cincinnati and St. Louis, four miles west of Newark, and track-laying will be continued to Granville and beyond.

---

### Illinois Central Railroad.

During the month of January, 1877, 592 02 acres of land were sold for $4,517 78. The cash collected on land contracts was $14,233 87. The traffic on the Line in Illinois (707 miles) was $374,837 76 against $426,162 68 in January, 1876.

This company is in negotiation with the owners of the Iowa Lines for a revision of the terms of lease. Meantime monthly statements of Iowa traffic will be omitted.

---

☞ The Chester River Steamboat Company have engaged the Harlan & Hollingsworth Company, of Wilmington, Del., to build a new side-wheel steamer to run between Baltimore and Chester River. The new boat is to be 165 feet in length, 29 feet breadth of beam, 45 feet breadth over the guards and 9 feet hold. It will have a day saloon on the upper deck, with a ladies' saloon on the lower deck, and room for freight. The engine will be 9 feet stroke, with 38 inch cylinder.

---

☞ The Providence and Worcester Railroad Corporation have decided to use the Miller platforms and air brakes on the passenger trains of the road.

---

☞ Mr. Chas. Donnelly, of Pittsburgh, has been elected President, and Welty McCullough, of Greensburg, Secretary and Treasurer of the Mt. Pleasant and Broadford Railroad Company.

### Imports of Dry Goods at New York.

The imports of foreign dry goods at New York for the month of January, were:

☞ In the United States Circuit Court, Pittsburg, on the 12th inst, Edward W. Clark, Benjamin Williamson and William H. Tillinghast were appointed Receivers of the Lehigh and Wilkesbarre Coal Company. They were required to file bonds to the amount of $300,000 for the faithful performance of their duties. An injunction was granted restraining all persons from interfering with the receivers in taking possession and in the transaction of all their business as receivers.

## LAW DEPARTMENT.

EDITED BY R. STUART WILLIS.

### THE RESPONSIBILITY OF CITY RAILROADS IN CASE OF ACCIDENTS.

New York Court of Appeals. Maher, etc., infant, etc., respondent, vs. Central Park, North and East River Railroad Company, Appellant.

The above suit, which may be of interest to the readers of the JOURNAL, was decided in favor of the Plaintiff by the Court of Appeals during September last.

The facts of the case are as follows: the action was brought by the Plaintiff, an infant 9 or 10 years of age, to recover damages for injuries received through the negligence of a driver of one of the Defendant's horse cars; and from the testimony it appears the car stopped for the Plaintiff and two other boys, to let them get on, but started before they had time to do so. The driver stopped and told the boys to jump on; they started for the rear platform for that purpose, when the driver told Plaintiff to jump on in front; he did so, but before he reached the second step, the driver struck the horses, and the car gave a jirk, knocked Plaintiff off, and his leg was injured, and subsequently his foot had to be amputated.

At the close of Plaintiff's case, and also at the end of the trial, the Defendant's counsel moved to dismiss the complaint on the grounds that Plaintiff was not free from negligence, but was guilty of a contributory negligence and that no negligence was shown on the part of Defendant. Both motions denied.

On appeal it was held, no error; that the questions of Defendant's negligence and of Plaintiff's contributory negligence were properly submitted to the jury; that it is enough to authorize a non suit that the evidence would warrant the jury in finding the Plaintiff was negligent, and that his negligence contributed to produce the injury. See 60 New York Reports, 326.

That the fact that Plaintiff jumped on the front platform of itself and under the proof was not sufficient to establish negligence is matter of law; that persons traveling on a railroad car are justified in following the directions or requests of the employee in charge, while he is engaged in the direct line of his duty.

The Court was requested to charge that it was negligence for Plaintiff, under the evidence, to attempt to get on the front platform; he did so with the qualification if the jury believed he did that, without the car stopping or being stopped. Held no error.

The judgment of the General Term was affirmed, giving a judgment on verdict for the Plaintiff. The opinion was given by Justice Miller.

By this decision it will be seen that the Plaintiff jumped on the cars, contrary to the rules of all City Railroad Companies, prohibiting the getting on and off of cars by the front platform; but did so by the direction of the Defendant's employee or servant, which did away with all negligence and made the company responsible.

☞ The gross earnings of all the railroads in Minnesota last year were $6,000,967; total expenses, $4,202,543; earnings over expenses, $1,798,424.

### Illinois Central Railroad.

REPORT OF THE DIRECTORS TO THE SHAREHOLDERS.

The results of working your property for the year 1876, have been affected by three causes:

First. Restrictive Legislation, and the failure of the wheat harvest in Iowa.

Second. The serious injury to the corn crops of Illinois, by the copious rains of July.

Third. The competition of the Trunk Lines in extending their contest for Western business, to points upon and West of your road.

The general business of the country is still suffering from the evils of an irredeemable currency. The shrinkage of values of every description of property increases, as the value of the currency approximates to the gold standard. There has been a wide spread feeling that legislation may find a cure for this, and hence the Legislatures of some of the States have adopted measures, which are not only restrictive, but fatal to commercial enterprise, and from which no benefit has been derived by the people.

These remarks apply with special force to railways, which can only be kept in existence by continued expenditures of money. The Legislation of the State of Iowa, affecting our company from the lease of the Iowa Lines, compelled a reduction of 25 to 40 per cent. from the Tariff in force in Iowa prior to our submission to the Law. This came at a most unfortunate season, when we were suffering from a bad harvest and consequent short crops. The average production of wheat in Northern Iowa last year, was four to six bushels per acre. Thus, the volume of traffic diminished, while the compensation was also reduced.

Unless sounder opinions prevail, and protection is afforded to the Railways in Iowa, it will not be long before we shall witness applications to the Legislature for appropriations to assist some of the Railways to continue operations in order to secure means of transportation for the agricultural products of the regions traversed by them.

The result of working the Iowa leased lines for the year 1876, under the circumstances above stated, was as follows:

| | | |
|---|---|---|
| Gross receipts .... .... .... .... | | $1,619,277 32 |
| Operation expenses & taxes ..... .... .... | $1,115,206 99 | |
| Rentals ..... .... .... | 625,987 56 | |
| Extraordinary expenditures .... .... .... | 155,225 40 | |
| | | 1,896,419 95 |
| Deficiency .... .... .... .... .. | | $277,142 63 |

These troubles in Iowa were followed by very serious injury to the corn crops of Central Illinois from heavy rains in July. Up to that time, the season had been unusually propitious, but continuous rains prevented the cultivation of the fields for more than a month. Thus the great staple in Illinois was lamentably deficient, and through the most fertile part of the corn belt, there was scarcely a third of the average crop harvested. Again, in the Southern parts of the State, the frosts in the early part of 1876 injured the fruit trees, destroying the crop, which had previously been a valuable source of revenue.

These various disturbing elements were greatly aggravated by the contest of the four Trunk Lines for the grain trade of the West. The Baltimore and Ohio Railroad Company, backed by the City of Baltimore, has been for several years extending its ramifications West of Cincinnati, St. Louis, and finally to Chicago. It has also communication across the centre of Illinois, through Springfield, to the Illinois River, connecting with several Bankrupt Lines in the hands of Receivers. The two Northern Lines, the New York Central and Pennsylvania Central, has also their series of connecting Lines, each of them connecting with Railways in the hands of Receivers, and reaching the Mississippi River at several points. In order to control the traffic from the points of production, engagements for through freight to New York were made from six to eight points in Central Illinois at the same rates as were made from Chicago to New York, thus cutting off any inducement

to ship grain to Chicago. This contest has not added, it is believed, to the prosperity of the four Trunk Lines engaged, and has generally demoralized the transportation system of the country. These lines make use of and connect with a number of Bankrupt Roads in Ohio, Indiana, Illinois, and Michigan, under the control of Receivers appointed by the Courts, who in the majority of cases, are interested only in making as large a gross revenue as possible, without regard to the cost of doing the business or the net result.

This condition of things is entirely beyond the control of your Board of Directors, who cannot make your railway exceptional, or prevent it from suffering the disasters attending the almost unlimited railway construction in the past ten years.

There would seem to be some point beyond which these controversies cannot be carried, but until some solid basis of settlement and adjustment is reached, there can be no profit derived from the immense property invested in the railway systems of the middle and northwestern states. There are but four dividend paying railway corporations running west from Chicago. These have enlarged their income by extensions west and southwest towards Nebraska and Kansas.

Up to a recent period, Chicago held the control of the Grain Traffic. It was supposed that the cheap water communication by the Lakes would debar transportation by rail during the summer. The cost of taking a bushel of grain from Chicago to New York for several successive years was from 22 to 30 cents per bushel. As water communication has cheapened, rates by rail have been reduced in greater ratio. Last season, grain was carried by water at an average of 9¼ cents per bushel from Chicago to New York. In face of this extremely low rate, nearly one-half the grain was sent direct from local stations in Illinois to the East by railroad. Chicago has ceased for the present at least, to be the great entrepot for the grain products of the country West and South of it. Since 1872, the rates for grain to Chicago from local stations on our line have been reduced from twenty to thirty per cent., while lumber rates at most points have been reduced fifty per cent. and over.

Notwithstanding this condition of affairs, the result of the operations of the Illinois line down to 30th of June last, were as follows:

| | |
|---|---|
| Gross earnings | $2,680,166 77 |
| Operation expenses and tax | 1,607,308 69 |
| Showing a net of | $1,072,858 08 |

which was $47,865 70 above that of the corresponding period of 1875. In June last, when the dividend of August 1st was declared, the Directors did not anticipate the full effects of the loss of traffic in the autumn months. Soon after the payment of the August dividend, these causes affecting our revenue developed themselves, and the absolute loss in gross earnings in Illinois during the last six months of 1876 was $501,566 59, which brought the net result for the year on the whole line down to $2,144,766 31—being $525,305 61 less than the net result for the year 1875. In the general accounts of the company, the two dividends of Feb. and Aug. 1876 are charged in the year's accounts, whilst in fact the Aug. dividend and that of Feb. 1877 correspond to the net result for the year 1876. This net result justified the two per cent. dividend declared by the Board payable on Feb. 1, 1877, on the basis of the following figures:

| | |
|---|---|
| Interest on funded debt | $616 792 01 |
| Dividend of Aug. 1, 1876 | 1,160,000 00 |
| Dividend of Feb. 1, 1877 | 580,000 00 |
| | $2,3.6,792 01 |
| Balance to credit of income account from '75 | $109,023 56 |
| Net result from operations in 1876. | 2,144,776 31 |
| Receipts from land department | 143,837 69 |
| | $2,397,637 56 |

The cash balance covered the dividend declared. The indebtedness of the company is confined to its funded debt of $10,662,000, upon which the interest was last year, with premium on gold, $616,792 01, being less than one-third of the net revenue.

The assets of the company, besides its property in Illinois, comprise nearly $5,000,000 bonds of the railways from Cairo to New Orleans. Default was made in the payment of interest on these bonds, and upon application of this company, these roads were placed in the hands of a Receiver on the 10th March last. The suit has been prosecuted with the least possible delay. Both the railways are now placed in the hands of the Trustees of the mortgages for sale, and will be sold within a few months for the benefit of the bondholders. The line is now under our control. Mr. James C. Clarke, our Second Vice President, has been acting since January 1st, under orders from the Trustees, as General Manager of the entire Line; 10,400 tons of iron have been laid, and very extensive improvements made to the track. This company has advanced $398,236 07 secured by the coupons on the first and second mortgages. The Directors have not felt it safe to incur large expenditures upon this property until they obtain actual possession of it, which it is hoped will occur within a few months. The line has been operated in a disconnected manner. The State of Tennessee had possession of 117 miles of road lying within its borders for non-payment of interest on the debt due to the State. Managed in this disjointed way, the result of the operations of 1876 afford but little evidence of the true value of the property in efficient hands. At this time the Directors will only say that from September 1st to this date, the business offering has been entirely beyond its capacity. Owing to want of sufficient plant, it has been compelled to relinquish at least one-fourth of the business falling naturally upon it. Sufficient results, however, have been arrived at to satisfy the Directors that the local resources of this line, when it is in good order and fully equipped, are fully equal to the interest on its mortgage debts.

The Board confidently anticipate that the ultimate effect of the Emancipation Act, opening the protection of the law to the poorer classes, will be increased prosperity in the Southern States. Up to the present time, it has resulted in a larger production of their staples at a lower cost than heretofore. The profit of the crop is subdivided among a greater number, and as the number of small planters increase, we may look for an increasing demand for supplies from the northwest, which can be furnished nowhere cheaper than from Central Illinois.

This Southern trade and the growth and prosperity of the Southern States have been retarded by political questions, but the Board are encouraged to believe that this difficulty will soon be removed and that the future prosperity of this company will be derived from its southern and southwestern connections. This will be following out the original design to make a continuous line of communication from the Lakes to the Gulf of Mexico, in aid of which Congress in 1851 made large grants of public land to this company and to the Mobile and Ohio Company. Time alone will determine whether the expectations of the Directors are based upon good judgment.

The value of these Southern connections to this company may be estimated from a comparison of the following figures, which show the freight traffic derived from this source from 1873 to 1876 passing through Cairo:

| | |
|---|---|
| 1873 | $151 459 10 |
| 1874 | 316,558 82 |
| 1875 | 422,786 27 |
| 1876 | 585,238 46 |

The Directors have endeavored to explain to the shareholders that through the failure of the crops adverse legislation in Iowa, and the unprecedented competition of railways traversing our territory—all affecting your property at the same moment—the reduction of income and dividend was unavoidable. It is possible that Iowa will reverse its legislation, following the example of Wisconsin and Minnesota, both of which States have repealed the restrictive laws which were popular a few years since. A full harvest will again restore traffic. But the control which the Illinois Central held for many years of the transportation of the products of Central Illinois to Chicago is seriously impaired by the number of railways traversing the centre of the State in every direction. There are in actual operation, within the limits of Illinois, 7,109 miles of railroad. 25 different corporations, operating about 3,000 miles, are either actually in the hands of receivers, or having failed to pay interest on their bonded debt, are at the mercy of their creditors, and liable to be placed in the hands of receivers at any time. Our chief difficulty is in dealing with bankrupt roads. We are urged to purchase or lease several of these roads, which can be done upon terms far below their actual cost,—in some instances at 50 per cent. of their bonded debt. Your board hesitating to incur the responsibility of such engagements, requested in November last, that a committee should be named by the English and Dutch shareholders, who hold a majority of our shares, and that such committee of shareholders should, accompanied by some members of the present board, visit Illinois, and give their judgment at the general meeting of shareholders in May touching the policy which it is advisable to adopt for the general interest, either by taking up some of the lateral lines referred to, or by extending our operations in the direction of our southern outlet.

The board regret that during the last year they have been deprived of the valuable aid of their president, Mr. John M. Douglas, who retired from office after twenty years of service. There are also several vacancies in the direction which call for the selection of new managers.

It is important that this committee should arrive at an early day and be prepared to submit to the shareholders their views in regard to the policy to be adopted, and as to these new appointments, for action at the annual meeting in May.

The operations of the line will be conducted with the utmost economy, at the same time the directors will endeavor to avoid that false economy which would result in deterioration of the property committed to their charge.

By order of the Board,

L. A. CATLIN,
Secretary.

New York, 1st February, 1877.

---

☞ The Garrett (Md.) Herald says there is good prospect of the construction of a railroad from the coal wharves at Cumberland to the Potomac and Savage River coal fields above Bloomington. The route has been surveyed, and is entirely separate and distinct from the projected road from Cumberland to Lonaconing via Wills creek.

---

☞ The United States Court for the Eastern district of Virginia has ordered the receiver of the Atlantic, Mississippi and Ohio Railroad to pay on March 15th, proximo, the coupons on the bonds of the Virginia and Tennessee, South Side, and Norfolk and Petersburg Railroad Companies, due 1st January, 1877.

---

☞ The Chicago and Alton Railroad Company have determined to extend the western extension of their line from Mexico, Mo., its present western terminus, to Kansas City, a distance of one hundred miles, through a rich and fertile country.

---

☞ The route for a railroad from Smithburg, Md., to Chambersburg, Pa., via Waynesboro' has been surveyed.

# American Railroad Journal.

**Saturday, February 17, 1877.**

### Financial and Commercial Affairs.

Unusual ease has been reported in Money, influenced by the accumulating supplies of idle balances at this point, and the comparatively moderate call from all responsible sources for accommodation. Foreign advices, in the financial line, have been of a tenor favorable to the smooth working of the general market here. In the loan and discount line the movements of the week have not been sufficient to afford prompt and lucrative employment to the offerings of capital. Call loans were quoted at the close at 2@4, quite generally to the leading street borrowers at 2@3, and very choice to prime mercantile credits at 5 @5 per cent per annum. The City banks, last week, further enlarged their lines of deposits and legal tender reserve, though again cutting down the specie item. The loan and discount average was enlarged moderately, and the item of circulation slightly. The City bank deposits show a gain of $943,400, and the legal tender reserve of $481,600. The specie average was diminished $2,688,500. The loan and discount item was expanded $2,805,300. The circulation was increased $71,900.

The City banks reported their average of gold last week at $35,616,600, as against $38,305,100 same date last year; and their greenback average at $43,786,700, as against $43,305,100 on Feb. 12, 1876. Their deposits stood at $232,085,100, against $231,091,700 same time in 1876. The loan item was $256,817,100 against $254,011,800 a year ago.

The City bank net reserve of specie and legal

tender notes now shows an excess over the legal requirement of reserve to liabilities of $23,837,275, as against $21,394,525, the preceding week. The City bank exchanges in currency reached $446,185,463 or a daily average of $74,330,910.

The income of the Government from internal revenues last week was about 2¾ millions, and since January 1st about 14 millions; and from Customs last week about three millions.

The aggregate of the outstanding U. S. currency of all denominations, February 1, was $390,474,801. The outstanding amount of legal tender notes is $364,892,812. The National bank circulation is now $318,236,266 of currency notes and $1,428,940 of national gold bank notes.

On Tuesday of this week the cash balances of the Treasury Department at Washington were: of Currency $11,802,153; special deposit of legal tenders for the redemption of certificates of deposit, $35,985,000; Coin, $88,618,227, including of Coin certificates, $54,718,200.

The U. S. Sub-Treasury in this city closed the week with a currency balance of $43,586,639, against $43,346,688 the preceding week; and a coin board of $70,604,002 against $60,120,197 on the previous return. The Customs revenue of the port during the week was $1,170,000.

National Bank notes received at the Treasury Department last week for redemption were to the amount of $4,212,800.

Moderately active movements have been reported at the Gold Exchange. The speculative inquiry has been less animated; the Customs call fair; and the export drain heavier. The fluctuations have been within narrower limits. The extremes of the price during the week have been 105⅝@105⅞, closing on Wednesday at 105⅝, as against 105½ on Wednesday of the preceding week. The specie outflow last week was $688,638 and since January 1, $1,888,615 against $3,308,040, the same time in the preceding year. The imports of specie at this port last week were $441,146, and since January 1st $1,893,778 as against $433,615 same time last year. The Customs demand for gold last week averaged $295,000, per day. Foreign Exchange has been in less demand and quoted easier. Bankers' sixty day bills on London closed on Wednesday at $4 81@$4 84½; sight bills on London at $4 85@$4 85½ to the £ sterling. The week's exports of Domestic Produce have been to the currency value of $4,977,839. The week's imports of Dry Goods and general merchandise were to the specie value of $4,670,886 as against $5,210,518 the corresponding week of 1876.

The week's import entries of Foreign Merchandise at New York included $2,070,652 of Dry Goods and $2,500,134 of General Merchandise.

The total exports of treasure from San Francisco by sea and rail in January were $2,527,428, against $2,391,287 10 same month in 1876.

A fair investment demand has been reported for Government securities which have been fluctuating in price, in sympathy with Gold, and near the close under the influence of the new call for bonds for redemption. The offerings of the several issues have been comparatively moderate at the ruling figures, the general market closing firmly on Wednesday as follows:

United States currency sixes, 123¼@123½; do. 6s, 1881, registered, 112½@112¾; do. coupon, 113⅜@113⅝; do. 1865, registered, 108⅜@108¾; do. coupon, 108⅜@108⅝; do. new, registered, 109⅝@109¾; do. coupon, 109⅝@109¾; do. 1867, registered, 112⅝@112¾; do. coupon, 112½@112¾; do. 1868, registered, 115½@116; do. coupon, 115½@116; do. ten-forties, registered, 110⅜@110⅝; do. coupon, 114½@115; do. five twenties, 1881, registered, 110⅜@110⅝; do. coupon 110⅜@110⅝; do. 4½ per cents, 1891, registered, 107½@107¾.

The amount of U. S. bonds held by the Treasurer of the United States, as security for the National Bank circulation, is $339,611,450, and $19,199,900 as security for public deposits.

State and Railway bonds have been moderately sought after on investment, and the more substantial loans have been generally very well supported as to values. And in the line of Railway and Miscellaneous share property the week's business has been again quite extensive in the speculative favorites, but with prices further materially depressed, closing heavily and irregularly on the general list.

General business has been to fair average in the leading kinds of domestic produce, but prices have been unsettled. Wheat closed stronger. Corn also firmer, rallying from the low rates current early in the week. Pork, Lard, Cotton, Petroleum, and Naval Stores weaker. The Metal trade has been less active, with Eglinton Pig Iron quoted here at $25 50@$26; Glengarnock $26 50@$27; Coltness $28 50; No. 1 American Pig at $20; No. 2 do. at $18@$19; Forge $18; American Rails at works $36@$40; Old Rails nominal. Wrought Scrap $26@$26 50. Of Steel Rails, further sales of 10,000 tons have been reported on p. t. Ingot Copper was quoted down to 19¾@20.

The Boot and Shoe trade has shown more animation. Hides lower, and in less request. Leather in better demand. In the Dry Goods line, the dealings have been quite extensive, especially in domestic Cottons, which were, in several instances, further advanced in price. Domestic woolens and desirable foreign fabrics were also more sought after. Ocean freights have been quoted firmer, with more inquiry for accommodation chiefly from shippers of Grain, Provisions, Cotton, Resin, Oil Cake, Slate and Petroleum. Liverpool steamer rates at the close for Grain 5s.@5½d. per bushel. Provisions, 30s.@35s. Seeds, 30s. and Tallow, 25s.; Oil Cake 16s. 3d.; Leather, 45s. per ton; Cotton, ½d. per lb.; Apples, 8s.@3s. 6d. per bbl. Grain rates on charter hence for Cork and orders 5s. 3d. per quarter. Refined Petroleum for Cork and orders, 4s. per bbl. Further engagements of Provisions have been reported on through freight account, by rail and steam, from Chicago, via Boston and Portland, chiefly Boston, for Liverpool, at the reduced rate of 50c. per 100lb.

The following quotations of sales of Railway and other securities are in addition to those given elsewhere in our columns:—

# Cincinnati 7 3/10 Per Cent.

**MUNICIPAL BONDS, DUE 1906.**

A LIMITED AMOUNT FOR SALE BY

# KUHN, LOEB & CO., 31 NASSAU ST.

**Redemption of Five-Twenty Bonds.**

The Acting Secretary of the Treasury issued on the 12th inst. the 89th call for the redemption of 5-20 bonds of 1865, May and November. The call is for $10,000,000, of which $7,000,000 are coupon and $3,000,000 registered bonds. The principal and interest will be paid at the Treasury on and after the 12th day of May next, and the interest will cease on that day. Following are descriptions of the bonds:

Coupon bonds—$500, Nos. 31,501 to 35,800, both inclusive; $1,000, Nos. 70,551 to 79,000, both inclusive.

Registered bonds—$50, Nos. 401 to 450, both inclusive; $100, Nos. 5,301 to 5,950, both inclusive; $500, Nos. 3,601 to 3,800, both inclusive; $1,000, Nos. 13,351 to 14,300, both inclusive; $5,000, Nos. 5,101 to 5,350, both inclusive; $10,000, Nos. 9,301 to 9,750, both inclusive.

**Central Railroad of Iowa.**

From the Report of the Receiver and General Manager, Hon. J. B. Grinnell, for the year 1876, we learn that the earnings were: from freight, $511,761 86; passengers, $177,309 81; other sources, $26,456 82; total, $717,526 49. Expenses, including $240,422 55 for repair of track, $26,145 54 for bridges and culverts, $116,197 55 for cars and locomotives, $667,978 58. Of this $183,617 46 is not properly chargeable to current operating expenses. This deducted leaves net earnings $182,975 84, equal to 74½ per cent for operating expenses, against 77 per cent for 1875 and 87 per cent for 1874. For new construction, not included in above expense account there has been expended $49,599 38.

☞ The Southbridge and Brookfield (Mass.) Railroad Company has organized with the choice of the following officers: President, C. A. Dresser of Southbridge; Secretary, J. M. Cochrane of Southbridge; Treasurer, C. A. Page of Southbridge; General Manager, John Gilman of East Brookfield. The towns along the line of the road will be asked to contribute half the sum required to build and equip the road, and individuals will contribute the rest.

☞ A careful and exact survey of the Union and Central Pacific railroads between Council Bluffs and Sacramento shows that the length of these railways is somewhat greater than was shown by the original measurements upon which the subsidies were issued—a mile and a quarter for the Union and a little less than a mile for the Central Pacific.

☞ Francis S. Lathrop, of Madison, N. J., has been appointed Receiver of the Central Railroad Company of New Jersey.

**Bessemer Steel.**

The Bulletin of the American Iron and Steel Association publishes returns from the eleven establishments in this country which were engaged in the manufacture of Bessemer steel last year. The product does not represent the annual capacity of the works, as one of them did not go into operation until September, and the others were not worked to their full capacity. And yet they converted 539,474 net tons of pig iron and spiegeleisen into steel, against 395,956 tons converted in 1875, and 204,352 tons converted in 1874. Of spiegeleisen 45,980 net tons were used in 1876, against 33 245 tons in 1875. 525,996 net tons of Bessemer steel ingots were produced in 1876, against 375,517 tons in 1875, and 191,933 tons in 1874. The manufacture of Bessemer steel rails increased in a similar proportion, the product in 1876 being 412,461 net tons; in 1875, 290,863 tons; in 1874, 144,944 tons; in 1873, 129,015 tons; in 1872, 94,070 tons; in 1871, 38,250 tons; in 1870, 84,000 tons; in 1869, 9,650 tons; in 1868, 7,225 tons, and in 1867, 2,550 tons—a total production of 1,163,028 net tons in ten years, of which probably one-half has been produced within the last eighteen months.

☞ At Towsontown, Md., on the 30th ult., the corporate franchises of the Baltimore, Philadelphia and New York Railroad Company, also 4,000 cross-ties, one transit, one box mathematical instruments and office furniture of said railroad were sold at sheriff's sale to Walter Scott for $1,618.

☞ The Vaca Valley (Cal.) Railroad Company have purchased 1,000 tons of railroad iron, to be delivered in April, for an extension of the road from Winters, the present terminus, to Madison, Yolo county. They have also bought 30,000 ties, for the work from West Evans.

☞ The officers of the La Crosse and Viroqua Railroad Company, recently elected, are: N. McKie, President, Viroqua; Alex. McMillan, Vice President, La Crosse; Henry Kasson, Jr., Secretary, Viroqua; Theo. Rodolf, Treasurer, La Crosse.

☞ The survey of the extension of the Pittsburg, Virginia and Charleston Railroad from Monongahela City to Brownsville, Penn., will be finished this week, after which the contracts for grading and track laying will be awarded.

☞ The earnings of the Dacota Southern Railroad for the year ending December 31, 1876, were $196,788 57, the expenses $103,203 53, and the net earnings $93,585 04.

☞ A new division of the Virginia and Truckee (Cal.) Railroad has been surveyed and located from Carson to Genoa. It will be sixteen miles in length.

☞ The earnings of the Salinas Valley Railway, in California, during the six months ending January 1, 1877, were $32,943 05, and the expenditures $16,921 81.

☞ The gross earnings of the Sheboygan and Fond du Lac Railroad in 1876 were $120,784 87, the expenses $79,900 96, and the net earnings $40,879 91.

☞ The Tennessee Supreme Court has decided railroad property to be subject to State, county and municipal taxation.

### The Coal Trade.

The total tonnage for the week ending on the 3d instant, as reported by the several carrying companies, amounted to 240,805 tons, against 262,783 tons in corresponding week last year, a decrease of 22,478 tons. The total amount of anthracite mined for the coal year is 1,781,181 tons against 1,882,755 for same period last year, a decrease of 93,574 tons. The quantity of bituminous coal sent to market for the week was 44,935 tons, against 46,354 tons for corresponding week last year, a decrease of 1419 tons. The whole bituminous tonnage from the beginning of the coal year is 231,154 tons, against 261,655 tons in corresponding time last year, a decrease of 30,501 tons. The total tonnage of all kinds of coal for the week is 285,240 tons, against 309,107 to corresponding date last year, a decrease of 23,897 tons, and the total tonnage for the coal year is 2,020,335 tons, against 2,144,410 tons to same date last year, a decrease of 124,075 tons. The receipts at Perth Amboy for the week ending on the 3d instant were 16,916 tons, the shipments 13,084 tons, leaving a stock on hand of 136,740 tons. The quantity of coal and coke carried over the Pennsylvania Railroad for the last week of January was 73,742 tons, of which 50,411 tons were coal, and 17,331 tons coke. This total embraces all the coal carried over the road east and west.—*Phila. Ledger, Feb.* 12.

### Iron Freight Cars.

The Iron Age, in describing the iron freight cars now being built in Boston, Mass., and McKeesport, Pa., says the freight cars (platform and box) are made out of wrought iron tubes and steel rods. A platform car carrying stone and a box car carrying ice have been running eighteen months without a dollar of repairs. The loads they have carried are only limited by the strength of the trucks and springs. The common load of the stone car has been upward of fifteen tons, and that of the ice car, which has 1900 cubic feet of freight space, has been twenty tons. The saving of dead weight in these cars is as follows: The wooden cars in the same train carrying stone, weigh 11,560 pounds; the iron car, 5214 pounds; the wooden ice cars weigh 16,400 pounds, the iron ice car weighs 8420 pounds. The platforms were tested by piling ten tons of railroad iron crosswise in the center of the car on the smallest base possible, and the deflection was only three-eighths of an inch, which disappeared as soon as the load was removed. There is a novelty in the principle of construction that makes it, as it were, self sustaining. In case of accident they cannot splinter, break or burn. There is a saving of from two to four tons dead weight on each car, their weight-carrying capacity being at least 50 per cent greater. The saving of repairs is from 50 to 75 per cent.

☞ The First Mortgage bonds, due 1879, of the Philadelphia and Baltimore Central R. R. Co. and the matured coupons thereof will be paid in full on presentation at the office of the President, S. W. corner of Broad and Carpenter streets, Philadelphia.

☞ Articles of incorporation of the Temple Street and Cahuenga Street Railroad Company, of Los Angeles have been filed with the Secretary of State of California. Capital, $30,000, in shares of $100 each. Directors—T. A. Garey, H. J. Crow, P. Beaudry, Ivan A. Wed and F. W. Wood.

☞ The grading of the Sandy Run branch of the Broad Top Railroad will be completed this month.

☞ The Arizona House of Representatives has passed a bill exempting the Southern Pacific Railroad from taxation for six years and permitting a charge of ten cents per mile for passengers and fifteen cents per ton for freight.

## American Railroad Journal.

New York, Saturday, February 24, 1877.

### Port Huron and Lake Michigan Railroad Bondholders and the Chicago and North Eastern Railroad.

Can it be possible that the parties who have been shrewd enough to get from the public sufficient money to build a railroad 281 miles long, and who have so manipulated matters as to retain the entire control of the property while at the same time paying no interest on the Bonds issued to the parties furnishing the money, have at last been caught in a trap?

If we may believe what we are told by "A Bondholder" in a letter which appeared in the RAILROAD JOURNAL of the 10th instant, the parties who built the railroad between Flint and Lansing of which so much has been said lately in the newspapers both at the East and West, are likely to be called upon to "recognize and respect" a prior lien, claimed to exist on that railroad, in favor of the holders of the Bonds, issued some eight years ago by the Port Huron and Lake Michigan Railroad Company, under a mortgage executed to the Union Trust Company of this city on the 1st of May, 1869.

It is alleged by these Bondholders, that this mortgage covers the whole of the railroad in operation from Port Huron to Lansing, which includes the railroad just built. If this be so and their right to a first lien on the newly built railroad be established in the courts, it must be an agreeable surprise to many of the Bondholders.

"A Suffering Bondholder" who writes to the *Stockholder* of this week, quotes from the face of the Port Huron Bonds, a clause respecting the lien in question. If such a clause as he quotes really appears on the Bonds, there certainly is a good foundation for the claim that the Port Huron Company, in mortgaging *all its* railroad from Port Huron to Lansing, 112½ miles in length, to the Union Trust Company of New York, to secure the $1,800,000 of its Bonds that it was then about to, and subsequently did issue and sell, legally conveyed *all* of its property whether in a finished or unfinished condition between the cities of Port Huron and Lansing to the Trust Company as security for its Bonds.

It is true that the promised railroad was only completed by the Port Huron Company between Port Huron and Flint; but we believe it is not denied, that a great deal of work was done, and a great deal of money was expended by the Port Huron Company, in grading, and otherwise preparing for the rails, that portion of the railroad laying between Flint and Lansing. It is now charged that the Chicago and North Eastern Railroad Company was organized by the same parties who originally controlled the Port Huron Company, for the purpose of completing what was left unfinished by the Port Huron Company between those two cities, and that those parties were perfectly well aware of the lien then existing, in favor of the Port Huron Bondholders.

If it can be clearly shown—and it is a matter not difficult to prove, or disprove—that the Chicago and North Eastern Railroad Company has really occupied and built upon the property owned by the Port Huron and Lake Michigan Railroad Company, between Flint and Lansing, which was mortgaged to the Union Trust Company, there is no doubt but that the Bondholders of the Port Huron Railroad Company, will be able, without much difficulty, to establish their rights in the courts, to a lien thereon, ahead of any mortgage that may have been subsequently given, to secure bonds afterward issued by the Chicago and North Eastern Railroad Company.

### Galveston, Houston and Henderson R. R.

The earnings of the Galveston, Houston and Henderson Railroad for the years ending December 31, 1875 and 1876, were as follows:

| | 1875. | 1876 |
|---|---|---|
| Gross earnings | $554,417 29 | $581,772 98 |
| Working expenses | 337,789 23 | 272,356 35 |
| Net earnings | $216 628 06 | $309,416 63 |
| Gross earnings per mile | 11,088 34 | 11,635 46 |
| Net earnings per mile. | 4,332 56 | 6 188 33 |
| Per cent of expenses... | 60.93 | 46.81 |

Compared with the previous year the gross earnings of 1876 show an increase of $27,355 69, with a decrease in expenses of $65,432 88, making the increase in net earnings $92,788 57.

The road of this company extends from Galveston, Texas, northwest to Houston, a distance of 50 miles.

The equipment consists of 21 engines, 9 passenger and 6 baggage cars, 154 box, 30 stock, 95 flat cars, and 11 service cars.

During the past year, four new engines were bought, 36,000 new ties and 2,000 tons of 56-lb. iron were laid, and the gauge of the road was changed from 5 feet 6 inches to 4 feet 8½ inches. There are now 36 miles of track laid with fish-bar rails and 14 miles with the old chair-joint rails; 28 miles are ballasted with shell ballast. The work of replacing the old rails and ballasting the track is to be completed during the current year.

The long bridge over Galveston bay has been thoroughly repaired at a cost of $14,000, and all the bridges on the road repaired and strengthened, especially that over Buffalo Bayou at Houston. About $60,000 more are required to put the road in first-rate condition.

### Boston and Albany Railroad.

The annual meeting of the stockholders of the Boston and Albany Railroad Company was held in Boston on the 14th inst. In the absence of the President the meeting was presided over by Hon. D. Waldo Lincoln, Vice President.

The call for the meeting was read by the Clerk, J. A. Rumrill, Esq. The first business in order was to receive the report of the directors to the stockholders, which was submitted in print, and the reading dispensed with. An abstract of the report has appeared in these columns.

Before the report was placed on file the attention of the meeting was called by Seth Bemis, Esq., to the subject of cheap transportation, quoting from the report of the directors as follows:

"It may well be doubted whether the extremely low and uncertain prices at which merchandise is now being transported, under the conflicting views of different managers, has worked any advantage to the patrons of the roads. Certain it is that it can only work injury, and if continued long enough, destruction to railroad property."

"It is confidently hoped that the owners and managers of our railroads are beginning to appreciate the folly of this profitless warfare, and by reasonable concessions to the claims and theories of each other, will so re-adjust the rates of transportation as to make the railroad business what it should be, one of the sure and profitable sources of revenue in this country."

Mr. Bemis said that, approving as he did of the sentiments expressed in the report, he desired to offer the following resolution:

Resolved, That the stockholders of this corporation have read with great interest the report of the directors, and also the report of the State directors, to the Senate and House of Representatives, and that we, the stockholders of the Boston and Albany Railroad, earnestly recommend the directors of this company to re-adjust and maintain, so far as they may be able, the rates of transportation of freight and passengers at a remunerating price, to the end that we may be assured of a fair return for our property, and thereby the patrons of our road be made secure as to life and property intrusted to our care; and also the credit of the Commonwealth, whose interest is so large in the property to be maintained.

In support of the resolution Mr. Bemis read from the report of State directors of the road to the Legislature as follows:

"It is impossible for the company, in the present aspect of affairs, to pay so large dividends as have been heretofore declared. The general depression of business, and increasing competition, have largely reduced the earnings of the company; while its increasing debt, on which interest must be paid, the large cost of transacting business, and the necessity of meeting the demands of the public requiring constantly large outlays, must largely reduce net receipts.

"The capital and debt are now so large that we should prudently refrain from making expenditures in the expectation that there will, with certainty, be such an increase of business as will enable us to obtain a satisfactory income from all past outlays, as well as those required for desired additions and improvements."

Mr. Bemis said that it seemed to him that it was time the stockholders should see where they were going to, and he spoke in opposition to the extravagant and ruinous policy of competition which was rampant among the railroads of this country.

The resolution was adopted and the report ordered to be placed on file.

The following gentlemen were elected directors for the ensuing year: Chester W. Chapin, of Springfield; D. Waldo Lincoln, of Worcester; Ignatius Sargent, of Brookline; George O. Crocker, of New Bedford; Moses Kimball, of Boston; Henry Colt, of Pittsfield; Edward B. Gillett, of Westfield; John Cummings, of Woburn.

#### LEASE OF BRANCH RAILROADS.

The Vice President called the attention of the stockholders to the next matter of business mentioned in the call, viz: To see if the stockholders will approve of a lease agreed upon by and between the directors of this corporation and of the Pittsfield and North Adams Railroad Corporation; and also of a lease agreed upon by and between the directors of this corporation and the North Brookfield Railroad Company.

Mr. Lincoln stated that the Pittsfield and North Adams Railroad was twelve miles long. The thirty year's lease expires the present year; a new lease for ninety-nine years had been drawn by which the company would pay semi-annually five per cent upon the cost of the road, which would be about $27,000 a year. Under the previous lease six per cent was paid. The net earnings of that were more than $100,000.

The North Brookfield Railroad is four miles in length, extending from East Brookfield to North Brookfield, and was built at a cost of $100,000. It was paid for by town and voluntary subscriptions of the citizens of Brookfield. The lease is for ten years, the stockholders of the North Brookfield to pay all taxes on the property and $2000 per annum as rental for the rolling stock. The gross earnings of the road, which last year were $12,000, are to be divided after the payment of $2,000 to the Boston and Albany Railroad, 75 per cent to be retained by the Boston and Albany Railroad and 25 per cent to be paid to the Brookfield Railroad Company.

Mr. Peter T. Homer offered a motion that the leases be ratified, and upon this question a stock vote was taken. The number of votes necessary to ratify the leases was $100,001, and as that number of shares was not represented, the meeting was adjourned till the 28th inst., and a committee appointed to secure an attendance of stockholders who have not voted on the ratification of the leases.

### Delaware and Hudson Canal Co.

The report of the Delaware and Hudson Canal Company for the year ending December 31, 1876, was presented at a meeting of the directors held in this city on the 19th inst. The following is a synopsis of the report:

It acknowledges that the company lost on its leased lines during the year $555,045, but claims that the net profits above the interest on debt, dividends, rentals, and all first charges, including taxes, &c., amount to $308,020. An inventory of the real estate estimates its value at $8,532,873; and the estimated value of the coal lands belonging to the company amount to $11,467,127, or a total of $20,000,000. The funded debt amounts to $15,116,000, and the capital stock to $20,000,000. The assets in miscellaneous bonds and stocks foot up $8,088,714, including, among others, $1,254,268 in bonds of the Boston, Hartford and Erie Railroad, and $3,597,068 in New York and Canada railroad stocks. The amount credited to "bills receivable" is $2,063 237, and "bills payable" is debited with $855,000. On Jan. 1 there was "cash on hand," $624,584.

### Providence and Worcester Railroad.

The income of this company for the years ending September 30, 1875 and 1876, was as follows:

| | 1875. | 1876. |
|---|---|---|
| From passengers | $377,934 41 | $340,231 51 |
| " freight | 494,432 65 | 537,197 47 |
| " mails | 5,308 15 | 5,820 00 |
| " rents | 3,819 28 | 4,949 26 |
| " express | 12,985 11 | 11,406 26 |
| | $894,479 60 | $899,104 50 |
| Expenses, viz: | | |
| Maintenance of way | $137,823 56 | $146 502 26 |
| Repairs of locomotives | 37,854 25 | 35,640 50 |
| Repairs of cars | 63,459 50 | 69,321 25 |
| Fuel | 77,217 09 | 77,292 63 |
| Oil | 8,743 35 | 3,693 80 |
| Passenger department | 70 774 85 | 69,931 11 |
| Freight department | 154,637 84 | 159,724 09 |
| Taxes | 41,262 55 | 35,735 50 |
| Rent to Milford and Woonsocket R. R. Co | 3,480 00 | 3,480 00 |
| Rent to Hopkinton R. R. Company | 7,500 00 | 7,500 00 |
| All other expenses | 61,447 97 | 65,282 14 |
| | $664,200 96 | $679,103 28 |
| Net earnings | $230,278 64 | $220,001 22 |

The receipts and payments, other than those for operating the road during the year ending September 30, 1876, are as follows:

| | |
|---|---|
| Received for the company's notes | $120,000 00 |
| Net income, as above | 220,001 22 |
| Decrease of cash and property on hand | 51,895 55 |
| Unpaid dividends | 1,010 00 |
| Total | $392,906 77 |
| Paid and charged to construction and equipment | $126,377 57 |
| Dividends January and July, 1876, four per cent each | 160,000 00 |
| Interest on bonds | 30,000 00 |
| Interest on unfunded debt | 76,529 20 |
| Total, as above | $392,906 77 |

The length of main line of road in Massachusetts is 25.51 miles; do., in Rhode Island, 17.90 miles—total, 43.41 miles. Length of double track on main line, 30.65 miles. Length of branches owned by the company, 8 miles, single track. Total length of road belonging to this company, 51.41 miles. Aggregate length of sidings and other tracks not above enumerated, 22 miles. Length of Milford and Woonsocket Railroad, leased and operated by this company, 8.88 miles. Length of Hopkinton Railroad, do., 11.55 miles. Total miles of road operated by this company, 66.84 miles. The report says:

The year will be long remembered as one of unusual trial and perplexity to the business community; and as railroads are dependent upon the condition of business around them, and along their lines, they are not exempt from the effects of a general depression.

There has been a serious falling off in our passenger receipts. In that department it is very difficult to reduce expenses to meet such an emergency, unless we resort to reducing the number of passenger trains running over the road, but even this will be necessary under a continued stagnation in this branch of our business.

Our figures show an increase in freight receipts. This increase is due to through and joint business. Our local freight receipts have suffered in the general depression.

Last Spring, the line of the road was in immi-

nent peril by the expected breaking away of the Worcester dam, but our road was providentially spared, escaping with injury only to a few bridge abutments. This freshet hastened the necessity of rebuilding the bridge in Woonsocket known as the Old Maid's bridge—an expensive structure at best,—but made more so by the necessity of an entire reconstruction of the abutments on account of the original work being very imperfect. We have the past year continued to overhaul and rebuild the stone work along the line of the road; a necessary work, but adding greatly to the expense of the maintenance of way.

The road and equipment have been kept up in perfect order. We have during the year, by additions and renewals of cars and engines, added much to the capacity of the operating power of the road, and feel sure that we are ready to meet the revival of business when it comes to our line.

The Union depot in Worcester is now ready for occupancy by the different roads, and this company will soon complete their connection with the track in the station.

The viaduct in Worcester, over which we make our freight connections with the North, is nearly completed, and will soon be ready for business. The operations in Worcester are costly, but we hope will prove in the end beneficial to the best interests of the road.

The directors hope to reduce, materially, the operating expenses of the road for the current year, by a vigorous trimming in every direction, and in this they will be seconded by every officer in the service of the company.

The company have 30 locomotives, 41 passenger, mail and baggage cars, and 1 280 other cars, and 2 snow-plows.

Miles run by passenger trains, 237,680; by freight trains, 283,565; by other trains, 13,150—total, 534,395. Number of passengers carried, 1,385,393; do., carried one mile, 18,516,887. Tons of merchandise carried, 555,960; do., carried one mile, 17,192,076.

BALANCE SHEET, September 30, 1876.

| | | |
|---|---|---|
| Construction | | $2,751,497 69 |
| Viaduct at Worcester | | 99,729 34 |
| | | $2,851,227 03 |
| Cars | | 581,214 00 |
| Locomotives | | 273,339 35 |
| Total construction and equipment | | $3,705,780 38 |
| Material for operating and maintaining the road | $159,308 05 | |
| Cash on hand | 116,154 21 | |
| Note on hand | 800 00 | |
| Balance due to the company and in the hands of agents | 36,419 00 | |
| | | 312,681 26 |
| | | $4,018,461 64 |
| Capital stock | | $2,000,000 00 |
| Bonds payable | | 500,000 00 |
| Notes payable | | 1,490,000 00 |
| Total capital stock, bonds and notes | | $3,990,000 00 |
| Dividends, unpaid | | 4,785 00 |
| Income (surplus earnings) | | 23,676 64 |
| | | $4,018,461 64 |

*President.*—WILLIAM S. SLATER.

*Directors.*—William S. Slater, Frederick Grinnell, Paul Whitin, Isaac Davis, Henry Chapin, Gideon L. Spencer, Elijah B. Stoddard, Lyman A. Cook, Estus Lamb, John C. Whitin, Amos D. Lockwood, George A. Leete, Eben B Phillips, John R. Balch, Moses B. I. Goddard.

*Treasurer and Clerk.*—JOHN R. BALCH.

*Superintendent.*—WILLIAM D. HILTON.

☞ A fifty mile section of the Southern Pacific Railroad on the Yuma Division has been completed, and it is said the road will cross the Colorado river into Arizona about the middle of March.

### Chicago and Lake Huron Railroad.

A NEW LINE ACROSS THE STATE OF MICHIGAN.

[Correspondence of the Railroad Journal.]

LANSING, Mich., Feb. 21, 1877.

The opening of a new line of railway across the State of Michigan to Chicago in these times of depression is an event well worthy of attention. This new line, which will soon become a prominent competitor with the other trunk lines for the traffic between Chicago and the Seaboard, was completed by the construction late last year of the link, or gap as it is called here, between Flint and Lansing. This gap has frequently been the subject of newspaper articles during the past five years, or rather since the consolidation of the Port Huron and Lake Michigan Railroad Company with the Peninsular Railway, which was ratified by the stockholders of those companies in July, 1873. Much speculation has existed as to the source from whence the money came to build the gap. At one time it was rumored that the Grand Trunk Railway of Canada were furnishing the money, at another the Pennsylvania Railroad was credited with such an act of liberality, and still another rumor connected Sir Hugh Allen, of Montreal, with the enterprise; but nobody seemed to know positively, and the officers of the company refused to tell. It was regarded by many as rather suspicious that the parties connected with the scheme should be so unwilling to give the public any information on the subject. A slight investigation, however, would have furnished any persevering inquirer with a clue to the matter. Had such a person gone over the line of the gap while it was being constructed he would have found the engineering department in charge of the Chief Engineer of the Chicago and Lake Huron Railroad Company; he would have found the grading going on under the superintendence of the Road Master of that company; he would have found the laborers receiving their wages from the Paymaster employed by the same company; he would have found most, if not all, of the contracts made by the contractors directly with the Receiver of the Chicago and Lake Huron Railroad Company. In short, he would have found all of the cash that was used in the construction of the gap coming from the same source. Had the inquirer pursued the matter further he would have found a mortgage to secure the issue of over a million of dollars of Bonds duly recorded in the counties through which the line passes; he would have found the Bonds so issued, used as collateral to the notes of the new company at long time, endorsed by a few of the citizens on the line, with which the Iron Rails were obtained of a Cleveland Iron Company. Here then is the great secret of the ways and means by which the gap was constructed.

The motive of the parties interested for withholding the information from the public is obvious. The Bondholders at the East would not be likely to relish the idea of paying for the work done on the gap out of the earnings of their 282 miles of railroad already in operation, while the title to the new line was held by others. It was therefore very natural that they should decide to allow the Bondholders to know nothing of the matter, at least until the gap could be finished.

And now that it is finished, and the whole line from Port Huron to Chicago in active operation, I see a question has arisen at the East respecting the right of the old Port Huron Bondholders to a lien on the gap which is known here as the Chicago and North Eastern Railroad Company. I do not know what the legal rights of those Bondholders may be, but I do know that plenty of evidence exists here to show that the money used to pay for finishing the road-bed and preparing the gap for the Rails came out of the earnings of the Chicago and Lake Huron Railroad.

Whoever may ultimately be declared to be the rightful owners of the new line is a matter that does not concern the people of Michigan—it is enough for us to know that it has at last been built, and that we shall reap the benefit to accrue from the opening of a new and competing route to both the East and West; with that we shall be content.

ALEXIS.

### Pennsylvania Canal.

The annual meeting of the Pennsylvania Canal Company was held at the office of the Pennsylvania Railroad Company in Philadelphia on the 14th inst. The annual report shows a profit on the year's business of $168,692 05, to which is added $47,620 69 of taxes formerly overcharged and recovered, making a total gain for the year of $216,312 74. There was paid in interest to Sinking Fund account, &c., $221,045 95, showing an excess of expenditures over receipts of $4,733 21. An election for Directors resulted as follows: President, Isaac J. Wistar; Directors—Thomas A. Scott, G. B. Roberts, T. J. Wistar, Wistar Morris, Josiah Bacon, William Anspach, A. J. Cassatt, John P. Steiner, Samuel M. Felton, Strickland Kneass, M. Hall Stanton, and Alexander Biddle.

### Schuylkill Navigation Co.

The annual meeting of the stockholders of the Schuylkill Navigation Company was held in Philadelphia on the 14th inst. The works of this company are leased to the Philadelphia and Reading Railroad Company. The annual report shows the income during the year to have been $719,411 59 and the charges $662,917 80, leaving a balance of $56,494 20. During the year two dividends were declared of 90 cents per share on the preferred stock and 30 cents on the common stock, clear of taxes. The following officers were elected: President, Frederick Fraley; Managers—John N. Hutchinson, Charles W. Wharton, Geo. Brooke, Charles Baber, Michael Ward, Thomas R. Patton. Treasurer and Secretary, Richard Wilkins.

☞ The Galveston, Harrisburg and San Antonio Railroad, of which Mr. Thomas Pierce, of Boston, is President, is now completed, and the first train left Galveston for San Antonio on the 19th inst. with an excursion party, including the Governor and other State officials. The completion of this road opens up a large portion of the finest territory in Western Texas, which has heretofore been without railroad communication.

☞ General Orland Smith, of Chillicothe, Ohio, formerly Superintendent of the Marietta and Cincinnati railroad, has been appointed General Superintendent of the Columbus and Hocking Valley, and of the Columbus and Toledo railroads.

### Railroads of Peru and Chili.

Twenty-five years ago, we, in pursuit of our business as a railroad engineer, were induced to cast our fortune on the Pacific Coast, in the construction of the Sacramento Valley Railroad, along with that far seeing and able engineer, T. D. Judah. We were projected, as it were, and, as we then thought, out and beyond the bounds of civilization. We made the necessary provision for such a state of existence as we imagined would be required in this, then, far-off country, by providing ourselves with all the elements of defense and wild comfort that, from our imperfect information, we thought would be required. Having finished the work we had engaged to perform in the time specified, on February, 1857, we then began to see, and indeed had seen, very soon after we arrived on these shores, that the country we had emigrated to, had the elements of greatness scattered around, by the hand of nature, in profusion. We also soon found that, although nature had in her prodigality lavished her favors with an unstinted hand, to an extent never yet seen in any country, yet she had evidently made it a condition that he who would undertake to unlock the fastnesses of her treasure houses, must do it with a strong hand and an unyielding confidence.

Many years have come and gone since then; many assaults have been made on the storehouses of her wealth, with, it is possible, more defeats than successes; many of the adventurous spirits which led the assault have sunk by the wayside; even before the actual assault was with them fairly commenced. Many, very many have made the breach, and with uplifted hands and straining eyes, fixed on the fruition of their hopes, have sunk, to be the stepping stone for others to climb to fortune on. Many, but by far the smaller number, have carried their successful attacks to the full satisfaction of their hopes. And all successful or failing have proved that even in defeat, they had assisted to establish the fact, that it had been good for the race, that they had been permitted to participate in the development of a new empire, from which the genious of Anglo-Saxon enterprise is already stretching out her arms; not only along the entire western coast of this continent, but also to the far-off nations on the further side of the Pacific Ocean, the cradle of mankind—where the old and new civilizations will be brought face to face. Among the many scintillations of scientific development thrown off from this country, and especially from this coast, the most westwardly of American centers of enterprise, outside of our own unaided progress, is that of the rapid construction of the railroad systems of Peru and Chili; and, although we cannot lay claim to the initiation of these enterprises, we can lay claim to their having been consolidated and made a practical success, by the enterprise and financial acumen of our countryman and former fellow townsman, Henry Meiggs, Esq., who may be justly claimed as an outgrowth of Californian enterprise and financial daring.

We were led to the above line of thought, as we listened to the eloquent description of the history of construction of the railroads of Peru and Chili since 1860, by our countryman, former acquaintance and the principal assistant of Mr. Meiggs in some of these stupendous works, W. H. Cilly, Esq., of Lima, now on a visit in this city; we rarely have spent so short a time, to such good advantage, as an evening with that gentleman. Mr. Cilly has participated in the construction of nearly all of the great works of Peru and Chili, in almost all capacities in the construction and management of their railroads, in building her fortresses, in procuring heavy artillery, in their mining developments, and in almost all of the great works of these republics, under the direction of Mr. Meiggs, the Financial Bismarck of the Southern Hemisphere.

The railroad era of Peru and Chili, seems to have had its birth about the years 1854-55, but until the year 1864 but little seems to have been accomplished. In that year the Congress of Peru, under the Presidency of Don Juan A. Pazot, passed a bill authorizing railroads to be constructed in certain parts of the country and guaranteed in addition to other subsidies, an annual interest of 7 per cent, during the period of twenty-five years; and also granted the right to companies to construct railroads at their own expense where they should think proper.

It seems not to have been possible to utilize these Government subsidies from various causes until 1868, when the Araquipo, Puno and Cuzco, the Chimbote to Huaras, the Truxillo, Pacasmayo and Cajamarca, and the Lima and Janja were contracted for, with many others.

These works were prosecuted with much vigor during the Presidency of President Balto and his predecessor, but at the death of Col. Balto, the succeeding presidents were not so favorably inclined to these internal improvements; still there is a considerable list of railroad enterprises built and partially built in the country, consisting of the following:

| | Miles. |
|---|---|
| From Araquipo to Puma | 232 |
| " Arica to Tacna | 33 |
| " Calio to Oroya | 130 |
| " Chaucay to Cerro de Pasco | 120 |
| " Chimbote to Huaras | 172 |
| " Eten to Ferrenafe | 28 |
| " Huacho to Sayan | 86 |
| " Ilo to Moquequa | 63 |
| " Iquique to Pena | 45 |
| " Iquique to Noria | 37 |
| " Lima to Callao | 8½ |
| " Lima to Chancy and Huacho | 89 |
| " Lima to Chorrillos | 7 |
| " Lima to Magdalena | 3 |
| " Lima to Pisco | 145 |
| " Malabrigo to Asope | 28 |
| " Mallnedo to Araquepo | 107 |
| " Cerro de Pasco to Pasco | 15 |
| " Pascas Mayo to Guadalupe | 14 |
| " do do to Magdalena | 69 |
| " Puita to Piura | 63 |
| " Pisco to Ica | 48 |
| " Pisaqua to Sal de Obispo | 35 |
| " Inlaco to Cuzco | 209½ |
| " Salaverry to Trujillo | 10 |
| " Tacna to Bolivian frontier | 108 |
| " Tacna to Puno | 301 |
| " Trujillo to Eten | 148 |
| Total | 2,310 |

Making the total lines of railroads projected in the country 2,310 miles. Of these 700 miles have been completed principally under the contract with Mr. Meiggs.

Through some financial embarrassment, the Government has been unable to push these stupendous works to completion. During the last four years but little new work has been undertaken, and many of the roads are in an unfinished condition. It is supposed, however, that the financial embarrassments spoken of are about to be removed, when these valuable lines of communication will be pushed forward to an early completion.

We will in our next number resume this subject, and more fully describe some of the most extraordinary works in the history of railroading, and particularly those occurring on the Oroyo road built by Mr. Meiggs.—*Pacific Engineer.*

### Memphis and Little Rock Railroad.

Pursuant to a decree of foreclosure by the United States Circuit Court, Alfred Sully, commissioner, will sell this road at public sale at Little Rock, Ark., Feb. 27, 1877. The sale will be made in three lots—first, the land grant; second, the property covered by the mortgage of 1860; and, lastly, the property covered by the mortgage of 1873, including all the road, property and franchise of the present company. The sale will be made subject to all debts and liabilities of the receiver, and the purchaser will be required to pay a sufficient amount of cash to pay such debts, with the costs of suit; the balance of the purchase money may be paid in bonds and unpaid coupons of the company.

### Minnesota Railroad Bonds.

One of the most significant signs of the times is the complete revolution in public sentiment which has taken place in regard to the obligation of the State to pay the Minnesota State railroad bonds. This is due partly to the full and exhaustive discussion which the question has had in the past few years, and partly to the adjudication of all the essential questions at issue by the United States Circuit and Supreme Courts. Before the courts of last resort had swept away all the pretexts on which the demagogues had attempted to sustain their position that the State was under no legal or equitable obligation to pay their bonds, it was easy for the latter to obtain the ear of the people, and to give to their hollow and specious appeals to popular selfishness, prejudice and jealousy, the appearance of being dictated by a virtuous regard for the public interests. But the decisions of the highest courts have stamped all these pretexts for evading the discharge of a sacred constitutional obligation as dishonest subterfuges; and the solemn judgment of the Supreme Court of the United States that the State is bound by every principle of law, equity, good faith, and public morality, to pay these bonds, leave no room for argument, no standing-room for opposition and no alternative but payment or the foul dishonor of flagrant, inexcusable and deliberate repudiation.

The petition of Selah Chamberlain, who holds a large part of these bonds, offering, in view of his declining years and the necessity of an early settlement of his estate, to compromise with the State by throwing off what would be equivalent to nearly three millions of the interest due by the State on the whole issue, and to take new thirty-year bonds at six per cent interest in payment, has revived the discussion, and, so far as we can learn, is favorably received all over the State and in the Legislature. There is now no disposition in any quarter, with a few individual exceptions, to oppose the payment of the bonds, and as the State is unquestionably bound to pay the whole sum, principal and interest, there is a general disposition to accept Mr. Chamberlain's proposition as a basis of settlement of the entire debt.

The only questions now considered are those which relate to the character of the legislation necessary to provide for the payment of the bonds on these or substantially similar terms. The whole difficulty arises out of the constitutional amendment adopted in the heat of popular rage in 1860 declaring that no law levying a tax or making any provision for the payment of these bonds should take effect until submitted to the people and adopted by a majority of the voters. There is no question that this amendment is in violation of the Constitution of the United States, and therefore void, because it impairs the obligation of the contract between the State and the bondholders.—*St. Paul Press.*

### Chesapeake and Ohio Railroad.

A correspondent of the Baltimore Sun, writing from Richmond, Va., under date February 17th, says:

Gov. Kember has sent a message to both branches of the General Assembly calling attention to the danger which threatens the State's interest in the Chesapeake and Ohio Railroad Company through a probable decree from the Circuit Court of the City of Richmond for the sale of the road, &c. The remedy suggested by the Governor is to claim and enforce a forfeiture of the road to the State by reason of the failure of the company to observe the conditions of its charter and the terms of the contract between the States of Virginia and West Virginia on the one part and the Virginia Central Railroad Company on the other, which contract the Chesapeake and Ohio Company assumed. The matter has gone to committees for investigation, &c., and a joint resolution has been adopted instructing the attorney

general to request suspension of the proceedings before the court until the General Assembly can consider the matter and take such action as may be necessary.

### Delaware, Lackawanna and Western R. R.

At the annual meeting of the stockholders of the Delaware, Lackawanna and Western Railroad Company, held in this city on the 19th inst., the following officers were elected to serve for the ensuing year: President, Samuel Sloan; secretary Andrew J. Odell; treasurer, Frederick H. Gibbons. Managers—William E. Dodge, Moses Taylor, George Bulkley, John I. Blair, Simeon B. Chittenden, John Brisbin, George Bliss, Percy R. Pyne, William Walter Phelps, James Blair, Wilson S. Hunt, Marcellus Massey, Alfred L. Dennis and Benjamin G. Clarke. The following statement of earnings and expenses for the year 1876 was submitted:

| | |
|---|---|
| Net earnings from all sources | $4,001,861 46 |
| Less interest on bonds and rentals on all leased lines | 3,280,036 50 |
| Balance net income | $721,824 96 |

The following statement was also submitted to the meeting:

CONDENSED STATEMENT, January 1, 1877.

| | | |
|---|---|---|
| Capital stock | | $26,200,000 00 |
| Funded debt— | | |
| Convertible mortgage bonds | $1,633,000 00 | |
| Convertible bonds | 600,000 00 | |
| Lackawanna & Bloom bonds (assured) | 587,100 00 | |
| | | 2,820,100 00 |
| All other liabilities, including interest & rentals on leased lines up to January 1, 1877 | $4,281,555 75 | |
| Less cash on hand, bills and accounts receivable, coal on hand at cost, and cash advanced on coal to be delivered | 3,401,240 02 | |
| Balance of liabilities | | 880,315 73 |
| Surplus (reserved) | | 5,213,487 78 |
| Total | | $35,113,853 51 |
| To represent the above the company owns 195 miles of main line of railroad, of which more than 107 miles is double track, being a total of 302 miles of main track, 195 miles of which is laid with steel rails; and in addition thereto it has over 60 miles of lateral railroads, 153 locomotives, 15,809 cars machine shops and fixtures; also, more than 15,000 acres of selected coal lands in fee, upon which the improvements cost over $3,000,000, with a capacity to produce 4,000,000 tons of coal annually. The company also holds under lease at low rentals over 4,000 acres of coal lands | | 29,118,248 46 |
| Real estate in the cities of New York Rochester, Buffalo, Chicago | | 335,535 36 |
| Stocks and bonds valued at | | 4,388,837 48 |
| Materials on hand at cost | | 1,209,650 51 |
| Barges and equipment | | 66,581 72 |
| Total, as above | | $35,113,853 51 |

☞ The Treasury Department at Washington has approved of the proposal of the District commissioners that Congress should provide for the payment of the interest on the District of Columbia 3.65 bonds by the Secretary of the Treasury in like manner as the interest on all United States securities, subject to reimbursement, in whole or in part, by the District.

### Port Huron and Lake Michigan Railroad Bondholders.

TO THE EDITOR OF THE RAILROAD JOURNAL:

Since my letter appeared in your JOURNAL of the 10th inst., I have been informed by a gentleman who holds a large amount of the Bonds of the Port Huron and Lake Michigan Railroad Company, that he was visited early this week by Mr. Henry W. Smithers, who offered to buy all the bonds he held; as the gentleman had read my letter to you and become, as he informed me, thoroughly convinced of the correctness of my statements and the soundness of the opinions therein expressed with respect to the lien of his Bonds on the recently completed gap between Flint and Lansing, he promptly refused to entertain for one moment the offer made by Mr. Smithers. He then stated to me that he now considered his Bonds intrinsically worth par.

This Mr. Smithers is one of the associates of Mr. Louis H. Meyer in the "Peninsular Reorganization Agreement," a copy of which was published with my communication to your paper of the 10th inst. This movement on the part of Mr. Smithers fully justifies the conclusion that he is an active member of the "ring" which I stated in my former letter "had been formed between some of the old managers of the Port Huron and Lake Michigan Railroad and a number of the Bondholders of the Peninsular Railway to capture our property and use it for the sole benefit of the parties to the transaction."

I was informed yesterday by another gentleman who has been at various periods during the past five years a very large holder of the Bonds in question, that he had been applied to by Messrs. H. Amy & Co., Bankers, of New York, who desired to buy some of the Bonds of the Port Huron and Lake Michigan Railroad Company.

Now who are Messrs. H. Amy & Co., and why do they suddenly desire to become purchasers of these Bonds? I will tell you. Messrs. H. Amy & Co. are the successors of the late firm of Amy & Heye, who had succeeded to the business of the former firm of Meyer & Stucken, of which last named firm Mr. Louis H. Meyer was originally the senior partner. When I add that Mr. Meyer for many years occupied a room in the offices of Messrs. H. Amy & Co., I think the Bondholders will be able to guess who the parties are for whom Messrs. Amy & Co. desire now to purchase Bonds of the Port Huron and Lake Michigan Railroad Company.

But why is the "ring" so anxious now to become the owners of any of our Bonds? Their real motives ought to be apparent to any one. *In order to retain their control and possession of the "gap" between Flint and Lansing, it is absolutely imperative that all of the Bonds of the Port Huron and Lake Michigan Railroad Company should be retired. So long as they are outstanding they remain a legal and valid lien on the "gap" between Flint and Lansing ahead of any bonds that may have been issued by the Chicago and North Eastern Railroad Company. The "ring" must therefore buy the Bonds of those holders whom they cannot induce to become parties to their "plan of reorganization."*

I therefore repeat what I said in my first letter to you, "the Bondholders should reject *all* propositions coming from this 'ring,' and insist upon a foreclosure and sale of the 112 miles of road for the benefit of the Bondholders of the Port Huron and Lake Michigan Railroad as provided in the mortgage."

If any Bondholder has assented to any arrangement or "plan of reorganization" put forth by the "ring," he should, *before it is too late*, retrace his steps.

A BONDHOLDER.

### Atlantic and Pacific Telegraph.

At a meeting of the directors of the Atlantic and Pacific Telegraph Company in this city on the 19th inst., the resignations of the following gentlemen were tendered and accepted: C. J. Osborne, S. M. Mills, James D. Smith, William H. Guion and A. B. Chandler. To fill the vacancies thus created the following gentlemen were nominated and unanimously elected: Mr. J. W. Garrett, President Baltimore and Ohio Railroad Company; Mr. Thomas A. Scott, President Pennsylvania Railroad Company; Mr. H. J. Jewett, Receiver Erie Railway Company; Commodore C. K. Garrison, and Mr. James R. Keene. The list of directors, as now constituted, is as follows: Oliver Ames, Elisha Atkins, Benjamin E. Bates, J. W. Garrett, T. Gordon Dexter, Sidney Dillon, G. M. Dodge, Thomas T. Eckert, Jay Gould, J. R. Keene, C. P. Huntington, Christopher Mayer, H. J. Jewett, J. H. Mortimer, C. K. Garrison, G. G. Sampson, Thomas A. Scott, W. J. Syms, Henry M. Taber.

A special report was submitted by the President, in which he recommended the construction of 10,000 miles of new lines, completing the present system of wires operated by the company and connecting every important city and town in the Union. Work on the main lines, in his judgment, should be commenced immediately, and the branch network extending to the small towns should be constructed afterward as rapidly as possible. The report was adopted, and the work on the new lines will, it is stated, be begun at once in accordance with the vote. To provide the means $600,000 was subscribed, to be paid into the treasury of the company by instalments of twenty-five per cent a month. This subscription takes up the remaining $3,000,000 of authorized stock previously undisposed of at the market rate of twenty per cent of its face value.

☞ A special cable from London, England, to the Toronto Globe, says: "Strong efforts are being put forth to strengthen the Grand Trunk and Great Western Railways of Canada by means of a coalition. The London Times says that the proprietors of these two great companies must bestir themselves; they must realize the true position of their affairs, and insist on a coalition being quickly effected."

### Financial and Commercial Affairs.

Notwithstanding the depression and derangement of values in the financial line, and extremely bearish temper of speculation in certain specialties of domestic produce at Chicago, and here, the course of Money has been generally favorable to the borrowing interest, the available supply having been liberal, while the demand from responsible sources, whether on call, or in the discount form, has been only moderate for the season. Call loans were quoted at the close at 2½@4, quite generally to the leading street borrowers at 3@3½, and very choice to mercantile credits at 4@6 per cent per annum, which figures are somewhat higher than those of last week, however, an ample offering of aid reported at current quotations. The City banks, last week, further enlarged their lines of deposits and legal tender reserve, the latter to the extent of over two millions, though again cutting down the specie item materially. The loan and discount average was enlarged and the item of circulation diminished, the latter slightly. The City bank deposits show a gain of $623,700, and the legal tender reserve of $481,600. The specie average was diminished $3,551,000. The loan and discount item was expanded $2,237,300. The circulation was reduced $80,700.

The City banks reported their average of gold last week at $32,065,600, as against $22,044,900 same date last year; and their greenback average at $45,808,200, as against $48,967,800 on Feb. 19, 1876. Their deposits stood at $232,658,800, against $223,762,200 same time in 1876. The loan item was $259,054,400 against $268,011,400 year ago.

The City bank net reserve of specie and legal tender notes now shows an excess over the legal requirement of reserve to liabilities of $19,709,100, as against $21,394,525, the preceding week, and $23,837,275 two weeks ago. The City bank exchanges in currency reached $448,975,251 or a daily average of $74,829,208.

The income of the Government from internal revenues last week was about 2¼ millions, and since January 1st about 16¼ millions; and from Customs last week about 8¼ millions.

The aggregate of the outstanding U. S. currency of all denominations, February 1, was $390,474,801. The outstanding amount of legal tender notes is $364,984,812. The National bank circulation is now $318,369,877 of currency notes and $1,428,900 of national gold bank notes.

On Wednesday of this week the cash balances of the Treasury Department at Washington at the close of the day were: of Currency $10,217,449; special deposit of legal tenders for the redemption of certificates of deposit, $37,900,000; Coin, $90,189,211, including of Coin certificates, $53,817,400.

The U. S. Sub-Treasury in this city closed the week with a currency balance of $44,068,508, against $43,586,639 the preceding week; and a coin board of $71,829,488 against $70,604,002 on the previous return. The Customs revenue of the port during the week was $2,399,000.

National Bank notes received at the Treasury Department last week for redemption were to the amount of $4,296,000.

Gold has been moderately active through the week with frequent, though not important, fluctuations reported. The speculation has been influenced, in part, by the cable reports as to the critical political situation in Europe. The export movement has been very light. The customs drain has been to a fair aggregate. On the very latest dealings, the lowest figures were made recorded in many years and the tendency seemed downward. The extremes of the price during the week have been 104⅞@105⅞, closing on Wednesday at 104⅞, as against 105⅜ on Wednesday of the preceding week. The specie outflow last week was only $95,900, (of which $70,000 for London, and $19,700 for Havana) and since January 1, $1,984,515 against $5,639,986, the same time in the preceding year. The imports of specie at this port last week were $334,014, (of which $160,000 in Gold coin from Havre, and $146,000 in the same form from Bremen) and since January 1st $2,227,792 as against $557,467 same time last year. The Customs demand for gold last week averaged $384,268 per day. Foreign Exchange has been moderately sought after and quoted rather lower and weak. Bankers' sixty day bills on London closed on Wednesday at $4 83½@$4 84; sight bills on London at $4 81½@$4 85 to the £ sterling. The week's exports of Domestic Produce have been to the currency value of $4,670,161. The week's imports of Dry Goods and general merchandise were to the specie value of $7,022,002 as against $9,018,213 the corresponding week of 1876.

The week's import entries of Foreign Merchandise at New York included $2,789,099 of Dry Goods and $4,232,903 of General Merchandise.

The demand for Government securities has been moderately active, during the week, with values fluctuating in sympathy with Gold. At the close the market ruled weak, leaving off on Wednesday as follows:

United States currency sixes, 123@123¼; do. 6s, 1881, registered, 111⅛@111¼; do. coupon, 112¼@112½; do. 1865, registered, 108@108¼; do. coupon, 108@108¼; do. new, registered, 108¾@109; do. coupon, 108¾@108⅞; do. 1867, registered, 111¾@112; do. coupon, 111¾@111⅞; do. 1868, registered, 115@116; do. coupon, 115@116; do. ten-forties, registered 109⅛@110; do. coupon, 113¼@113½; do. five twenties, 1881, registered, 109⅜@109⅝; do. coupon 109⅜@109⅝; do. 4½ per cents, 1891, registered, 105⅞@106¼; Central Pacific Gold Bonds, 106⅜@107.

The amount of U. S. bonds held by the Treasurer of the United States, as security for the National Bank circulation, is $339,500,000, and $19,149,000 as security for public deposits.

A moderate inquiry prevailed for State and Railway bonds on investment account. Prices were unsettled, and, in most instances, quoted weak, influenced by the general feeling of depression and uneasiness in financial circles, growing out of the recent severe depreciation in financial values, and the derangement and demoralization of several important financial and commercial interests. And in the line of Railway and Miscellaneous share property the week's business has been to a liberal aggregate, but with a further quite general shrinkage in prices, closing irregularly on the general list.

General business has been moderately active in the leading kinds of domestic produce. Cotton has been exceptionally brisk, chiefly in the line of options. Flour, Wheat, Corn, Oats, Pork, Lard, and Petroleum closed more or less depressed as to values; Lard and Petroleum decidedly so. At the reduced figures, the export call for Refined Petroleum was quite active during the latter half of the week under review. Cotton and Rye left off more firmly.

In the Hardware line, business has been active on a firm basis as to values. Metals have been more freely dealt in, with Eglinton Pig Iron quoted here at $25 50@$26; Glengarnock $26 50@$27; Coltness $28; No. 1 American Pig at $20; No. 2 do. at $18@$19; Forge $17 75@$18; American Rails at works $36@$40; Old Rails $20@$21. Wrought Scrap $26. Of Steel Rails, further sales of 15,000 tons have been reported on p. t. Ingot Copper was quoted down to 19¼@19⅛, on a limited inquiry.

In the Boot and Shoe trade a fairly active movement was reported at former figures. Hides were dull and lower, Leather in fair demand, but irregular in price. Tobacco and Wool, moderately sought after. In the Dry Goods line, the dealings have been less extensive, with domestic Cottons quoted, in important instances, lower, Prints notably so. Domestic woolens and desirable foreign fabrics were in moderate request.

Ocean freights have been irregular as to rates, with more inquiry for accommodation from shippers of Petroleum, but otherwise a comparatively slow movement. Liverpool steamer rates at the close for Grain 5d. per bushel. Provisions, 27s. 6d.@35s. Tallow, 25s.; Oil Cake 16s. 3d.; Leather, 40s.@45s. per ton; Cotton, ⅛d. per lb.; Apples, 8s. per bbl. Grain rates on charter hence for Cork and orders 4s. 9d.@5s. per quarter. Refined Petroleum for Cork and orders, 4s.@4s. 3d. per bbl. Provisions on through freight account, by rail and steam, from Chicago, for Liverpool, now quoted at 60cts. per 100lb. asked, but with a light movement in progress.

An unimportant return shipment of very inferior wheat from Glasgow has been reported. This inferior wheat is said to be in liberal supply and unmarketable at Glasgow, and some holders are eagerly seeking an outlet for the accumulation. Rumors of further offerings of wheat to arrive from Europe were current at the close but without any definite or trustworthy particulars. These exceptional movements and rumors are not deemed of any special significance as to the legitimate course of trade.

The following quotations of sales of Railway and other securities are in addition to those given elsewhere in our columns:—

*New York.*—Chicago, Rock Island and Pacific 6s, S. F., 103: Toledo and Wabash Equip. 7s, 16; South Pacific R. R. of Mo. 6s, 72; Gt. **MUNICIPAL BONDS, DUE 1906.**

A LIMITED AMOUNT FOR SALE BY

## KUHN, LOEB & CO., 31 NASSAU ST.

THE TEXAS AND PACIFIC RAILWAY CO.,
275 SOUTH FOURTH-ST., PHILADELPHIA.

THE COUPONS OF THE FIRST MORTGAGE Bonds of the Texas and Pacific Railway Company, maturing March 1, 1877, WILL BE PAID in gold on and after that date, on presentation at the Farmers' Loan and Trust Company, New York, or at the Office of the Company, No. 275 South Fourth-st., Philadelphia.

GEO. D. KRUMBHAAR, Treasurer.

### Colorado Pacific Railway.

Articles of incorporation of the Colorado Pacific Railway Company have been filed in the office of the Secretary of State of Colorado. The object of the organization is to construct a railroad from Denver, Col., to Ogden, Utah. It is provided that the capital stock shall be $10,000,000, which shall be divided into 100,000 shares, each share representing $100. The office of the company in Colorado will be in Denver, at which place the principal business will be transacted. Salt Lake City will be the seat of business in Utah.

☞ The Old Colony Railroad Co. have in contemplation to lay a track, diverging from their main line at Hingham, through the lower section of the town, passing in the rear of the Rockland House, and thence on to Cohasset Centre. This will enable the road to carry passengers from Boston to Nantasket Beach in thirty five minutes.

☞ The Philadelphia Ledger says that Messrs. Clarke, Reeves & Co., of that city, have secured orders for the construction of a large number of iron bridges in Canada, aggregating fully three thousand tons in weight, which will be manufactured at Phœnixville, Penn.

### Louisville and Nashville Railroad.

The gross earnings of the Louisville and Nashville and South and North Alabama Railroads for the six months ending December 31, 1876, were $2,755,000, the operating expenses for the same period were $1,621,838 10, and the net earnings $1,133,161 90. For the six months ending December 31, 1875, the gross earnings were $2,564,200 61, the operating expenses $1,542,753 88, and the net earnings $1,021,446 73—showing an increase in gross earnings of $190,799 39, an increase in expenses of $79 084 22, and an increase in net earnings of $111 715 17.

In the increase in operating expenses $42,800 was for new iron on the South and North Alabama Railroad, $20,000 for a new bridge over the Tennessee river, and $8,000 for extraordinary repairs on the Nashville and Decatur railroad, items that have no counterpart in the preceding year. The company has just concluded a contract for 3000 tons of steel rails to be laid in the main track. After this is laid, there will be nothing but steel on the road between Louisville and Nashville.

### Illinois Central Railroad.

The Illinois Central earnings (estimated) for the month ending January 31st, were as follows:

| | Illinois. | Iowa. | Whole line. Total. |
|---|---|---|---|
| Freight ... | $218,703 00 | $60,535 00 | $279,238 00 |
| Passengers. | 70,484 76 | 24,546 23 | 95,030 99 |
| Miscel..... | 85,650 00 | 6,580 00 | 92,230 00 |
| Total.... | $374,837 76 | $91,661 23 | $466,498 99 |

The actual earnings for the same time last year were:

| | Illinois. | Iowa. | Whole line. Total. |
|---|---|---|---|
| Freight ... | $243,508 49 | $90,037 13 | $333,545 62 |
| Passengers. | 97,053 45 | 30,711 18 | 127,764 63 |
| Miscel..... | 85,600 74 | 6,662 94 | 92,263 68 |
| Total.... | $426,162 68 | $127,411 25 | $553,573 93 |

### Atchison, Topeka and Santa Fe Railroad.

The earnings of this road for the years ending December 31, 1875 and 1876 were as follows:

| | 1876. | 1875. |
|---|---|---|
| From freight..... | $1 688.107 33 | $1,116,749 44 |
| " passengers.... | 715.699 93 | 337,263 18 |
| " mail ..... | 37,989 24 | 28,445 74 |
| " express ..... | 35,618 01 | 19,127 86 |
| " miscellaneous. | 9,168 15 | 8,772 09 |
| Total ..... | $2,486 582 66 | $1,520,358 31 |
| Operating exp..... | 1 185,489 01 | 698,750 47 |
| Net earnings.... | $1,311,093 65 | $821,607 84 |
| Per cent. operating exp. to earnings... | 47.27 | 45.96 |
| No. of miles operated, average..... | 697 | 548 |

### Chicago, Burlington and Quincy R. R.

The Chicago, Burlington and Quincy Railroad Company makes the following statement of earnings for the month ending December 31, 1876, and for the year 1876, compared with corresponding time last year:

| | Gross Earnings. | Net Earnings. |
|---|---|---|
| For the month ending Dec. 31, 1876, | $826.119 77 | $253,590 68 |
| Ending Dec. 31, 1875 ..... | 823,468 31 | 296,165 55 |
| | $2,651 46 | $42,574 87 |
| For 12 months ending Dec. 31, 1876, | $12,003,950 45 | $5,662,717 24 |
| Ending Dec. 31, 1875 ..... | 11 738,448 17 | 5,617,769 41 |
| Increase ..... | $265,502 28 | $44,947 83 |

### Portland and Rochester and Portland and Ogdensburg Railroads.

The Railroad Commission appointed by the Portland City Council on the 4th of September last to investigate the affairs of the Portland and Ogdensburg and Portland and Rochester Railroads, reported to the City Council on the 7th inst. at length. They report the total debt of the Rochester road, unsecured and secured, is $1,715,742, on which the interest is $100,000 per year and increasing, while the net earnings are only $20,000. Of this debt the accumulated interest, discount and commissions aggregate $737,158. They recommend that the city dispose of its interest in the road, and turn the proceeds into a sinking fund to redeem the bonds. The road is already in the hands of a receiver.

On the Ogdensburg road they find the total debt $2,997,290, with assets of about $54,000; also rolling stock of about $111,000; yearly interest on debt, $175,000; net earnings, $72,815. They find the interest, discounts and commissions to be $926,491. The commission suggests that the citizens opposed to the loan notes will not feel gratified to learn that Ogdensburg paid over $2000 and Rochester about $600 of the city's money to carry through the notes; also that the loan of $20,000 to the Canada road was hardly prudent. They advise the city to make no further advances, and at a favorable opportunity to dispose of its interest in the road. They think it inexpedient to appoint a receiver at present, but advise the city to remain passive.

They report that the city debt at the end of the financial year, March 31, 1877, will be $6,038,200, of which $2,000,000 is secured by the sinking fund, and $4,000,000 is a railroad loan, secured only by the bonds of these two roads. They recommend that the sinking funds be extended, and that the expenses be rigidly cut down to meet the debt without increasing the taxes. The commission was composed of Moses M. Butler, William W. Thomas; R. M. Richardson, Francis K. Swan and William L. Putnam. The report was accepted.

### The Coal Trade.

The total tonnage for the week ending on the 10th inst., as reported by the several carrying companies, amounted to 254,227 tons, against 102,661 tons in corresponding week last year, an increase of 151,566 tons. The total amount of anthracite mined for the coal year is 2,043,502 tons against 1,975,922 for same period last year, an increase of 67,580 tons. The quantity of bituminous coal sent to market for the week was 49,467 tons, against 48,252 tons for corresponding week last year, an increase of 1215 tons. The whole bituminous tonnage from the beginning of the coal year is 280,621 tons, against 309,880 tons in corresponding time last year, a decrease of 29,259 tons. The total tonnage of all kinds of coal for the week is 303,694 tons, against 150,913 to corresponding date last year, an increase of 152,781 tons, and the total tonnage for the coal year is 2,324,123 tons, against 2,285,802 tons to same date last year, an increase of 38,321 tons. The receipts at Perth Amboy for the week ending on the 10th instant were 17,609 tons, the shipments 15,765 tons, leaving a stock on hand of 138,597 tons. The quantity of coal and coke carried over the Pennsylvania Railroad for the third week of January was 95,027 tons, of which 70,441 tons were coal, and 18,586 tons coke. The total carried for the year is 268,849 tons, of which 209,486 tons were coal and 54,363 tons coke. This total embraces all the coal carried over the road east and west.—*Phila. Ledger, Feb.* 19.

### Commerce of New York.

The foreign imports at New York for the month of January, 1877, are officially stated as follows:

| | 1876. | 1877. |
|---|---|---|
| Entered for consumpt'n. | $12,343,984 | $11,194,195 |
| Do. for warehousing.... | 6,293,594 | 5 546,848 |
| Free goods.... .... .... | 10,730,484 | 9,590,998 |
| Specie and bullion..... | 398,197 | 1,274,796 |
| Total entered at port... | $29.756,259 | $27,606,837 |
| Withdrawn fr. wareh'use | 5,989,607 | 6,878,475 |

The foreign imports at New York for seven months ending January 31, were:

| | 1876. | 1877. |
|---|---|---|
| Entered for consumpt'n | $79,106,646 | $71,352,723 |
| Do. for warehousing.:. | 40,444,635 | 34,868,897 |
| Free goods.... .... .... | 52,285,880 | 43,171,270 |
| Specie and bullion..... | 6,295,777 | 25,241,399 |
| TotaFentered at port.. | $178,132,788 | $174,633,789 |
| Withdrawn fr. wareh'se | 53,889,664 | 43,270,403 |

The duties received at New York for seven months ending with January, were:

| | 1875'-6. | 1876'-7. |
|---|---|---|
| July .... .... .... | 9,278,546 61 | 7,497,199 89 |
| August .... .. .... | 11 417,505 51 | 10,125,386 42 |
| September ..... | 10,163,829 28 | 8,634,411 86 |
| October .... .... | 8,208,816 27 | 8,081,580 14 |
| November .... .... | 7 084,576 39 | 5,720,296 82 |
| December.... .... | 5,849,574 79 | 4,822,595 04 |
| January..... ..... | 8,160,728 44 | 8,058,938 72 |
| Total ... .....| $59,608,077 29 | $52,290,407 89 |

The exports from New York to foreign ports in the month of January, were:

| | 1876. | 1877. |
|---|---|---|
| Domestic produce..... | $21,046,814 | $24,738,593 |
| Foreign free goods..... | 484,722 | 227,670 |
| Do. dutiable .... ..... | 268,690 | 436,906 |
| Specie and bullion..... | 1,866,399 | 971,491 |
| Total exports..... | $23,666,625 | $26,374,660 |
| Do. exclusive of specie. | 21,800,226 | 25,403,169 |

The exports from New York to foreign ports for seven months ending January 31, were:

| | 1876. | 1877. |
|---|---|---|
| Domestic produce..... | $151,539,624 | $171,702,178 |
| Foreign free goods.... | 1,205,610 | 1,992,301 |
| Do. dutiable..... .... | 8,999,582 | 8,202,825 |
| Specie and bullion.... | 19,067,711 | 15,442,260 |
| Total exports .... | $175,812,587 | $192,339,064 |
| Do. exclusive of specie. | 156,744,826 | 176,896,804 |

### Dallas and Wachita Railroad.

Mr. C. F. Stephens, Chief Engineer of the Dallas and Wachita Railroad, writes as follows under date January 24, 1877:

Track laying is in progress. Five miles are down, and iron for 18 more is being rolled by the Kansas Mill company and shipped daily. Grading and bridging for 17 miles are down, the next six miles are under contract, exclusive of a bridge over Elm fork of Trinity river, and a party is in the field completing the location of the first 50 miles. The track is to be laid to Denton, the county seat of Denton county, and 40 miles from Dallas by July 1st, and our charter compels 120 miles to be completed by November 1st, 1878. This will take us through the coal and copper fields, and open up the richest mineral country in the south west.

☞ At an election in Berkeley county, W. Va., on the 12th inst., to sanction a change of the $120,000 subscription for the extension of the Martinsburg and Potomac railroad to the Frederick county line, so that $10,000 per mile shall be appropriated for the extension of said road from Martinsburg to the Jefferson county line, there to intersect and become a part of a road to be further extended from that point to Charlestown, the change was authorized by a vote of 1,559 to 862.

☞ The directors of the Railway Speed Recording Company, of Kent, Ohio, recently elected, are: W. W. Wythe, A. L. Dunbar, Meadville, Pennsylvania; J. T. Blair, Greenville, Pennsylvania; J. B. Miller and E. A. Parsons, Kent, Ohio. President, J. T. Blair; treasurer, A. L. Dunbar; superintendent, J. B. Miller; secretary, E. A. Parsons.

☞ The Ohio State Journal says that Mr. B. E. Smith, of Columbus, has been successful in securing a contract to build a railroad in South America, and will organize a corps of engineers, and leave for that country next month. Quite a number of engineers that have been engaged in building the Columbus and Toledo railroad, have secured positions, and will go.

☞ The Kent County Railroad was sold by the trustees at Chestertown, Md., on the 15th inst., under a foreclosure of first mortgage bonds. It was bought by Judge John Bingham, of Philadelphia, for Jay Gould, for $33,450. This completes Jay Gould's line from the Chesapeake.

☞ The directors of the Susquehanna Coal Co., elected on the 14th inst., are: Thomas A. Scott, Josiah Bacon, William Anspach, Strickland Kneass, Wistar Morris, George B. Roberts, A. J. Cassatt, Alex. Biddle, and N. Parker Shortridge.

## American Railroad Journal.

New York, Saturday, March 3, 1877.

### Port Huron and Lake Michigan Railroad Bondholders and the Chicago and North Eastern Railroad.

In our last issue we had occasion to comment upon the question that has been raised by the Bondholders of the Port Huron and Lake Michigan Railroad Company as to their right to a lien on the railroad recently completed between the cities of Flint and Lansing. At that time we did not have before us the letter from our correspondent at Lansing, the State Capital of Michigan, which appeared in the same issue. If our correspondent is correctly informed of what he writes, another and a very serious question is likely to arise which will go far towards influencing any court before whom the matter may be brought in arriving at an equitable decision. We refer to the statement made in the letter of our correspondent that the earnings of the Port Huron section of the Chicago and Lake Huron Railroad were freely drawn upon to aid in the construction of the line the title to which is now claimed by the Port Huron Bondholders. If that statement can be supported by proper evidence the technical right of the Port Huron Bondholders would be backed up by their equitable right to the lien claimed by them. We do not see in that case how the parties who control the railroad between Flint and Lansing can successfully resist the claim of the Port Huron Bondholders. We copy from the *Stockholder* of this week an article which appears in another column referring to the written opinion of a prominent Michigan lawyer which sustains the opinion expressed in our comments on this question which we made last week.

### Mississippi Central, and New Orleans, Jackson and Gt. Northern Railroads.

A meeting of the holders of the consolidated mortgage bonds of the above companies was held on the 26th ult. at the office of the Illinois Central Railroad Company in this city for the purpose of considering what course of action would be proper for them to pursue in connection with the contemplated sale and reorganization of the roads. An authorized representative of the English bondholders was present at the meeting having recently arrived in this country for that purpose. About six millions dollars of bonds were represented. These roads connect, forming a continuous line between Cairo and New Orleans. Both roads are in the hands of receivers. The New Orleans, Jackson and Gt. Northern is advertised to be sold in Jackson on the 17th inst. The date of the sale of the Mississippi Central has not been definitely decided upon, but it will probably be sold in the early part of April. The Illinois Central Railroad Company, who hold a large amount of the second mortgage bonds, favor the consolidation of the roads and branches into one corporation to be operated by the creditors. With this object in view proceedings have been instituted in the Southern Courts which have met with decided success. The Illinois Central Company are desirous that the consolidated bondholders should participate in the foreclosure and the purchase of these roads. The legal expenses incurred so far have been very light, and it is estimated that even if a consolidation is effected the full cost will not avarage more than $20 for each $500 bond. On motion a committee consisting of Judge Emott, Wm. H. Osborn, Wm. H. Macy, and J. B. Alexander were appointed to draft a plan for the purchase and reorganization of both railroads under one management in the interest of the bondholders, and to report at a future meeting. The meeting then adjourned.

[From the Stockholder, Feb. 27, 1877.]

### The Legal Rights of the Bondholders of the Port Huron and Lake Michigan Railroad.

We have been shown the written opinion of one of the leading lawyers now practicing at the bar in the State of Michigan, in which he declares that the mortgage executed by the Port Huron and Lake Michigan Railroad Company on May 1, 1869, to the Union Trust Company of New York, to secure the issue of $1,800,000 of its first mortgage bonds, is a lien on the railroad now in operation between the cities of Flint and Lansing, ahead of and prior to any mortgage that may have been put upon that road by the so called Chicago and Northeastern Railroad Company.

In support of his opinion he cites a recent decision in a United States Circuit Court in the State of Illinois in a similar case, which he states would be authority for the position he maintains that "the new road is covered by the old bonds."

### Atlanta and Richmond Air-line Railroad.

At a meeting in this city on the 27th ult. of the bondholders of the Atlanta and Richmond Air-line Railroad (recently sold under foreclosure) $3,000,000 out of the $4,000,000 of mortgage bonds being represented, the committee appointed at a previous meeting to draft a plan for the reorganization of the road, recommended that $500,000 preferred mortgage bonds be issued at par to release the company from its present embarrassment, put the road in working order, provide ad-

ditional equipment, etc., the present bondholders to have the first right of purchase. The plan was adopted. It was stated that as soon as the legal right is obtained the bonds will be issued.

### Southern Pacific Railroad.

The report of the Southern Pacific Railroad Company for the year ending December 31, 1876, was filed in the office of the Secretary of State of California on the 17th ult. The following is an abstract:

Capital stock, $90,000,000; amount actually subscribed, $32,422,900; amount actually paid in, $31,064,800; amount of expenditures for the purchase of land, $585,188 70; expended for construction of road, $42,096,750 37; for buildings, $697,929 14; for engines, $531,790 52; for cars, $1,172,760 92; indebtedness of the company, $24,805,867 24, on bonds and personal accounts; amount due the company, $10,358,988 70; amount received for transportation of passengers, of property, mail and express matter, and other business of the road for the year, $2,806,786 94; amount of freight transported during the year, 318 902 tons; amount paid for repairs to engines, cars and buildings, and other expenses, in gross, showing the current expenses of running the road for the year, $1,396,520 42. The number of engine-houses, shops, engines and cars, are as follows: Eighteen engine-houses, 11 repair shops, 44 engines, 67 passenger cars, 6 baggage cars, 4 mail and express cars, 923 freight cars, 12 dump cars, 54 hand cars and 49 section cars, all in good order. No dividends have been declared. The report is signed and sworn to by Chas. Crocker, President; N. T. Smith, Treasurer, and J. L. Willcut, Secretary.

### Marietta and Cincinnati Railroad.

The annual meeting of the stockholders of the Marietta and Cincinnati Railroad Company was held in Cincinnati on the 21st ult. President, John King, Jr., of Baltimore, presented the annual report for the year ending December 31, 1876. The gross earnings for the year were $1,637,052 28, a decrease of $24,963 01 from the previous year; total expenses $1,291,870 54, an increase of $1,280 04; net earnings $345,181 74, a decrease of $26,243 05. The working expenses for the year were 78.91 per cent., against 77.65 per cent. in 1875. In 1876 all expenditures on the road were charged to repairs, and the construction account closed. This accounts for the apparent increase in the ratio of working expenses.

The revenue from passengers was $478,972 02 The total number of passengers, through and local, carried during the year was 676,941, a decrease in passengers of 7,528, and an increase in revenue of $5,279 80, as compared with 1875. There was an increase in through passengers of 17,248, and in revenue of $41,926 93. The rates were lower than in 1875, and the increase is to be accounted for principally by the Centennial. There was a decrease in the number of local passengers of 25,345, and in revenue of $37,008 70, which is accounted to for a large extent by the loss of travel because of there having been no Exposition at Cincinnati in 1876, as there had been in 1875 and in several previous years.

The revenue from freight was $1,020,424 97, being a decrease as compared with 1875 of $9,516 96.

In 1876 there were laid 1,170 tons of iron and steel rails, and eight new bridges built. Two iron bridges were built, side by side, at the crossing of Spring Grove avenue, Cincinnati, to supply the place of two others thrown down in January, 1876, by an accident caused by the breaking of the driving axles of an engine passing over. New masonry was also erected to the amount of $28,963 83.

There were sold at par and accrued interest $672,850 of the stock of the Cincinnati and Baltimore Railway Company, $1,191,700 of the stock of the Baltimore Short Line Railway Company, and $750,000 of the bonds of the Baltimore Short Line Railway Company; and $1,996,000 of the fourth mortgage bonds of the Marietta and Cincinnati Company were sold at 75 per cent. and accrued interest—making a reduction in the floating debt of $4,131,050.

A statement is given showing the regular and rapid decline of the rates in through freight since 1868. The table shows that in 1876 the quantity of east bound through freight was twelve times as great as in 1868, and the revenue only about four times as much; that the rate between Cincinnati and Parkersburg decreased from $3 17 per ton in 1868 to $2 38 in 1869, to $2 08 in 1871, $1 64 in 1874, and finally to $1 13 per ton in 1876. In like manner the rates of west-bound freight which in 1866 were $2 70 per ton, in 1871 were $2 18, in 1873 $1 64, in 1875 $1 42, until, in 1876 they reached the very low price of $1 19 per ton. The total through business, which in 1868 was but 67,462 tons with a revenue of $196,586 01, or $2 90 per ton, reached in 1876 the enormous quantity of 432,376 tons while the revenue was $491,608 78, or only $1 13 per ton.

Had the rate for 1868 governed in 1876 the revenue from through traffic, instead of being $491,608 76, would have been $1,153,890 40, or $662,281 64 more. When it is remembered that the amount of interest of the first, second and third mortgage bonds, in the aggregate, is $660,000 the vast importance of this statement will be understood.

At the rate of 1868 the revenue for 1876 from through freight would have exceeded by $133,465 43 the total amount earned in 1876 for freight of all descriptions.

The report details the improvements made since 1868, including the building of a new road for six miles to obviate the use of the Cincinnati and Dayton Railroad in entering Cincinnati. The Cincinnati and Baltimore railroad, a single track road in 1872, has been enlarged to four tracks upon a portion of the line, at the aggregate cost of $1,702,819. The Baltimore Short-line railroad, thirty miles long, but saving ten miles in the route, was finished in 1874, including iron bridges, &c., at a cost of $1,996,680.

The report gives a full and interesting review of the causes and incidents of the railroad wars in 1875 and 1876, involving both freight and passengers rates. The contest was finally adjusted upon a basis that would have been as acceptable to the Baltimore and Ohio railroad on the outbreak of the difficulty as when it was settled on December 18, 1876—and the whole difficulty is attributed to the New York Central road.

At the close of the war produce from the West was distributed between New York, Philadelphia and Baltimore in about the same proportion as in the previous year, the New York Central gaining materially less than the canals lost. To prevent such contests in future the report suggests that a similar system to that adopted by the principal railways in England, or the modification of it used by the lines leading west from Chicago, might be perfected for the government of the principal routes in the United States.

The Cincinnati Southern railroad will be open in 1877, and a fair share of its through business will be sent over the Marietta and Cincinnati railroad. Negotiations have been in progress to establish a union depot upon the grounds of the Marietta and Cincinnati Company, in connection with the Cincinnati Southern railroad and other lines leading into the city, and it is hoped the scheme will be perfected.

The board of directors of the Marietta and Cincinnati railroad for the ensuing year was chosen unanimously, as follows: John King, Jr., Thos. Whitridge, Robert Garrett, John Donnell Smith, Wm. F. Burns, W. W. Scarborough, James D. Lehmer, R. M. Bishop, George Hoardley, W. T. McClintick, William Waddle, J. N. Camden, W. B. Loomis.

### Northern Central Railway.

The annual meeting of the stockholders of the Northern Central Railway Company was held in Baltimore on the 23d ult., Hon. Oden Bowie in the chair; Samuel J. Wolfe, Secretary. The report of the president and directors of the operations of the company for the year ended December 31, 1876, shows that the revenue of the main line, with its leased and controlled roads, was as follows: from passengers $981,782 92; freight, $3,230,288 32: express, $69,098 15; mails, $45,837 96; miscellaneous, $93,418 15—total, $4,869,925 50. The operating expenses were as follows: for conducting transportation, $954,925 60; motive power, $858,727 40; maintenance of way, $872,703 59; maintenance of cars $271,621 15; general expenses, $78,508 07—total, $3,036,485 81, leaving as net earnings $1,833,439 69.

In comparison with the year 1875 there was a decrease in the gross earnings of $556,322 22, equal to 11.29 per cent., and a decrease in the operating expenses of $325,637 87, equal to 9.69 per cent. The decrease in the net earnings was $230,684 35, or 14.75 per cent. The operating expenses were 69.48 per cent. of the gross earnings, which, in comparison with 1875, shows an increase of 1.23 per cent.

The comparison between 1875 and 1876 is taken from the books of the company, but it is stated that several changes in the manner of keeping the accounts materially affects the above results, as follows: the gross earnings, instead of showing a decrease of $556,322 22, as compared with 1875, were only reduced $347,268 22, so that the decrease instead of being 11.29 per cent., was 7.5 per cent. The operating expenses, instead of showing a decrease of $325,637 87, would have shown a decrease of $79,862 70 if the accounts of the two years had been kept in the same manner. The treasurer's account was increased on the debit side by the changes referred to, $36,716 17. These changes do not affect the final net balance.

The net earnings above were increased by other income to $1,449,559 51, of which $1,260,133 54 was applied to payment of interest on the several mortgages, interest on rental and equipment of branch lines, &c., leaving a balance of $189,425 97, after paying interest charges on total mortgage indebtedness and leases.

In addition to the working expenses above given an expenditure of $205,839 81 in betterments of the property was made, including 7,551 tons steel rails laid.

The amount to credit of profit and loss December 31, 1875, was $368,217 61, from which deduct dividend of three per cent. on the capital stock, amounting to $175,257, paid in April, 1876, out of the income of the company to December 31, 1875, leaves a balance of..... $192,960 61
Add net income for year 1876..... 189,425 97

$382,386 58
Deduct extraordinary expenses above given..... 205,839 81

Balance to credit of profit and loss Dec. 31, 1876..... $176,546 77

The report says: "While the above statement shows a balance of earnings equal to a dividend of three per cent. upon the capital stock, your board does not deem it wise to make a dividend, believing it to be more prudent to hold the existing balance in reserve."

Notwithstanding the depression in all departments of trade last year, especially in the coal, iron and lumber interests, upon which traffic the company largely depends, the new year is commenced with the property greatly improved in its earning capacity.

There was expended in completing the Canton improvements $121,889 19; on purchase of 1,000 coal cars $200,000; for real estate in Baltimore $83,480 78.

The company has assets and securities on hand that may be sold, amounting at the present market value to $648,000; and real estate in Baltimore not required for railway purposes, estimated at market rates at $180,000. The board asks for the continuation of the authority to dispose of these assets, and to apply the proceeds to the reduction of the indebtedness of the company. The company has in reserve one million consolidated general mortgage bonds, and one million second general mortgage bonds for the purposes of this company. The board sees no necessity in the immediate future for any expenditures for construction and equipment, the property now having a transportation capacity sufficient to meet all demands that will probably be made upon it for some years to come.

The total number of passengers carried in 1876 was 1,903,645, against 1,568,186 in 1875; net increase 335,459, or 21.39 per cent. Number of tons of freight moved in 1876 was 5,579,024, against 5,793,635 in 1875; net decrease 214,611, or 3.70 per cent. The loss of tonnage and revenue was in the local traffic, there having been an increase in all competitive traffic, both in tonnage and revenue. The increase in competitive traffic is largely due to the additional facilities provided at Baltimore for handling it.

The grain elevator at Canton, put in operation November 1, is leased to Messrs. I. M. Parr & Sons, Baltimore, at a figure equal to the interest on cost, besides paying taxes and insurance. The extensive coal wharf and warehouses for rolling freight, at Canton, are completed and in use. The trackage completed from the Western Maryland Railroad Company will be a continued source of income, and also be of advantage to the Western Maryland in assisting its cars to reach the centre of Baltimore.

By the exchange of bonds for others bearing lower interest a saving of $65,120 per year has been made, which will reach $70,000 when the exchanges are completed.

The report was accepted and adopted without any dissent, and twelve directors for the ensuing year elected, (67,366 shares voted,) as follows: Thomas A. Scott, Wistar Morris, S. M. Felton, H. M. Phillips, George B. Roberts, Edmund Smith, George Small, Wayne MacVeagh, J. M. Hutchinson, S. M. Shoemaker, Dill Noblit, Jr., and M. B. Sellers. The new board re-elected Thomas A. Scott president, A. J. Cassatt vice-president, and Robert S. Hollins secretary.

## Port Huron and Lake Michigan Railroad. Plan of the Ring for the Reorganization of the Company.

To the Editor of the Railroad Journal:

I have just obtained and read for the first time a printed copy of the "plan of reorganization" for the adoption of the Bondholders which has been put forth by the "ring formed between some of the old managers of the Port Huron and Lake Michigan Railroad and a number of the Bondholders of the Peninsular Railway to capture our property and use it for the sole benefit of the parties to the transaction." The following is a correct copy of the plan:

To Holders of First Mortgage Bonds of the Port Huron and Lake Michigan Railroad Company.

The undersigned, for themselves and others, as holders of a large proportion of the securities above named, address themselves to their fellow investors, with the following report and suggestions:

Consequent upon the general business depression following the panic of 1873, and delays in completing the connection between Flint and Lansing, the funding arrangement made with the Chicago and Lake Huron Railroad Company has proved a failure, and it is evident that early and complete resumption of coupon payments will be impossible, unless new and more comprehensive arrangements can be made.

The connection between Flint and Lansing has, however, been finally made by an independent company, and it is the opinion, as we have reason to believe, of a very large majority of the bondholders under the several mortgages, that a consolidation of the four roads into one through line, and common interest offers the only sure and speedy guarantee of complete and permanent security for their investments.

It is already a matter of publicity that overtures have been made looking to such a result, and the moment seems to have arrived when the holders of Port Huron and Lake Michigan Railroad Company bonds owe it to themselves to agree upon some course of procedure.

The trustee under the several mortgages, covering the line from Port Huron, Mich., to Valparaiso, Ind., has felt compelled to intervene for the protection and preservation of the property, and foreclosure suits are now pending in the proper United States courts involving the several interests, and we understand that decrees of sale may be taken at any moment.

Before, however, recommending consolidation, we may consider the only other course that seems available to the bondholders, viz: to purchase the property at a foreclosure sale, and hold it for independent operation, or in the expectation of reselling it to the connecting roads. To this course the following objections occur to us:

1st. The improbability of the bondholders being able to secure any more satisfactory remuneration from the property than it has afforded under the receivership.

2d. The expenses of reorganization, with slight prospects of recoupment.

3d. The assessments necessary upon every bondholder to defray these expenses, and also to pay any receiver's indebtedness upon the property, and the probability that a considerable number of the bondholders would fail to respond promptly to such assessments, and the burden of those who might do so be thereby indefinitely increased.

4th. Any considerable failure in responding to assessments would put the property in jeopardy of passing to rival bidders at too low a figure.

5th. It is not likely that after independent purchase by the bondholders the road could be disposed of on any better terms than consolidation offers; and

6th. If the present opportunity for making the Port Huron and Lake Michigan division *a part of the "through line"* shall be lost, there is danger that it may remain isolated indefinitely. It is well understood that other connections to the eastward can now be cheaply and quickly opened for the western sections of the line, and if those three interests shall be blended, without our road forming part of the general scheme, we fear the damage to our securities will be series if not irremediable.

It appears, then, that any scheme of foreclosure by the bondholders, involves too many contingences to be practicable, and that continued inaction on their part is likely to be perilous.

The undersigned have therefore been at considerable pains to ascertain upon what terms a general and early consolidation of the various interests in the entire line can be had, and they submit the following result of their investigations:

1st. A single company to acquire the entire line from Port Huron to Valparaiso, 282 miles, and all the equipment and property connected therewith, and upon the property thus acquired to create a first mortgage, for thirty years, bearing interest at seven per cent. per annum, in gold, payable half-yearly, for $8,000,000, and to apply the bonds as follows:

| | |
|---|---|
| To issue to the holders of Port Huron and Lake Michigan bonds in exchange for their bonds, overdue coupons and funding certificates, new consolidated bonds for | $1,650,000 |
| To issue to the holders of bonds upon the link from Lansing to Flint, new consolidated bonds for | 1,250,000 |
| To reserve for improvement of the entire property, additional equipment, reorganization purposes, etc., etc., etc., new consolidated bonds for..... (Which are to be issued only as needed.) | 1,850,000 |
| To use for acquiring the remainder of the railroad and property from Lansing to Valparaiso, new consolidated bonds for..... | 3,250,000 |
| Total mortgage, payable in gold.. | $8,000,000 |

The bonds for $1,650,000, first named, to bear interest from the 1st November, 1877, for one year, at 5 per cent.; for one year at 6 per cent.; and thereafter at 7 per cent. per annum, in gold. The first coupon for 2½ per cent., to be payable on the 1st May, 1878. The obligation to pay this interest will be an obligation of the entire consolidated road.

The bonds for $1,250,000, and any of those for $1,850,000, which may be used for the purposes indicated, to bear interest from date of issue.

The bonds for $3,250,000 to be entitled for five years from date of issue to such interest only as the net revenues of the entire road may suffice to pay, after providing for interest upon the other before-named bonds, and at the expiration of the five years to be entitled to seven per cent. per annum.

It is further to be provided that during these five years the earnings of the 66 miles between Port Huron and Flint shall be applied exclusively to payment of interest on the $1,650,000 bonds, and if sufficient to pay more than the five and six per cent. stipulated for the first two years, the excess up to seven per cent. shall be paid. A covenant to this effect to be annexed to each bond, and proper

power of audit of accounts to be reserved to the representatives of these bonds.

If this proposition be accepted and practically carried out, it will give in the proportion of eleven (11) new consolidated bonds for every twelve (12) old bonds; all arrears of interest been sacrificed, the new bonds bearing interest from first November, 1877, for one year at five per cent., for the next year at six per cent., and thereafter at seven per cent. per annum, in gold, and being entitled to additional interest up to seven per cent. for the first two years if earned on the 66 miles. Arrangements will be made for issue of bonds in amounts of $1000, $500, and $100 each, and for scrip to represent fractional sums.

The undersigned submit herewith a form of assent to the arrangement proposed by the plan for a reorganization, and recommend it to the acceptance of the bondholders as the wisest and most advantageous, and as containing the most favorable terms they have been able to procure.

The proposed plan for the foreclosure of the mortgage, and reorganization, has been submitted to and discussed with many holders of large amounts of bonds, and it has received their unqualified endorsements. We feel warranted, therefore, in the assurance that the plan will be readily accepted by every bondholder who will acquaint himself with the situation of the road and the proposed plan for a reorganization.

It is very desirable that the bondholders should, without delay, execute the agreement and power of attorney enclosed, and send it with his bonds and funded certificates at once to the Albany County Bank, in the city of Albany, N. Y.; by so doing they will enable the committee to complete the proposed reorganization at an early day.

Respectfully submitted,
WM. S. SHEPARD,
M. W. BENDER.

Albany, N. Y., Jan. 15, 1877.

I, .....
of ....., being the holder of ..... bonds of the Port Huron & Lake Michigan Railroad Company's first mortgage, as particularly specified in the schedule at the foot hereof, do hereby give my assent to the proposition for organization embodied and set forth in the circular of W. S. Shepard and M. W. Bender, dated Albany, Jan. 15, 1877, and I undertake and engage to deposit my said bonds with all coupons or funding certificates pertaining thereto with the trustees to be chosen, and to authorize such trustees to execute any and all contracts, and to do and perform all acts necessary to carry out and perfect the organization proposed, and the said trustees shall have power to purchase the said road and appurtenances on the foreclosure, and hold the same as trustees for the benefit of the bondholders, and in case, for any cause, the terms of the said reorganization should not be completed, and the same should from any cause fail to be agreed to or accepted, the said trustees shall hold title to said road as such trustees, and operate the same for the benefit of the bondholders until the same shall be consolidated with some other road, or sold, or in some other way disposed of for the benefit of the bondholders in such way as shall be approved of by the bondholders representing a majority of the bonds in amount, who shall have deposited their bonds in the Albany County Bank, in accordance with the proposed plan of reorganization. And for the purpose aforesaid, we do and each of us does make, constitute and appoint William S. Shepard, Matthew W. Bender, and Alonzo B. Voorhees of the city of Albany, N. Y., and Edgar White of the city of Port Huron, Mich., and their successors, our attorneys with full power and authority to carry into effect the proposed plan and all things relating thereto, and in case either one of said attorneys shall die, or from any cause shall become disqualified to act, or refuse to act as such attorney in the premises, then in such case the other attorneys shall have power to select and fill the vacancy by the appointment of some other suitable and competent person to act in the place and stead of such deceased or disqualified person.

Witness ..... hand , this ..... day of ....., 1877.

It will be noticed that the foregoing plan is in charge of two gentlemen, themselves Bondholders, who in their Circular which accompanies the "plan of reorganization" appeal to "their fellow investors" to accept and adopt it as containing the most favorable terms "they have been able to procure." Although the circular is dated on the 15th of January of this year, yet I have been unable to find any Bondholder in this vicinity who has ever received a copy either of the "plan of reorganization," or the circular which recommends the Bondholders to accept it. This fact is significant.

You will observe that the two gentlemen named above have associated with themselves two other gentlemen who by the plan of reorganization are appointed to act as the attorneys of those Bondholders who may assent to the arrangement "with full power and authority to carry into effect the proposed plan and all things relating thereto."

Of the four gentlemen thus appointed to act as attorneys of the Bondholders, I recognize the name of one, a resident of Michigan, who has long been familiar to me as one of the leaders of the old managers of the Port Huron and Lake Michigan Railroad Company. I will state for the further information of the Bondholders that he is now connected with that Company, and he has never from the inception and beginning of the enterprise been disconnected from it. I think when the Bondholders know these facts, and when they recall how much they have already suffered at the hands of those managers, they will be surprised to learn that a genuine Bondholder could have been found willing to endorse any plan in the carrying out of which one of the old managers should be allowed to have a voice.

I will not now discuss the objections to the scheme; they are many, and are glaringly apparent to any one who is at all familiar with the "ways that are dark and the tricks that are vain" of railroad wreckers. It is enough for me to know that the plan has been devised solely for the purpose of putting the Bondholders permanently into the power of these men whose conduct in the past has prepared the Bondholders to understand what treatment they may expect to receive in the future.

That we should give up the strong position we now hold, and accept a weaker one in exchange therefor, is a proposition which carries with it its own answer.

I can readily appreciate why these wreckers are so anxious to have us follow their false light, but I cannot understand how any Bondholder can be so blind to his own interest as to be so easily misled. The old fable of the spider and the fly should have taught us from boyhood to beware of such a trap as these wreckers have set for us.

I cannot, therefore, for one moment believe that the two gentlemen first named at the time they issued their circular advocating the adoption of this plan were thoroughly acquainted with all of the facts bearing upon the subject. Nor can I believe that they were acting with a full knowledge of the legal and equitable rights of the Bondholders to a first lien on the recently completed gap between Flint and Lansing. But, on the contrary, I am of the opinion that when they undertook the business they did so under a serious misapprehension of their own true interests and the true interests of all the other Bondholders.

I have, therefore, full faith that when they discover how completely they have been duped by the shrewd and designing wreckers who are endeavoring to use them for the purpose of carrying out their own selfish designs, they will promptly withdraw from the transaction and join the other Bondholders in any efforts they may make to protect their rights and defeat the wicked purposes of these men. That such efforts will soon be made by many of the Bondholders who *have not* assented to their "plan of reorganization" is certain.

I, therefore, advise all the Bondholders who have already committed themselves to the scheme to apply at once to be released from the arrangement. The two gentlemen who have charge of the matter possess both the right and the power to return to the Bondholders all their Bonds, Certificates and Coupons, and release them from any obligation they may have given in the premises. In conclusion I will add that, in the light of recent events, I do not believe the gentlemen named will refuse to do so.

A BONDHOLDER.

---

☞ The directors of the North Brookfield Railroad, in accordance with the unanimous vote of the town of Brookfield, which holds the 900 shares, have agreed to the lease of their road to the Boston and Albany for ten years from January 1, 1876. The local directors pay all the taxes, make alterations and improvements at their own expense, and keep account of the gross receipts, from which $2000 yearly is deducted for rolling stock and operatives furnished by the lessees, and 25 per cent. of the remainder going to the local road and the rest to the Boston and Albany. The fare is never to exceed 15 cents per trip, and a board of three, mutually agreed upon, will settle all differences.

---

☞ In the United States Circuit Court, at Richmond, Va., Judge Hughes has had entered an order allowing the receivers of the Atlantic, Mississippi and Ohio Railroad each $10,000 per annum for their services; also granting the receivers authority to pay employees who have not assigned their claims, beginning with the pay roll of July, 1875, and authorizing the receivers to pay cou-

pons of divisional mortgages due on the 1st of January, 1877.

### Central Railroad of New Jersey.

REPORT OF THE COMMITTEE OF STOCKHOLDERS, READ AT THE MEETING OF FEBRUARY 15, 1877.

*To the Stockholders of the Central Railroad Company of New Jersey:*

Your committee, not being experts, nor furnished with the means of employing them, cannot go fully into proper details, as that would be the work of months, but we can lay before you sufficient facts to enable you to form some judgment of the value of your stock in the company, and, incidentally, of its past management.

The first that we find of the Lehigh and Wilkesbarre Coal Co. is their balance sheet of the date of Jan. 1, 1874, at which time the company was formed by the merger of several coal companies, their lands, improvements, over-paid royalties, personal properties, equipments, bills receivable and $1 800,000 stock in treasury, in all amounting to $21,734,898 48, as also the liabilities, amounting to $11,227,908 37, and the capital stock issued, $10 000,000, representing, according to the books, the value of the Lehigh and Wilkesbarre Coal Company, except a surplus stated at $507,010.

This merger included the merger of the Honey brook Coal Company, whose stock in December, just previous to their merger, was suddenly increased to $6,000,000. The increase of those other companies included in the same merger could not be ascertained in the limited time allowed.

With the Lehigh and Wilkesbarre Coal Company thus formed, the Central Railroad of New Jersey, formed a connection, or rather took 133,585 shares, costing, as per entries in the books of the Central Railroad Company, $5,061,771 06, and by their annual statement of January 1, 1874, $4,-953,169 32. (Of the correctness of neither of these amounts have we been able to satisfy ourselves.) They also purchased $5,000,000 of the Lehigh and Wilkesbarre Coal Company at 90 per cent, costing $4,500,000.

With an annual loss in mining of a large amount, and constantly increasing loss from overpaid royalties, your company in April, 1875, agreed to guarantee the payments of principal and interest of $15,000,000 of the bonds of the Lehigh and Wilkesbarre Company, of which amount they have actually guaranteed $13,080,000. During the year 1874, $3,056,883 44 was added to the cost of the properties, as appeared by the books of the Lehigh and Wilkesbarre Company, for lands, improvements, yards, stations and piers; and in 1875, $1,208,127 89 for similar purposes.

From the formation of the company in 1874 to January 1st, 1877, large additions from year to year have been made in the charge for personal property and equipment, without any apparent deduction for loss or depreciation, while the assets are swelled by a charge of $640,000 for interest on lands not worked.

Your present bonded debt is stated in the annual statement of January 1st, 1877, as $14,489,-143 80. In addition to that amount there is also $1,768,000 of the company's bonds hypothecated by the company for security for loans. The floating debt is stated January 1st, 1877, at $6,521,-451 01.

The company marketed in 1874, 2,365,000 tons of coal; in 1875, 2,089,714 tons; in 1876, 2,381,-591 tons; in all, in three years, 6,836,305 tons, all of which was sold at the combination rates, except 1,031,571 tons.

The results of the mining operations were a loss in 1874 of $507,010 06, in 1875 of $561,155 33, and in 1876 of $1,368,000; add interest on mining property, charged in assets at $640,000; all royalties overpaid for three years, $1,367,789 61 (less those assumed at time of merger, $170,459 39, making net $1,197,330 22), showing an actual loss on operations for three years of $4,273,495 61. There should be also added to this an estimated loss and depreciation on equipment and personal property of $333,333 33 yearly for three years, making $1,000,000, and the total will be $5,273,495 61, which shows an average loss on the quantity of coal marketed during the three years of 77 cents per ton.

By the annual statement of the Central Railroad Company of New Jersey, of December 31, 1876, we find their floating debt stated at $3,468,254 10; also, we find that in addition to the floating debt they had endorsed the paper of the Lehigh and Wilkesbarre Company to the extent of $1,141,920 78, and that they had as an asset against it a claim against that company unsecured of $1,611,-221 81. That the bonded debt of the past year has seriously increased, and, as stated, amounts to $27,394,413, besides the "blanket mortgage" of $5,000,000 (of which a greater part has been issued as collateral for loans obtained), besides being endorser on the bonds of the Lehigh and Wilkesbarre $13,180,000; on the bonds of the American Dock and Improvement Company for $3,000,000; on the bonds of the New Jersey Stock Yard and Market Company for $150,000; also of interest of $2,000,000 of the stocks of the Long Branch Railroad Company, of which the company owns the greater part; also guaranteed interest on $458,300 of the South Branch Railroad Company.

We see by the annual statement of December 31, 1876, set down a large amount for the value of the rolling stock, but we do not find in the books any allowance made for depreciation and destruction for the past seven years, except as follows: On engines, $6,631 86; passenger cars, $3.745 84; freight cars, $8,235 52; coal cars, $180,511 50; boats, $50,000.

The annual inventory estimates their value at $1,552,198 16 less than the amount stated in the annual statement of the company; and from the best information we have gained, the valuation in the annual inventory is much greater than it should have been stated.

We notice in the annual statement the cost of the 133,585 shares of the Lehigh and Wilkesbarre Company stated at $5,789,088 24, being $719,311 20 greater than the cost appears by the books of the company.

We also find in the annual statement the Lehigh and Wilkesbarre bonds are stated at $377,350 more than their cost.

We also notice Brill farm put down at a valuation of $350,000, which requires particular explanation, as it did not cost any such sum at its first purchase.

We also notice in the statement that the New Jersey Stock Yard and Market Company is stated as an asset of $158,808 82; but the property represented by this item is the property of the American Dock and Improvement Company.

We also notice by the statement that the American Dock and Improvement Company is represented by stock $3,000,000, and by bonds amounting to $3,000,000, and by open account $387,425 40, and Jersey City Station at $1,315,-865 50; all of which is actually one property and had been much advanced from its true value.

On the 16th of July, 1865, by resolution of the directors, a stock dividend of 25 per cent was declared, and the amount thereof ($2,000,000) was charged with land account, which had no existence until that entry was made. Subsequently $1,588,089 82 of that amount was transferred to the debit of the American Dock and Improvement Company and Jersey City Station, as also $1,975,-107 68 for interest, as also discount on bonds sold, $19,379. The gross receipts of the same property, as appears by the books of the company from 1866 to 1875 inclusive, amounted to $82,-463 80. The title of the American Dock and Improvement Company was not perfected until October, 1874, at which time they paid the State of New Jersey $300,000 to perfect the title—nearly nine years after a stock dividend of 25 per cent on the capital of the railroad company had been made on the profits of holding this unprofitable property. The balance of $2,000,000, with $65 interest, was charged to the other lands of the company on the line of the road.

In the annual account of the company, January, 1871, on the 12th page, is an item headed, "New Jersey Land and Improvement Company," which is in effect as follows:

That an extra dividend to the stockholders of the Central Railroad Company of 30 per cent of the value of the lands on the line of the road is awarded to them pro rata if they will pay the railroad company the other 70 per cent. [By the light of the last entry, to which we called your attention, you who availed yourselves of the privilege of the pro rata allotment can appreciate the dividend.]

We have not considered it necessary to prosecute our inquiries and examinations further, as the same system seems to extend to the road bed, interest accounts and other items.

| | |
|---|---|
| Floating debt December 31st, 1876 | $3,468,254 10 |
| Dividends from Jan. 1, 1867, to Jan. 1, 1877 | 13,289,054 47 |

The raised and irregular charges to which we have called your attention are as follows:

| | |
|---|---|
| American Dock and Improvement Co | $1,538,089 82 |
| Interest on same | 1,975,107 86 |
| Discount on bonds | 19,379 00 |
| Interest charged on property raised since 1872 | 846,195 13 |
| Raised value of Lehigh and Wilkesbarre stock by having charged to its discount on bonds and interest | 751,811 10 |
| Discount on bonds stated in last annual statement | 800,000 00 |
| Lehigh and Wilkesbarre bonds, raised | 377,350 00 |
| Equipment charged in excess of inventory | 1,552,198 16 |
| Ferry boats in excess of inventory | 150,000 00 |
| New Jersey Stock Yard and Market Company and bonds assumed | 308,808 52 |
| New Jersey and West Line bonds | 407,557 55 |
| Interest charged to Newark branch | 98,330 80 |
| Making an apparent loss and depreciation for ten years, including the stock dividend declared in 1865, of | 7,824,827 94 |
| To which should be added an estimated depreciation on equipment of at least | 2,000,000 00 |
| | $9,824,827 94 |
| In order to estimate your true condition, add to the above loss the cost of the Lehigh and Wilkesbarre stock, which we consider as useless as an asset of this company | 5,061,777 06 |
| Also, loss of Wilkesbarre bonds, all of which are hypothecated and loaned to the Wilkesbarre Company | 4,406,000 00 |
| And also the amount of the "blanket mortgage," loaned to the Wilkesbarre Company | 1,142,000 00 |
| Total | $20,434,605 00 |

In conclusion your committee beg to state that they entered upon the discharge of their duties with a sincere desire to be able, after a careful examination of the condition of the company, to recommend the stockholders to come forward and assist it in its present necessities for the amount asked, but cannot, after the examination we have made, recommend you to do so, but have preferred to submit the facts and figures for your consideration.

JOHN U. BROOKMAN, Chairman;
CHARLES G. MILLER,
GEORGE H. POTTS.

☞ Interest due March 1 on $477,000 Chicago and Michigan Lake Shore Eights of 1889 will be paid at No. 26 Sears Building, Boston. These Bonds are a first mortgage on the part of the road from New Buffalo to St. Joseph. All other bonds of this road are in default.

**Saturday, March 3, 1877.**

### Financial and Commercial Affairs.

All unfavorable political and financial rumors to the contrary, notwithstanding, the ease in the Money market has been without disturbance, the offerings of capital largely exceeding the remarkably moderate wants of responsible borrowers, in all connections. Reduced values at the Stock Exchange render much less urgent the inquiry from this source. Call loans were quoted at the close at 2½@4, quite generally to the leading street borrowers at 3@3½, and very choice to prime mercantile credits at 4@6 per cent per annum, within which range the bulk of the business of the week has been transacted. The City banks, last week, reported a general decrease in the averages. The loan and discount average was contracted $302,700, and the item of circulation $18,400. The deposits fell off $3,847,600, and the legal tender reserve $1,094,900. The specie average was diminished $2,690,700.

The City banks reported their average of gold last week at $39,874,800, as against $20,706,200 same date last year; and their greenback average at $44,713,300, as against $49,013,100 on Feb. 26, 1876. Their deposits stood at $229,311,200, against $224,337,400 same time in 1876. The loan item was $258,751,700 against $238,480,000 a year ago.

The City bank net reserve of specie and legal tender notes now shows an excess over the legal requirement of reserve to liabilities of $16,709,100, as against $19,709,100, the preceding week, and $24,781,800 on January 27 (which latter was the highest aggregate reached this year.) The City bank exchanges in currency reached $388,749,248 or a daily average of $77,749,849.

The income of the Government from internal revenues last week was about 2¾ millions, and since January 1st about 19 millions; and from Customs last week about 2½ millions.

The aggregate of the outstanding U. S. currency of all denominations, February 1, was $390,474,801. The outstanding amount of legal tender notes is $364,984,812. The National bank circulation is now $317,935,727 of currency notes and $1,428,920 of national gold bank notes.

On Monday of this week the cash balances of the Treasury Department at Washington at the close of the day were: of Currency $9,182,422; special deposit of legal tenders for the redemption of certificates of deposit, $36,120,000; Coin, $88,401,768, including of Coin certificates, $52,738,400.

The U. S. Sub-Treasury in this city closed the week with a currency balance of $44,981,912, against $44,068,508 the preceding week; and a coin hoard of $71,999,910 against $71,829,488 on the previous return. The Customs revenue of the port during the week was $1,863,000.

National Bank notes received at the Treasury Department last week for redemption were to the amount of $3,251,000.

Washington advices report the total amount of silver paid out to date, $28,500,000; currency destroyed, $17,000,000; silver exchanged for United States notes, $11,250,000; silver coin on hand, $2,000,000.

The gold speculation has been rather more active, during the week, with more frequent fluctuations reported, influenced, to an important extent, by the political rumors from Washington. The Customs drain was limited for the season and the export movement again light. The extremes of the price during the week have been 104⅛@105⅝, closing on Wednesday at 104½, as against 104⅞ on Wednesday of the preceding week. The specie outflow last week was only $201,869, (of which $65,000 for London, $76,869 for Liverpool, and $50,000 for Porto Cabello) and since January 1, $2,186,384 against $6,459,835, the same time in the preceding year. The imports of specie at this port last week were $105,932, (of which $82,990 in Gold coin from Hamburgh, and $19,466 in the same form from Bremen) and since January 1st $2,333,724 as against $571,458 same time last year. The Customs demand for gold last week averaged $372,600 per day. Foreign Exchange has been in better supply and less demand, with rates again quoted lower and irregular. Bankers' sixty day bills on London closed on Wednesday at $4 82⅛@$4 83; sight bills on London at $4 83⅛@$4 84 to the £ sterling. The week's exports of Domestic Produce have been to the currency value of $4,314,520. The week's imports of Dry Goods and general merchandise were to the specie value of $5,253,264 as against $5,078,878 the corresponding week of 1876.

The week's import entries of Foreign Merchandise at New York included $2,484,383 of Dry Goods and $2,768,931 of General Merchandise.

Government securities have been offered more freely during the week, at reduced and variable prices, values fluctuated in sympathy with Gold. The demand has been on a moderate scale. At the close the market was comparatively dull leaving off on Wednesday as follows:

United States currency sixes, 122⅛@122¾; do. 6s, 1881, registered, 111@111¼; do. coupon, 111½@111¾; do. 1865, registered, 107⅝@108⅞; do. coupon, 107⅝@107⅞; do. new, registered, 108¼@108½; do. coupon, 108¼@108½; do. 1867, registered, 111⅛@111⅜; do. coupon, 111¼@111⅜; do. 1868, registered, 114@114¼; do. coupon, 114@114¼; do. ten-forties, registered 109⅛@109⅜; do. coupon, 113⅜@113½; do. five twenties, 1881, registered, 109⅛@109⅜; do. coupon 109⅛@109⅜; do. 4½ per cents, 1891, registered, 105¼@105¾; Central Pacific Gold Bonds, 105¾@106.

The amount of U. S. bonds held by the Treasurer of the United States, as security for the National Bank circulation, is $339,339,050, and $19,149,000 as security for public deposits.

State and Railway bonds have been in moderately active request on investment account, but weak and unsettled as to price. And in the line of Railway and Miscellaneous share property the week's business has been fairly active with values, however, yet further depressed and very variable, closing, in prominent instances, stronger, but irregular.

The Stock Exchange has determined on a reduction of the rates of commission for the transaction of business at the Board. With a view to the utilization of the property recently leased by the Exchange the Governing Committee recommended that the room now occupied by the Gold Board shall be devoted to a department of the Stock Exchange for dealing in gold, government bonds, exchange and miscellaneous securities, adding specifications as to admissions to membership &c. An Open Board of Stock Brokers organized toward the close of last week formally commenced business on Monday.

The total exports of treasure from San Francisco by sea and rail in the first half of February were $1,205,030.

General business has been somewhat brisker in the leading kinds of domestic produce but in most instances at a further reduction in prices. Petroleum again declined quite sharply, Refined leaving off on Wednesday, at New York, Phila. and Baltimore, at 15cts. as against 26⅛@26¾cts. per gallon two or three weeks since. Some revival of the export demand for Cotton was noted towards the close, chiefly for the Liverpool market.

Metals have been moderately sought after as a rule, with Eglinton Pig Iron quoted here at $25 50 @$26; Glengarnock $26 50; Coltness $27 50; No. 1 American Pig at $19@$20; No. 2 do. at $17 50@ $18; Forge $17 50; American Rails at works $36 @$40; Old Rails $19 50@$21. Wrought Scrap $26@$27. Of Steel Rails, further sales of 15,000 tons have been reported on the basis of about $50 at the mills. Ingot Copper was quoted down to 19 @19¼.

Hardware has been fairly active and generally quoted firm. Boot and Shoes have been in more demand at generally unchanged figures. Dry Goods were in less request, with domestic Cottons and woolens quoted lower.

Advices from the interior report extremely limited quantities of Grain arriving at the principal points of accumulation, and a remarkably light movement of supplies toward the seaboard.

Ocean freights have been more active, though irregular as to rates, with a more general call for accommodation mainly from shippers of Petroleum, Grain, Cotton and Timber. Liverpool steamer rates at the close for Grain 4¾d. per 60lb. Provisions, 27s. 6d.@35s. Tallow, 25s.; Oil Cake 16s. 3d.; Leather, 40s. per ton; Cotton ⅛d. per lb.; Apples, 3s. per bbl. Liverpool, by sail, Cotton ⅛d.; Measurement Goods at 16s. 3d. Grain rates on charter hence for Cork and orders 4s. 9d.@5s.; for the Continent, 5s.@5s. 6d. per quarter. Refined Petroleum for Cork and orders, 4s. 3d.@4s. 6d. per bbl. Provisions on through freight account, by rail and steam, from Chicago, for Liverpool, now quoted at 50@53cts. per 100lb. via Portland, Boston and Phila., with moderate engagements reported.

# Cincinnati 7 3/10 Per Cent.

**MUNICIPAL BONDS, DUE 1906.**

A LIMITED AMOUNT FOR SALE BY

# KUHN, LOEB & CO., 31 NASSAU ST.

**Redemption of Five-twenty Bonds.**

The Acting Secretary of the Treasury issued on the 28th ult. the fortieth call for the redemption of five twenty bonds of 1865—May and November. The call is for $10,000,000, of which $7,000,000 are coupon and $3,000,000 registered bonds. The principal and interest will be paid at the Treasury on and after the 28th day of May next, and the interest will cease on that day. The following are descriptions of the bonds:

Coupon bonds—$500, No. 35,801 to No. 37 300, both inclusive; $1,000, No. 79,001 to No. 89,000, both inclusive.

Registered bonds—$50, No. 451 to No. 480, both inclusive; $100, No. 5,591 to No. 6,250, both inclusive; $500, No. 3,801 to No. 3,950, both inclusive; $1,000, No. 14,301 to No. 14,800, both inclusive; $5,000, No. 5,351 to No. 5,830, both inclusive; $10,000, No. 9,751 to No. 10,083, both inclusive.

☞ The assets of the Pittsburg and Castle Shannon Railroad amount to $1,072,488 71, including the railroad and equipments $225,000, coal owned $108,186 89, improvements and construction $263,091, real estate $272,178 81, bonds, mortgages, etc., $105,240 27. The liabilities aggregate $945,727 63, leaving a surplus of $126,711 08. M. D. Hayes is President of the Company.

**Lehigh Coal and Navigation Co.**

At the annual meeting of the stockholders of the Lehigh Coal and Navigation Co., held in Philadelphia on the 27th ult., the following gentlemen were elected officers for the ensuing year: President, E. W. Clarke; Managers, Francis R. Cope, Francis C. Yarnall, Fisher Hazard, Charles Parrish, Charles Wheeler, George Whitney, Alexander Biddle, John Leisenring, James M. Willcox, Edward Lewis, and T. Charlton Henry.

From the report which was presented we learn that the gross revenues of the company from the year ending December 31, 1876, were $1,732,004, and the disbursements $1,724,390, leaving a balance of $7,614, which added to the balance at credit of dividend fund at the close of 1875, makes the balance at credit of that fund January 1, 1877, $657,688. The coal tonnage for the year 1876 was 3,035,227 tons, an increase over 1875 of 309,408 tons. The gross receipts of the company's railroads were as follows:

| | 1875. | 1876. |
|---|---|---|
| Passengers | $168,078 | $159,202 |
| Freight and express | 329,918 | 293,977 |
| Coal | 2,685,649 | 2,816,646 |
| Total | $3,178,646 | $2,769,825 |
| L. C. & N. Co.'s proportion | $1,059,548 | $923,075 |

The revenue for 1876 was $117 080 less than in 1875. The railroads yielded $136 273 less and the other sources of revenues $19,192 more than during the previous year. There were three dividends in 1876, two of 2 per cent and one of 1½ per cent, amounting to $614,400. The December dividend could not be paid without encroaching on the dividend fund, and it was passed.

**Chicago, Burlington and Quincy Railroad.**

The gross earnings of the Chicago, Burlington and Quincy Railroad, including its branches and leased roads, for the year ending December 31, 1876, were $12,057,794 85; the operating expenses, including taxes, $6,868 545 32; and the net earnings $5,189,249 53; from which deduct interest on bonds, $1,991,956 79—leaving a balance of $3,197,292 74. Out of this two dividends of five per cent each have been paid, amounting to $2,749,065 37; and rents, U. S. tax, and transfer to sinking funds, $303,285 96—an aggregate of $3,052,351 33, leaving a surplus of $144,941 41. A dividend of five dollars per share has been declared out of the earnings of the current six months, payable on the 15th inst., at office of the company in Boston. Holders of stock registered in New York will receive their dividends at Chicago upon making personal or written application therefor.

☞ The $500,000 bonds issued by the York and Cumberland Railroad in 1853, and indorsed by the city of Baltimore, having been redeemed, were destroyed on the 23d ult. at the treasurer's office of the Northern Central Railway Co., and the mortgage canceled which the city held against the road.

☞ The comptroller of the State of New York commenced on the 27th ult. the payment in full of $2,000,000 of the Bounty Debt Bonds. This debt has been reduced $5,000,000 since Jan. 1, and there is now outstanding $4,557,000.

☞ Mr. Joseph Richardson has been elected President of the Hannibal and St. Joseph Railroad Company vice Mr. Alfred Neilson, resigned.
